KEY TRANSIT FACTORS

♇ Pluto ☌ Conjunction ♋ natal NNode

Over the coming weeks, you're likely to feel **drawn toward situations that demand you shed old patterns and step into unfamiliar territory**. People and opportunities that previously felt outside your reach may suddenly appear, pushing you to make choices that feel risky but necessary. This period can feel intense and uncomfortable because you're being forced to confront what you've outgrown.

☾ Moon * Sextile ♋ natal NNode

You find it easier right now to **act on what feels right to you** without second-guessing yourself. Your gut instinct about people and situations is sharper than usual, and you're more likely to trust it. Over the coming weeks, this natural confidence helps you move toward the things you actually want instead of getting stuck in old patterns.

♁ Lilith ☌ Conjunction ♇ natal Pluto

These days you are more willing to **say no to people and situations that drain you**, even if it upsets them. You feel less need to manage other people's reactions or keep the peace at your own cost. Over the coming weeks, this directness can improve your relationships because you stop tolerating what you actually resent.

♁ Chiron qx Quincunx ♃ natal Mercury

Right now you're noticing that your usual way of explaining yourself isn't landing the way it normally does, and it can feel **awkward to adjust how you communicate on the fly**. *Chiron* transiting at an angle to your natal *Mercury* means your thinking patterns are slightly out of sync with what others expect to hear. Over the coming weeks, patience with yourself during conversations will help more than trying to force clarity.

♂ Mars ∟ Semi sextile ♂ natal Mars

These days you're finding it easier to **take action on things you've been putting off**, whether that's a project at work or a personal goal you've wanted to tackle. Your motivation feels steadier than usual, and you're not fighting yourself as much when it comes to getting started on difficult tasks. Over the coming weeks, this quieter boost to your initiative can help you build real momentum without burning out.

☉ Sun ☐ Square ♃ Jupiter

Right now you're likely **overestimating what you can handle** and taking on more than makes practical sense. *Sun* square *Jupiter* pushes you to act bigger and bolder than your actual circumstances support, which sets you up for overcommitment and disappointment. The friction here teaches you where your real limits are, but only after you've already stretched too far.

☉ Sun ☌ Conjunction ♅ Uranus

At the moment, you feel **restless and impatient with routines that normally work fine**. You might suddenly want to change something about how you look, where you work, or how you spend your time, even if there's no real problem. This push to break free or do something different is normal right now, so notice what you actually want to change versus what's just nervous energy looking for an outlet.

› **Moon ☿ Conjunction ♿ Mercury**

These days your thoughts and feelings are moving in the same direction, which makes it easier to talk about what you actually feel instead of hiding it. You find yourself wanting to tell people what's on your mind, and the words come out more naturally than usual. This is a good time to have practical conversations about emotional topics, since you're not overthinking or getting stuck in your head.

LUNAR DAY

Moon in ♊ Gemini · Day 29 / 30 · Waning Crescent

Social activity picks up for the next day or two, with conversations starting easily but rarely staying on one topic. A general restlessness makes it harder to finish tasks or sit with one idea long enough to go deep.

CLOTHING & JEWELRY

Saturday · ♄ Saturn · Venus in Pisces

Saturday is Saturn's domain — dark violet, charcoal, or deep plum reflect discipline and depth. Obsidian or onyx as a grounding stone supports structure and focus.
