KEY TRANSIT FACTORS

☾ Moon △ Trine ♅ Uranus ★

These days you feel more willing to try things differently and less stuck by what you usually do. Your emotional reactions are quicker and more **open to change**, so you notice new possibilities instead of going along with the same routines. This makes it easier to break habits or suggest a different approach without it feeling scary or forced.

☉ Sun □ Square ♂ natal Mars

Right now you're running into more friction than usual when you try to take action. People push back harder against your ideas, and you feel like you have to fight for things that normally come easily, which makes you **impatient and quick to argue**. These clashes aren't random — they're showing you where your confidence has gotten ahead of what you've actually prepared or thought through.

♄ Saturn qx Quincunx ♁ natal Chiron

Over the coming weeks, you may notice that **old wounds or insecurities surface when you face practical limits**— especially around work, deadlines, or things you cannot control. This happens because *Saturn* is making you take a hard look at what you've been managing poorly or avoiding, and it feels uncomfortable. The shift you need is to stop protecting yourself and instead be honest about where you actually need help or training.

♇ Pluto □ Square ♁ natal NNode

Right now you're questioning whether you're on the right track in life, and this doubt feels unusually intense and hard to ignore. You may **withdraw from people or activities** that once felt important to you, as if you need to strip things down to what actually matters. Over the coming weeks, expect to feel pushed to make real changes in how you spend your time and who you spend it with, even though the process feels uncomfortable and unclear.

♇ Pluto ♂ Conjunction ♁ natal Lilith

Right now you are examining parts of yourself that you normally keep hidden or suppress, and this feels both uncomfortable and oddly necessary. You may find yourself **pushing back against rules or expectations** that never actually fit you, whether at work or in relationships. Over the coming weeks, this restlessness will likely push you to make a practical change in how you present yourself or what you actually allow yourself to want.

☉ Sun ∟ Semi sextile ♅ natal Uranus

These days you feel **more willing to try new approaches** without forcing big changes or making yourself uncomfortable. You notice small opportunities to do ordinary things differently, and they actually work out. This is a good time to test small experiments in your work or routines because your usual caution is relaxed just enough to let you be flexible.

☉ Sun △ Trine ☾ Moon

These days you find it easier to know what you actually want and to ask for it without overthinking. Your emotional reactions line up with your real goals, so you move forward without fighting yourself. This is a good time to make decisions or have conversations because you sound genuine and people respond well to that.

♿ Mercury ☌ Semi sextile ♀ Venus

These days you find it easier to say what you actually think without hurting people's feelings. Your words come out softer and more **considerate** than usual, which makes conversations feel more natural and pleasant. This is a good time to have difficult talks or ask for something you want, because people are more likely to listen and respond well.

LUNAR DAY

Moon in ♌ Leo · Day 20 / 30 · Waning Gibbous

The social atmosphere becomes more expressive these days, with people more willing to share opinions and put themselves forward. The need to feel appreciated surfaces in small ways — a slower response to criticism, a stronger preference for being noticed.
