KEY TRANSIT FACTORS

☉ Sun △ Trine ♂ natal Mars

Right now you're finding it easier to **act on what you actually want** instead of hesitating or second-guessing yourself. Your confidence in your own decisions is natural and steady, so tasks that normally feel like a push come through with real effort behind them. Over the coming weeks, you'll likely notice you're getting things done and people respond well to your direct, purposeful approach.

♀ Venus ♀ Opposition ♁ natal Chiron

Right now you're noticing that people respond differently to you than usual, and it feels uncomfortable because old insecurities about your **likability and self-worth** are surfacing. You might find yourself either trying too hard to be liked or pulling away from social situations altogether, which makes real connection harder rather than easier. Over the coming weeks, this friction is an opportunity to see where you've been hiding your actual personality to fit in, but it will not feel good while it's happening.

☾ Moon qx Quincunx ♁ natal Pluto

Right now your emotional reactions feel out of step with what's actually happening around you, leaving you confused about what you really want. You might find yourself **obsessing over small details** in conversations or situations, searching for hidden meanings that may not be there. These days it helps to check in with someone you trust before you act on what feels urgent, because your gut instincts are less reliable than usual while this lasts.

☿ Mercury qx Quincunx ♁ natal Chiron

Over the coming weeks, you may notice that talking about your past experiences feels awkward or incomplete, as if the right words keep slipping away. You find yourself **starting to explain something painful, then stopping halfway through** because the explanation doesn't quite land. This mismatch between what you feel and what you can actually say might frustrate you, but it can also prompt you to try different ways of understanding what happened to you.

♄ Saturn ♂ Conjunction ♅ natal Uranus

Right now you feel **caught between wanting to break free and needing to be responsible** about it. You're more aware of the rules and limits around you, which makes any impulsive urge to rebel feel heavier or less appealing. Over the coming weeks, this usually shows up as delayed or reconsidered decisions rather than sudden change.

☿ Mercury Rx · ♐ Sagittarius

Plans for travel, education, or big-picture goals hit unexpected snags right now. Opinions expressed with too much confidence may need to be walked back, and long-distance communications often get garbled. This is a better period for reviewing beliefs than for broadcasting them.

☉ Sun ♂ Conjunction ♄ Saturn

Right now you are more aware of your own limits and what you actually need to do versus what you want to do. You become **more serious about your responsibilities** and less interested in shortcuts or excuses. This is a practical time to make concrete progress on something that matters, even if it feels slow or requires discipline.

☉ Sun ☌ Semi sextile ♆ Neptune

These days you find it easier to **imagine things before you build them**, whether that's a project at work or how you want your living space to feel. The subtle connection between *Sun* and *Neptune* softens your usual need to rush into action, giving your practical plans a touch of creativity. This is a good time to sketch out ideas, talk through your vision with others, or sit with half-formed thoughts without needing immediate answers.

☿ Mercury ☌ Semi sextile ♀ Venus

These days you find it easier to say what you actually think without hurting people's feelings. Your words come out softer and more **considerate** than usual, which makes conversations feel more natural and pleasant. This is a good time to have difficult talks or ask for something you want, because people are more likely to listen and respond well.

LUNAR DAY

Moon in ♋ Pisces · Day 10 / 30 · First Quarter

The boundary between personal and environmental moods blurs during this transit, making it easy to absorb the emotional state of whoever is nearby. Imagination and sensitivity both run higher, while clarity of thought and decision-making run lower for the next 48 hours.
