## KEY TRANSIT FACTORS

### ☿ Mercury ☐ Square ☽ natal Uranus ★

Right now your thinking is scattered and you jump between ideas without finishing them, which makes it hard to explain what you actually want to others. You feel **restless and impatient** with normal conversation, often blurting out opinions you later regret or missing what someone else is trying to tell you. Over the coming weeks, this mental friction could damage plans or relationships if you don't write things down before you speak or act on them.

### ☉ Sun \* Sextile ♃ natal Jupiter

You're feeling more confident about your abilities right now, and you're probably taking on projects or conversations you might normally avoid. Your natural optimism is working in your favor — people respond well to your **straightforward, encouraging attitude**, and doors tend to open more easily. Over the coming weeks, trust this momentum to try something new or pitch an idea you've been sitting on.

### ♊ NNode ☉ Opposition ♂ natal Mars

Right now you're running into friction between what you want to do and what other people need from you. Your usual directness and confidence come across as selfish or aggressive to those around you, even when you don't intend it that way. **You feel pulled in opposite directions** — your instinct is to act fast and claim what you want, but circumstances keep forcing you to slow down and consider other people's interests instead.

### ☉ Sun \* Sextile ♄ natal Saturn

Right now you feel **more capable of following through** on what you say you will do, and people notice the difference. Your practical judgment is sharper during this period, so you make fewer impulsive decisions and regret them less. This is the time to tackle projects that need real discipline and to build something that will actually last.

### ♄ Saturn ☐ Square ☽ natal Uranus

Right now you feel trapped between what you want to do and what you have to do, and the frustration builds quickly. You become **irritable when anyone or anything blocks your independence**, and you may act out impulsively just to prove you're in control. Over the coming weeks, real responsibilities will keep colliding with your need for freedom, forcing you to make hard choices about what actually matters.

### ☉ Sun ☐ Square ♁ Chiron

Right now you are more aware of your own weak spots and past hurts, which makes it harder to feel confident in what you're doing. You might find yourself **second-guessing your choices** or feeling like you're not good enough, even when you're performing well. This psychological self-doubt is temporary, but it takes real effort to push through it and keep moving forward.

› Moon ☐ Square ♀ Venus

Right now your **emotional needs feel at odds with what you actually want** — you might crave closeness but feel irritable when someone gets near, or want to be alone but then feel rejected. This mismatch between *Moon* and *Venus* makes it harder to communicate what you need without sounding demanding or cold. Over the coming weeks, pay attention to these moments so you can spot the pattern and name it out loud before resentment builds up.

› Moon ∟ Semi sextile ♃ Jupiter

These days you feel a bit more generous with yourself and others, which makes social situations feel easier and less forced. You're noticing small good things around you more readily, and this **gentle optimism** makes it simpler to ask for help or offer support without overthinking it. The *Moon* and *Jupiter* connection right now creates a quiet permission to be a little kinder to yourself about your limitations.

LUNAR DAY

Moon in ♊ Gemini · Day 26 / 30 · Last Quarter

**Social activity picks up** for the next day or two, with conversations starting easily but rarely staying on one topic. A general restlessness makes it harder to finish tasks or sit with one idea long enough to go deep.
