KEY TRANSIT FACTORS

♊ NNode ☌ Conjunction ☉ natal Sun

Right now you feel **pulled toward doing things that matter to you personally**, even if they're not what others expect. You notice you care less about fitting in and more about showing up as yourself in conversations and decisions. Over the coming weeks, this shift might create friction in relationships where you've usually compromised, but it also clarifies what you actually want.

☿ Mercury △ Trine ♂ natal Mars

Your mind works faster than usual right now, and you naturally pick the most direct way to say what you think. You get things done without overthinking because your words and actions line up perfectly. This is a good time to have difficult conversations or push a project forward since you come across as clear and confident.

☾ Moon ∟ Semi sextile ♆ natal Neptune

Over the coming weeks, you find it easier to **listen to what others really mean** rather than just their words, picking up on hints and feelings they do not say out loud. Your intuition about people's situations becomes surprisingly accurate during this period, and you naturally offer comfort that lands exactly where it is needed. This gentle support from the *Moon* and *Neptune* helps those around you feel understood without you having to try hard.

♇ Pluto ☌ Quincunx ♀ natal Venus

You feel oddly disconnected from what normally makes you happy, as though your usual pleasures have lost their appeal. Your social or romantic relationships may feel slightly off, making you wonder what has changed when nothing obvious has shifted. Over the coming weeks, you might notice yourself pulling back from people or activities you usually enjoy, until this uncomfortable mismatch eventually settles.

♄ Saturn ☌ Opposition ♂ natal Mars

Right now you're running into real resistance whenever you try to push forward with your plans. Your usual drive feels blocked or slowed down, and what normally comes easily now requires twice the effort and planning. **You're learning that not everything can be forced**, and this frustration is the teacher—but it's an uncomfortable lesson that lasts weeks.

☉ Sun * Sextile ☾ Moon

These days you find it easier to know what you actually want and then act on it without second-guessing yourself. Your **practical needs and your emotional needs are pointing in the same direction**, so decisions feel less confusing. This alignment between the *Sun* and *Moon* means you can move forward with both confidence and peace of mind.

☉ Sun ☌ Conjunction ♀ Venus

These days you find it easier to ask for what you want and to say yes to invitations without overthinking. People around you respond well because you come across as **genuinely interested in them** rather than worried about how you look. This is a good window for making a request, starting a conversation you have been putting off, or simply enjoying company without the usual self-doubt getting in the way.

☉ Sun \angle Semi sextile ψ Neptune

These days you find it easier to **imagine things before you build them**, whether that's a project at work or how you want your living space to feel. The subtle connection between *Sun* and *Neptune* softens your usual need to rush into action, giving your practical plans a touch of creativity. This is a good time to sketch out ideas, talk through your vision with others, or sit with half-formed thoughts without needing immediate answers.

LUNAR DAY

Moon in ♑ Capricorn · Day 6 / 30 · Waxing Crescent

Focus narrows toward responsibilities and unfinished obligations during this transit, with less tolerance for distraction or small talk. The emotional tone becomes more reserved and measured for the next 48 hours.
