KEY TRANSIT FACTORS

☉ Sun ☿ Conjunction ♂ Mars ★

Right now you feel **more direct and willing to take action** on things you normally hesitate about. You're likely to speak up in conversations, push forward with a project, or make a decision you've been putting off. This practical confidence usually fades once the transit passes, so use it to handle what actually needs doing.

♅ Uranus ♀ Opposition ☉ natal Sun

Right now you feel restless with who you've become and **struggle to act like yourself** in situations where you normally feel confident. People around you might push back or seem surprised by your sudden shifts in opinion and behaviour. Over the coming weeks, your sense of direction gets shaky because your usual identity markers no longer feel solid or reliable.

☉ Sun ♀ Semi sextile ☾ natal Moon

These days you find it easier to **say what you actually feel** instead of keeping things bottled up. Your emotional needs and what you want to communicate are working together smoothly, so people around you are more likely to hear you out. This is a good window to have conversations you have been putting off or to express something that matters to you.

♊ NNode ♀ Semi sextile ♁ natal Chiron

Over the coming weeks, you'll find it easier to **notice when someone else is struggling and know exactly what to say** without overthinking it. This natural gift for understanding pain in others comes from recognizing similar patterns in yourself, and right now that recognition flows smoothly instead of getting tangled up. People around you will feel genuinely heard by you during this period, and that simple act often helps them more than they expected.

☿ Mercury ☐ Square ☉ natal Sun

Right now you're likely to **second-guess your own opinions** and struggle to communicate what you actually think. People may misunderstand your words or you may find yourself contradicting yourself mid-conversation, which creates friction with others. Over the coming weeks, you'll need to slow down before speaking and accept that getting your point across will take more effort than usual.

♄ Saturn ♀ Opposition ♇ natal Pluto

Right now you feel **blocked by rules and limits** whenever you try to take control of a situation. You bump up against authority figures or your own need for structure, and it makes you resentful because you're used to having your own way. Over the coming weeks this friction won't ease—it's asking you to accept that some things aren't yours to force.

☿ Mercury Rx · ♊ Gemini

Information overload and communication mix-ups are more likely right now than at other times. You may find yourself re-reading, misunderstanding, or having to repeat conversations that should have been straightforward. Slow down with written communications in particular — errors sneak through when you feel most certain.

☉ Sun ♂ Conjunction ♀ Venus

These days you find it easier to ask for what you want and to say yes to invitations without overthinking. People around you respond well because you come across as **genuinely interested in them** rather than worried about how you look. This is a good window for making a request, starting a conversation you have been putting off, or simply enjoying company without the usual self-doubt getting in the way.

☉ Sun * Sextile ♃ Jupiter

These days you feel more **willing to take reasonable risks** and try things you've been putting off. People around you seem more generous with their time and help, making it easier to move forward on practical goals. This period brings a straightforward boost to your confidence without the pressure to overcommit or perform.

LUNAR DAY

Moon in ♉ Taurus · Day 27 / 30 · Waning Crescent

The pace slows considerably during this transit as comfort and familiar surroundings take priority over efficiency. Resistance to change hardens, and any disruption to routine tends to provoke stubborn pushback.

CLOTHING & JEWELRY

Saturday · ♄ Saturn · Venus in Pisces

Saturday is Saturn's domain — dark violet, charcoal, or deep plum reflect discipline and depth. Obsidian or onyx as a grounding stone supports structure and focus.
