## KEY TRANSIT FACTORS

### ♀ Venus ☐ Square ♅ natal Uranus

Right now you're restless in your relationships and find it hard to settle into routine affection or commitment. You might **push away people who want closeness** or suddenly lose interest in someone who was important to you last week. This friction between wanting freedom and being expected to show up consistently will test your patience and theirs over the coming weeks.

### ☉ Sun △ Trine ♀ natal Venus

Right now you find it easier to like yourself and feel comfortable in your own skin, which naturally makes other people want to be around you more. You're less critical of your flaws and **more accepting of who you are**, so conversations flow better and you come across as genuinely relaxed instead of trying too hard. This period is ideal for repair work in relationships, starting something new socially, or simply enjoying the company of people you care about without the usual second-guessing.

### ☾ Moon △ Trine ☿ natal Mercury

These days your **thoughts come through more naturally when you speak**, and people listen without interrupting you as much. Your mind feels less tangled, so you can explain what you actually mean instead of getting frustrated halfway through. This is a good window to have conversations you've been putting off, since you'll find the right words without forcing them.

### ♇ Pluto ☐ Square ♆ natal Neptune

Over the coming weeks, you may find it harder to trust your own intuition and judgment because reality keeps contradicting what you thought you understood. **You question everything you believed about people and situations**, which leaves you feeling unstable and uncertain about what is actually true. This period asks you to rebuild your sense of what is real by paying close attention to facts instead of relying on hopes or assumptions.

### ♇ Pluto ☉ Opposition ☉ natal Sun

Right now you feel like people are questioning your authority or pushing back against decisions you would normally make without hesitation. You may find yourself **defensive about who you are**, or noticing that your usual confidence in your own judgment has become shaky. Over the coming weeks, situations at work or in relationships will force you to examine whether you are actually as much in control as you thought you were.

### ☉ Sun \* Sextile ♄ Saturn

Right now you find it easier to follow through on what you say you'll do, and people notice you're more reliable than usual. Your practical judgement is sharp, so **you can see what actually needs to happen** instead of getting distracted by what sounds exciting. This is the kind of period where effort pays off directly, so if you've been putting something off, the conditions are there to make real progress without burning yourself out.

› Moon ☐ Square ♃ Mercury

Right now your **feelings and thoughts are working against each other**, making it hard to say what you actually mean. You might feel irritated or misunderstood because your emotions are moving faster than your ability to explain them. These days conversations tend to go sideways even when you're trying to be clear, because *Moon* and *Mercury* are pulling in opposite directions.

› Moon \* Sextile ♀ Venus

Right now you find it easier to **express what you actually feel** without worrying what others will think. People around you respond well because you seem more genuine and relaxed than usual. This is a good period to have honest conversations or do something kind for someone close to you.

LUNAR DAY

Moon in ♎ Libra · Day 9 / 30 · First Quarter

**The social atmosphere becomes more diplomatic** during this transit, with more care taken to avoid unnecessary friction. Decisions slow down as multiple perspectives get weighed, and outright conflict feels harder to initiate than usual.
