KEY TRANSIT FACTORS

☾ Moon △ Trine ♂ natal Mars ★

Right now your emotional state and your drive are working together smoothly, which means you feel **motivated without overthinking things**. You're more likely to act on what you want instead of getting stuck in doubt, and people around you pick up on this confident energy. Over the coming weeks, you'll probably find it easier to push through tasks that normally feel like a drag, and to stand up for yourself without it turning into conflict.

♁ Chiron ★ Sextile ♁ natal Chiron

Over the coming weeks, you find it easier to talk about your own past difficulties without getting stuck in them. You notice you can listen to others' problems and actually help instead of just feeling overwhelmed by what they are going through. This is a good time to **share what you have learned from your own hard experiences** in ways that feel natural and useful.

♄ Saturn qx Quincunx ☾ natal Moon

These days you feel a mismatch between what you need emotionally and what your life is actually set up to give you. You might find yourself feeling restless or slightly out of sync in your daily routines, or noticing that **your usual comfort strategies stop working the way they normally do**. Over the coming weeks, small adjustments to how you manage your time or handle responsibilities may help you feel more settled again.

♅ Uranus △ Trine ♁ natal Chiron

Right now you find it easier to **talk about things that usually stay hidden**, and people respond well when you do. Your practical understanding of what went wrong in past situations sharpens, letting you explain your own patterns without judgment. Over the coming weeks this shift in clarity can help you move through old hurts in a straightforward way rather than getting stuck in them.

☉ Sun qx Quincunx ♊ natal NNode

Right now you feel **pulled in two different directions** about what you want to do with your time and energy. Part of you wants to keep doing what's familiar, but another part senses you should be moving toward something new. This awkward feeling usually passes in a couple of weeks, but while it lasts you may second-guess decisions or feel restless about the direction you're heading.

♃ Jupiter Rx · ♉ Taurus

Material growth and financial expansion slow during this period, encouraging a more careful review of resources and values. Over-commitments made in a spirit of optimism may now feel burdensome. Consolidating what you have is more productive now than reaching for more.

☉ Sun ♂ Conjunction ♁ Lilith

Right now you're more willing to speak up about what you actually want instead of what you think others expect from you. You might notice yourself saying no more often or pushing back against rules that feel unfair. This directness can create friction in some relationships, but it also clears the air by making your real position obvious.

› Moon ☐ Square ♄ Saturn

At the moment, you feel **disconnected from people around you**, even when you are with them. Your emotional needs seem to clash with what is practical or realistic, leaving you frustrated. Moon square Saturn makes you withdraw when you actually need support most.

♿ Mercury ☒ Quincunx ♃ Jupiter

Right now you find it hard to say what you actually mean, even though you have plenty to say. Your thoughts feel bigger than your words can handle, so you either **over-explain things or skip important details**. This mismatch between what's in your head and what comes out of your mouth shows up most in conversations where accuracy matters.
