## KEY TRANSIT FACTORS

### ♀ Venus ☾ Opposition ☾ natal Moon

Right now you're caught between what you want emotionally and what you actually want to do socially, and it's making you feel pulled in opposite directions. You might find yourself either withdrawing from people or overcommitting to them in ways that leave you drained and resentful. These days the practical work is recognizing that your needs and other people's needs won't sync up perfectly, and that's not a sign something is wrong with you.

### ♆ Neptune \* Sextile ♂ natal Mars

You find yourself **acting on your goals with less resistance and more creative confidence** while this transit lasts. Your usual drive to push forward softens into something more intuitive, and you accomplish things by feeling your way through obstacles rather than bulldozing past them. Over the coming weeks, people respond better to this quieter approach, and you discover that backing off the gas pedal actually gets you further.

### ♃ Jupiter △ Trine ♁ natal Pluto

These days you find yourself **taking decisive action on things you've been planning for months**, and obstacles that usually block you seem to move out of the way. Your confidence in your own judgment is unusually high right now, so you trust your instincts about what needs to change in your life and you follow through. Over the coming weeks, this practical momentum can help you reshape a situation that's been stagnant or remove something that no longer serves you.

### ♅ Uranus △ Trine ♄ natal Saturn

Right now you can spot problems in your routines and systems without getting defensive about changing them. You feel **willing to experiment with practical improvements** while keeping what actually works. This is a rare window where your instinct for stability supports your curiosity about doing things differently.

### ♁ Pluto \* Sextile ♃ natal Jupiter

While this lasts, you feel more willing to **take calculated risks** and act on opportunities that normally would intimidate you. You're noticing that your instinct for what could work is sharper than usual, and people respond well when you pitch ideas or ask for what you need. Over the coming weeks, this confidence tends to open doors in practical areas like work, finances, or learning something new.

### ♀ Venus Rx · ♒ Aquarius

The role of freedom and individuality in your closest relationships comes into sharp focus during this period. Connections that require too much compromise of your independence feel unsatisfying now. Use this time to clarify what you genuinely need in partnership rather than settling for what is available.

### ☉ Sun ∟ Semi sextile ♂ Mars

These days you feel **motivated to take small steps forward** without forcing things or burning out. Your practical energy matches what you actually want to do right now, so starting a project or having a difficult conversation feels less exhausting than usual. This is a good window to build momentum on something you care about while the effort still feels natural.

☉ Sun ☐ Square ♄ Saturn

Right now you're running into real obstacles when you try to move forward with what you want. **You feel blocked by rules, other people's expectations, or your own self-doubt**, and pushing harder usually just makes things worse. The practical thing to do is slow down, check what's actually realistic, and accept that some goals need more time or a different approach.

☉ Sun \* Sextile ♄ Chiron

Right now you find it easier to talk about things that usually stay hidden, and people respond by listening instead of dismissing you. Your **willingness to admit weakness** actually makes others trust you more because you seem real. This is a good time to ask for help with something you have been carrying alone, because the practical support tends to show up.

LUNAR DAY

Moon in ♉ Taurus · Day 10 / 30 · First Quarter

**The pace slows considerably** during this transit as comfort and familiar surroundings take priority over efficiency. Resistance to change hardens, and any disruption to routine tends to provoke stubborn pushback.
