KEY TRANSIT FACTORS

☾ Moon ☿ Quincunx ♆ natal Neptune

Over the coming weeks, you may find it harder than usual to trust your own feelings or to know what you actually want in a situation. Your mood and your practical needs seem to be pulling in different directions, leaving you **uncertain about which one to follow**. This confusion usually passes once the transit moves on, but while it lasts you might make decisions you later question or feel emotionally scattered without a clear reason why.

♁ Chiron ☐ Square ☿ natal Mercury

Right now you're second-guessing what you say before you say it, which makes conversations feel awkward and slow. You notice **doubts creeping in about your own knowledge** — facts you were sure about suddenly feel uncertain, and you hesitate to speak up. This friction between thinking and speaking will ease in a few weeks, but for now it's worth recognizing that this self-doubt is temporary, not a real change in how smart you actually are.

♂ Mars ☐ Opposition ♁ natal Chiron

Right now you are **quick to react defensively when anyone points out a weakness or mistake**, and this makes conversations harder instead of easier. Your old insecurities about not being good enough are closer to the surface, so small criticism stings more than usual. Over the coming weeks, you will need to catch yourself before snapping at someone who is only trying to help.

♀ Venus * Sextile ♀ natal Venus

You feel more **at ease in social situations** right now, and other people pick up on this relaxed confidence. Your conversations flow more naturally, and you find yourself saying yes to invitations you might normally skip. This is a good window to deepen friendships, start something romantic, or simply enjoy being around the people you care about without the usual self-doubt.

☾ Moon * Sextile ☉ natal Sun

You feel **more comfortable with yourself** right now, which makes it easier to speak up in conversations and take small actions you have been putting off. Your mood is steady enough that you can actually listen to other people instead of getting caught up in your own concerns. While this *Moon sextile Sun* lasts, things that usually feel difficult—like asking for help or sharing what you think—feel more natural.

☉ Sun ☐ Square ☾ Moon

Right now your gut feelings and your sense of purpose are pulling in opposite directions. You might feel irritated with people close to you without knowing exactly why, or snap at someone when you meant to stay calm. This friction between what you want to do and what feels emotionally safe can push you to make real changes, but only if you stop and actually listen to both sides instead of just reacting.

☉ Sun ☾ Semi sextile ♀ Venus

Right now you find it easier to notice what you like about people around you, and that makes your social interactions feel smoother. You're more likely to **compliment someone without overthinking it** or suggest doing something enjoyable together. This isn't a dramatic shift, but these days small acts of kindness and warmth come more naturally to you.

☉ Sun ☐ Square ♄ Saturn

Right now you're running into real obstacles when you try to move forward with what you want. **You feel blocked by rules, other people's expectations, or your own self-doubt**, and pushing harder usually just makes things worse. The practical thing to do is slow down, check what's actually realistic, and accept that some goals need more time or a different approach.

LUNAR DAY

Moon in ♉ Taurus · Day 8 / 30 · First Quarter

The pace slows considerably during this transit as comfort and familiar surroundings take priority over efficiency. Resistance to change hardens, and any disruption to routine tends to provoke stubborn pushback.
