KEY TRANSIT FACTORS

♆ Neptune ∟ Semi sextile ♃ natal Jupiter

These days you feel more **open to possibility** than usual, and small opportunities seem to appear without you forcing them. You might notice that people respond better when you speak from genuine feeling rather than trying to convince them with logic. Over the coming weeks, this softer approach often leads to unexpected support or connections that feel genuinely helpful.

☉ Sun ◻ Square ♁ natal Chiron

These days you're more aware of where you feel inadequate or hurt, and this awareness is uncomfortable rather than helpful. You might find yourself **withdrawing from situations where you feel exposed or judged**, even if no one is actually criticizing you. Over the coming weeks, this self-doubt can make ordinary tasks feel harder than they should be, though it usually passes once the transit moves on.

♃ Jupiter △ Trine ♂ natal Mars

Right now you feel **more capable and willing to take action** on things you have been putting off. Your confidence in your own abilities is higher than usual, and you find yourself moving forward without the self-doubt that normally holds you back. Over the coming weeks, this is a good window to start a physical project, sign up for something challenging, or push for what you actually want instead of settling.

♂ Mars ◻ Square ♀ natal Mercury

Right now you're more **quick to argue and interrupt** without thinking through what you're about to say. Your impatience makes it harder to listen, so conversations turn combative when they don't need to be. Over the coming weeks, you'll notice this pattern most at work or with people who challenge your ideas, and stopping to take a breath before you speak will save you real conflicts.

♆ Neptune ∟ Semi sextile ♄ natal Saturn

Right now you find it easier to **soften rigid rules you've been following without questioning**, and this actually helps you get more done rather than less. Your practical judgment stays sharp while you become less harsh with yourself about small mistakes or delays. These next few weeks give you a real chance to loosen your grip on control and discover that things still work out fine.

☉ Sun ☹ Opposition ♂ Uranus

Right now you feel a strong urge to break free from rules or routines that usually work fine, and this creates real friction with people around you. You might act impulsively or reject advice you would normally follow, making **sudden decisions without thinking through the practical consequences**. This period brings frustration because what you want to do conflicts with what actually needs to happen, and ignoring either side leaves you stuck.

☉ Sun △ Trine ♁ NNode

Right now you find it easier to **do what actually suits you** instead of what you think you should do. People around you notice you seem more confident in small choices, like speaking up in meetings or trying something new without overthinking it. This period supports you in building habits and friendships that feel genuinely right for your life.

☾ Moon ∟ Semi sextile ☿ Mercury

These days your thoughts and feelings are **naturally aligned**, so what you say matches what you actually feel inside. You find it easier to explain what is bothering you or what you need without getting confused or defensive. This makes conversations smoother because people understand you the first time instead of having to guess what you mean.

LUNAR DAY

Moon in ♑ Capricorn · Day 27 / 30 · Waning Crescent
