KEY TRANSIT FACTORS

☉ Sun ☿ Conjunction ♂ Mars ★

Right now you feel **more direct and willing to take action** on things you normally hesitate about. You're likely to speak up in conversations, push forward with a project, or make a decision you've been putting off. This practical confidence usually fades once the transit passes, so use it to handle what actually needs doing.

♂ Mars ☿ Conjunction ☿ natal Mercury

Over the coming weeks, your mind works faster than usual and you're more likely to say what you think without filtering it first. You'll notice yourself jumping into conversations, arguing your point more forcefully, or getting impatient with slow explanations. This sharpness can help you cut through confusion or tackle problems directly, but it can also create friction if you're not aware of how blunt you're sounding.

♅ Uranus ∟ Semi sextile ♁ natal NNode

Over the coming weeks, you find yourself drawn toward people and situations that feel genuinely new and different from your usual circles. Your **natural curiosity about unconventional ideas** is stronger than usual, and you notice yourself asking better questions instead of accepting the first answer. These small shifts in how you explore the world are quietly putting you in contact with opportunities that align more closely with what you actually want to become.

☉ Sun ☿ Conjunction ☿ natal Mercury

Right now your thinking is sharper and you naturally want to talk more than usual. You find it easier to explain what you mean and people listen better when you speak, which makes **communicating your ideas** feel less effortful. These days your mind moves quickly and you pick up details others miss, though you may jump between topics faster than normal.

♁ NNode ∟ Semi sextile ♁ natal NNode

Over the coming weeks, you'll find it easier to **connect with people who share your actual values and interests** instead of forcing relationships that don't fit. You're picking up on social cues more naturally right now, which helps you spot who genuinely has your back. This period supports you in building friendships and groups based on real compatibility rather than habit or obligation.

♀ Venus ☿ Opposition ♄ natal Saturn

Right now you feel **rejected or less attractive**, even when that is not actually happening around you. Your self-doubt makes you withdraw from social situations or pull back from people you care about. Over the coming weeks, this pattern can become self-fulfilling unless you recognize that your fear of rejection is doing the rejecting for you.

☉ Sun ☿ Conjunction ♄ Saturn

Right now you are more aware of your own limits and what you actually need to do versus what you want to do. You become **more serious about your responsibilities** and less interested in shortcuts or excuses. This is a practical time to make concrete progress on something that matters, even if it feels slow or requires discipline.

› Moon ☿ Conjunction ♃ Jupiter

Right now you feel more **generous and open to other people** than usual, which makes it easier to connect socially or ask for what you need. Your emotional confidence is higher, so you're more likely to take a chance on something that normally makes you nervous. This mood won't last forever, so use it to have conversations you've been putting off or to try something that requires a bit of courage.
