KEY TRANSIT FACTORS

☉ Sun ☿ Conjunction ♂ Mars ★

Right now you feel **more direct and willing to take action** on things you normally hesitate about. You're likely to speak up in conversations, push forward with a project, or make a decision you've been putting off. This practical confidence usually fades once the transit passes, so use it to handle what actually needs doing.

♄ Saturn ☾ Opposition ☾ natal Moon

These days you feel emotionally tired and less patient with people who depend on you, even though you know they need your support. Your automatic response is to withdraw or set stricter rules rather than explain what you actually need. This period pushes you to understand that your limits are real, but the way you communicate them right now tends to come across as cold or dismissive.

♆ Neptune △ Trine ♁ natal Chiron

Over the coming weeks, you find it easier to talk about your past hurts without getting stuck in them. People seem to open up to you more readily because you listen without judgment or trying to fix things. Your **natural compassion** is flowing right now, making this a good time to help others or work through your own emotional wounds with a professional.

♇ Pluto △ Trine ♀ natal Venus

You find it easier to say what you actually want in your relationships right now, and people respond well to your honesty. Your **natural magnetism increases** — you draw others toward you without trying hard or performing. Over the coming weeks, connections deepen because you're showing up as yourself, and that authenticity makes a real difference in how people treat you.

♀ Venus ☿ Quincunx ☿ natal Mercury

Right now you may notice that what you want to say doesn't quite match what you actually feel, leaving you **awkwardly uncertain in conversations**. Your usual way of explaining yourself feels clumsy when you are trying to express something that matters emotionally. Over the coming weeks, this gap between thought and feeling tends to smooth out on its own without you having to fix it.

♂ Mars ☾ Opposition ♁ natal Chiron

Right now you are **quick to react defensively when anyone points out a weakness or mistake**, and this makes conversations harder instead of easier. Your old insecurities about not being good enough are closer to the surface, so small criticism stings more than usual. Over the coming weeks, you will need to catch yourself before snapping at someone who is only trying to help.

☉ Sun ☿ Conjunction ☾ Moon

These days you feel more **aligned between what you want and what you feel**. Your emotional needs and your sense of direction match up, so you act with fewer doubts and less second-guessing yourself. This is a practical advantage when you need to make a choice or move forward on something that matters to you.

☉ Sun * Sextile ♃ Jupiter

These days you feel more **willing to take reasonable risks** and try things you've been putting off. People around you seem more generous with their time and help, making it easier to move forward on practical goals. This period brings a straightforward boost to your confidence without the pressure to overcommit or perform.

* = natal resonance — this transit echoes your birth chart, amplifying its influence

LUNAR DAY

Moon in ♏ Scorpio · Day 1 / 30 · New Moon

Psychological intensity rises for the next 48 hours, and surface-level talk becomes noticeably less satisfying. People read into what others leave unsaid more than usual, and private matters feel more pressing.
