KEY TRANSIT FACTORS

☿ Mercury ☌ Opposition ♂ natal Mars

Right now you're more likely to say things you regret, especially when someone disagrees with you or moves too slowly. Your **impatience with others' words and ideas** is heightened, making conversations feel combative even when they don't need to be. Over the coming weeks, watch for a pattern where you interrupt, argue about details, or push your point too hard instead of listening.

♂ Mars ☌ Conjunction ♇ natal Pluto

Right now you're running on raw determination and you'll push harder than usual to get what you want. You might notice you're **less willing to compromise** and more likely to confront situations you'd normally avoid. Over the coming weeks, channel this intensity into physical activity or a project that needs real force behind it, because sitting still will only build frustration.

♋ NNode ☐ Square ♇ natal Pluto

Right now you are **resisting changes that feel necessary but threatening**, and this resistance is creating real friction in your relationships and work. You want to stay in control of situations that are actually asking you to let go, which makes you come across as stubborn or defensive to people around you. Over the coming weeks, the only way forward is to identify what you are actually afraid of losing and decide whether holding on to it is worth the conflict.

♃ Jupiter ☐ Trine ♁ natal Chiron

Over the coming weeks, you find it easier to talk about past hurts without getting stuck in them, and people respond well to your honesty. You're naturally **more generous with yourself** when you make mistakes, which means you actually learn from them instead of dwelling. This is a good window to help others through their own difficulties because you genuinely understand what they're going through.

♀ Venus ☌ Semi sextile ♄ natal Saturn

You find it easier right now to **be honest about what you actually want** instead of settling for less. This isn't dramatic or pushy—it's just a quiet clarity that helps you say no to things that don't fit and yes to people and situations that matter. Over the coming weeks, you might notice relationships and commitments feel more solid because you're not pretending or overcommitting.

☉ Sun ☌ Quincunx ☾ Moon

At the moment, your **emotional needs and practical goals are pulling in different directions**, and this creates a low-level discomfort that's hard to name. You might feel restless or slightly out of sync—your body wants one thing while your mind is focused on something else entirely. This isn't a crisis, but it does mean you'll need to make small adjustments throughout the day to feel more settled.

☉ Sun ☾ Semi sextile ♀ Venus

Right now you find it easier to notice what you like about people around you, and that makes your social interactions feel smoother. You're more likely to **compliment someone without overthinking it** or suggest doing something enjoyable together. This isn't a dramatic shift, but these days small acts of kindness and warmth come more naturally to you.

☉ Sun ☾ Semi sextile ♃ Jupiter

These days you feel a bit more **optimistic about your abilities** and willing to take on new projects. Small wins come easier right now because you're not overthinking things or waiting for perfect conditions. This is a good time to start something you've been putting off, since your confidence has a gentle boost and you're likely to see early progress.

LUNAR DAY

Moon in ♉ Taurus · Day 18 / 30 · Full Moon

The pace slows considerably during this transit as comfort and familiar surroundings take priority over efficiency. Resistance to change hardens, and any disruption to routine tends to provoke stubborn pushback.
