KEY TRANSIT FACTORS

♇ Pluto ☿ Quincunx ♀ natal Venus

You feel oddly disconnected from what normally makes you happy, as though your usual pleasures have lost their appeal. Your social or romantic relationships may feel slightly off, making you wonder what has changed when nothing obvious has shifted. Over the coming weeks, you might notice yourself pulling back from people or activities you usually enjoy, until this uncomfortable mismatch eventually settles.

☾ Moon ☿ Opposition ♁ natal Chiron

These days you are **more aware of old hurts** that usually stay quiet, and your mood swings make them feel sharper than usual. You may find yourself irritable with people who remind you of past disappointments, or withdrawing because talking about what bothers you feels too raw right now. This temporary sensitiveness is not pleasant, but it's showing you exactly where your defenses are thickest so you can work with them once this period passes.

♅ Uranus △ Trine ♀ natal Venus

Over the coming weeks you are more willing to do things differently in your relationships and social life, and people respond well to this openness. You feel less concerned about what others think, which makes you **more authentic and relaxed** around people you care about. This natural ease draws others toward you and creates space for real connection instead of performing what you think you should be.

☉ Sun ☿ Quincunx ♂ natal Mars

Over the coming weeks, you may notice that your usual way of getting things done feels slightly out of step with what you actually want to accomplish. Your drive and your sense of purpose are not quite aligned, which can leave you feeling **restless or mildly frustrated** even when you're being productive. The mismatch is not dramatic, but it's enough to make you second-guess your decisions or adjust your approach more often than usual.

☉ Sun △ Trine ☿ natal Mercury

Your thinking is unusually clear right now, and you find it easy to explain what you actually mean. People listen to you more carefully these days because you sound confident and straightforward. This is a good time to have conversations you have been putting off, write something important, or learn something new—your **mind absorbs information quickly** and your words land better than usual.

☾ Moon ♂ Conjunction ♀ Venus

These days you feel more **comfortable showing affection** to the people around you, and they respond by being warmer in return. Your *Moon* and *Venus* are aligned right now, which makes it easier to express what you actually care about instead of holding back. This is a good window for having honest conversations with someone you're close to, or simply spending time with people who matter to you without the usual self-consciousness.

› Moon ☐ Square ♂ Mars

These days you're more likely to act on frustration before you think it through, and small annoyances can feel urgent and demanding. **Your emotional reactions move faster than your good judgment**, so conversations with others can turn sharp or heated quickly. This period pushes you to notice the gap between what you feel and what actually needs to happen right now.

› Moon ∟ Semi sextile ♃ Neptune

These days you find it easier to **pick up on what others actually need** rather than what they say they need. Your emotional radar is working well, and people around you feel understood without having to explain everything. This *Moon* and *Neptune* connection creates a practical advantage: you can respond to unspoken requests and offer support that lands just right.

LUNAR DAY

Moon in ♏ Scorpio · Day 2 / 30 · New Moon

Psychological intensity rises for the next 48 hours, and surface-level talk becomes noticeably less satisfying. People read into what others leave unsaid more than usual, and private matters feel more pressing.
