KEY TRANSIT FACTORS

☉ Sun ☿ Conjunction ♂ Mars ★

Right now you feel **more direct and willing to take action** on things you normally hesitate about. You're likely to speak up in conversations, push forward with a project, or make a decision you've been putting off. This practical confidence usually fades once the transit passes, so use it to handle what actually needs doing.

☾ Moon ♋ Quincunx ☉ natal Sun

Right now your mood and your sense of purpose are out of sync, so you feel restless even when things are going well. You might **second-guess decisions you normally feel confident about**, or find yourself irritable with people who don't understand what you need. These feelings will pass in a week or two, but until then you'll work better if you accept the discomfort rather than trying to fix it.

♄ Saturn ♌ Trine ♆ natal Neptune

Right now you are able to **turn your daydreams into actual plans** without losing the creative spark that usually gets lost in paperwork. Your intuition becomes practical instead of vague, so you can trust those gut feelings enough to act on them. Over the coming weeks, this is the time to start that project you have been imagining but never quite beginning.

♅ Uranus ♉ Opposition ☉ natal Sun

Right now you feel restless with who you've become and **struggle to act like yourself** in situations where you normally feel confident. People around you might push back or seem surprised by your sudden shifts in opinion and behaviour. Over the coming weeks, your sense of direction gets shaky because your usual identity markers no longer feel solid or reliable.

☿ Mercury ♌ Trine ♇ natal Pluto

Right now you can see through surface-level explanations and ask the questions that actually matter. Your mind feels sharper when it comes to **spotting what's really going on** beneath people's words or situations. Over the coming weeks, this clarity helps you communicate difficult truths in a way others can actually hear.

☾ Moon * Sextile ♆ natal Neptune

Your **intuition about other people becomes unusually reliable** right now, and you pick up on what's really going on beneath the surface without needing explanations. You feel more patient with emotional mess, both your own and others', because you're naturally more accepting of complicated feelings. These days you can actually listen without trying to fix or judge, which makes people around you relax and open up more than usual.

☉ Sun ☿ Conjunction ♀ Venus

These days you find it easier to ask for what you want and to say yes to invitations without overthinking. People around you respond well because you come across as **genuinely interested in them** rather than worried about how you look. This is a good window for making a request, starting a conversation you have been putting off, or simply enjoying company without the usual self-doubt getting in the way.

☉ Sun ☐ Square ♁ NNode

These days you feel pulled between who you are right now and who you think you should become, and this gap creates real frustration. You might **resist feedback or advice** because accepting it feels like admitting you are not enough as you are. The practical result is that growth happens anyway, but it costs you energy and confidence in the short term.

LUNAR DAY

Moon in ♎ Libra · Day 9 / 30 · First Quarter

The social atmosphere becomes more diplomatic during this transit, with more care taken to avoid unnecessary friction. Decisions slow down as multiple perspectives get weighed, and outright conflict feels harder to initiate than usual.
