## KEY TRANSIT FACTORS

### ☉ Sun ☐ Square ♀ natal Mercury

Right now you're finding it hard to say what you actually mean, and people keep misunderstanding you even when you're trying to be clear. Your **thoughts feel scattered and your words come out wrong**, which makes conversations frustrating for everyone involved. Over the coming weeks, you'll need to slow down and write things out or repeat yourself more often, because your usual way of communicating just isn't landing.

### ♄ Saturn \* Sextile ♁ natal Uranus

Right now you find it easier to turn your independent ideas into concrete plans that actually work. You can think outside the box without losing sight of what's practical, which means your unconventional solutions get real traction. This is a useful window to **push through changes you've been considering**, because you have both the innovative thinking and the patience to handle the details.

### ♀ Venus △ Trine ♂ natal Mars

These days you find it easier to ask for what you want without coming across as aggressive or demanding. Your **natural confidence** is backed by genuine warmth, so people respond well when you take initiative in social or romantic situations. Over the coming weeks, this combination of directness and charm works in your favor, making it simpler to move forward on practical goals while keeping relationships smooth.

### ♊ NNode ☐ Square ♆ natal Neptune

Right now you are drawn to **vague promises and unclear commitments** that later fall apart, leaving you frustrated and mistrustful. Your instinct to believe in people's good intentions keeps colliding with the reality that they have not actually committed to anything concrete. These days the gap between what you hope will happen and what people are actually willing to do feels wider than usual, and it is making you question whether you are naive or whether others are simply evasive.

### ♇ Pluto ☐ Quincunx ♀ natal Venus

You feel oddly disconnected from what normally makes you happy, as though your usual pleasures have lost their appeal. Your social or romantic relationships may feel slightly off, making you wonder what has changed when nothing obvious has shifted. Over the coming weeks, you might notice yourself pulling back from people or activities you usually enjoy, until this uncomfortable mismatch eventually settles.

### ☉ Sun ♂ Conjunction ♀ Venus

These days you find it easier to ask for what you want and to say yes to invitations without overthinking. People around you respond well because you come across as **genuinely interested in them** rather than worried about how you look. This is a good window for making a request, starting a conversation you have been putting off, or simply enjoying company without the usual self-doubt getting in the way.

☉ Sun ☐ Square ☿ Jupiter

Right now you're likely **overestimating what you can handle** and taking on more than makes practical sense. *Sun* square *Jupiter* pushes you to act bigger and bolder than your actual circumstances support, which sets you up for overcommitment and disappointment. The friction here teaches you where your real limits are, but only after you've already stretched too far.

☉ Sun \* Sextile ♄ Saturn

Right now you find it easier to follow through on what you say you'll do, and people notice you're more reliable than usual. Your practical judgement is sharp, so **you can see what actually needs to happen** instead of getting distracted by what sounds exciting. This is the kind of period where effort pays off directly, so if you've been putting something off, the conditions are there to make real progress without burning yourself out.
