## KEY TRANSIT FACTORS

### ☿ Mercury ☐ Square ♂ natal Mars

Right now your thoughts move faster than your patience, and you're more likely to say things you'll regret in arguments or heated conversations. **You interrupt people, contradict them quickly, and struggle to listen** without jumping in with your own point. These next couple of weeks will test your ability to slow down before you speak, because your natural instinct is to react fast and hard.

### ♅ Uranus ☐ Square ☉ natal Sun

Right now you feel restless with routines and rules that normally keep you stable, and you may act on impulses that surprise people who know you well. **You push back against limits** in ways that feel necessary to you but create real friction in your work or relationships. Over the coming weeks this sense of needing to break free will likely intensify before it settles, so expect some temporary disruption as you figure out what actually needs to change.

### ♅ Uranus ♂ Opposition ♆ natal Neptune

Right now you're caught between wanting clarity and being pulled toward wishful thinking, which makes practical decisions feel impossible. Your usual ability to sense what others need starts working against you because you're picking up on mixed signals that may not even be real. Over the coming weeks, you'll need to slow down and write things down instead of trusting your gut, because your instincts are genuinely unreliable at the moment.

### ☾ Moon ∟ Semi sextile ☿ natal Mercury

These days you find it easier to **put your feelings into words** without overthinking or second-guessing yourself. Your conversations with others feel more natural and relaxed because your emotional state and your thinking are working together smoothly. Over the coming weeks, this makes it simpler to explain what you actually need or how you really feel, and people tend to listen better when you're this straightforward.

### ☉ Sun △ Trine ♃ natal Jupiter

Right now you find it easier to take reasonable risks and see possibilities instead of obstacles in your practical situations. You feel more confident in social settings and people respond well to your **natural optimism**, which makes conversations flow and opportunities show up. This period is ideal for pitching ideas, asking for what you want, or starting something new because your timing feels right and your judgment is solid.

### ♃ Jupiter Rx · ♐ Sagittarius

Beliefs, philosophies, and long-held worldviews are under more rigorous self-examination than usual right now. Optimism that has been unquestioned may suddenly reveal its assumptions. This period is genuinely useful for distinguishing between what you believe and what you actually know.

☉ Sun ∟ Semi sextile ♀ Venus

Right now you find it easier to notice what you like about people around you, and that makes your social interactions feel smoother. You're more likely to **compliment someone without overthinking it** or suggest doing something enjoyable together. This isn't a dramatic shift, but these days small acts of kindness and warmth come more naturally to you.

☉ Sun □ Square ♂ Mars

Right now you feel **irritable and impatient** with anyone who moves slower than you want them to. Your frustration comes out quickly, and you might say things sharply or push for action before people are ready. This friction between what you want to do immediately and what actually needs to happen teaches you where your expectations don't match reality.

☉ Sun △ Trine ♃ Neptune

These days you feel **more comfortable being yourself around others** without needing to explain or defend who you are. People respond better to you right now because you're relaxed enough to listen to what they actually need instead of pushing your own agenda. This period favors creative work, gentle conversations, and situations where you can help someone without it costing you anything.

LUNAR DAY

Moon in ♑ Capricorn · Day 20 / 30 · Waning Gibbous

**Focus narrows toward responsibilities** and unfinished obligations during this transit, with less tolerance for distraction or small talk. The emotional tone becomes more reserved and measured for the next 48 hours.
