KEY TRANSIT FACTORS

☉ Sun △ Trine ♅ Uranus ★

Right now you feel comfortable taking risks that normally make you anxious, and **you speak up about ideas you'd usually keep quiet**. Other people seem more receptive to what you have to say, and conversations naturally veer toward what could happen instead of what has always happened. This is a good time to propose changes at work, try something new socially, or make a practical decision you've been putting off.

♃ Jupiter □ Square ♆ natal Neptune

Right now you are **overestimating what you can achieve** and making promises you cannot keep. Your optimism is running ahead of reality, and you may find yourself committed to projects or goals that are actually beyond your practical reach. Over the coming weeks, disappointment will follow when you realize the gap between what you imagined and what is actually possible.

♂ Mars △ Trine ♃ natal Jupiter

Over the coming weeks, you'll find yourself **willing to take calculated risks** and push forward on projects you've been sitting with. Your confidence and energy are working together right now, so you're more likely to actually do the things you plan instead of just thinking about them. This is a practical window to make moves that require both courage and good judgment, like starting something new at work or tackling a challenge you've been avoiding.

♄ Saturn ∟ Semi sextile ♂ natal Mars

Right now you're noticing that your efforts produce real results without requiring you to push as hard as usual. **You're working more efficiently**, and tasks that normally frustrate you feel manageable because you're approaching them with more patience than typical. Over the coming weeks, this steady support from *Saturn* to your *Mars* makes it easier to follow through on commitments without burning out.

♇ Pluto * Sextile ♃ natal Jupiter

While this lasts, you feel more willing to **take calculated risks** and act on opportunities that normally would intimidate you. You're noticing that your instinct for what could work is sharper than usual, and people respond well when you pitch ideas or ask for what you need. Over the coming weeks, this confidence tends to open doors in practical areas like work, finances, or learning something new.

♃ Jupiter ♂ Conjunction ☉ natal Sun

You feel more confident in social situations and willing to take on bigger responsibilities at work or home. People tend to respond well to you right now, and you're less likely to doubt yourself before speaking up. Over the coming weeks, you might find yourself saying yes to opportunities you would normally hesitate about.

☉ Sun ☐ Square ☾ Moon

Right now your gut feelings and your sense of purpose are pulling in opposite directions. You might feel irritated with people close to you without knowing exactly why, or snap at someone when you meant to stay calm. This friction between what you want to do and what feels emotionally safe can push you to make real changes, but only if you stop and actually listen to both sides instead of just reacting.

☉ Sun ☒ Quincunx ☿ Chiron

Right now you notice small practical problems in areas where you thought you had things figured out. Your confidence runs into situations that don't quite fit your usual approach, and you have to **adjust your methods rather than push through**. This mismatch between what you expected and what's actually happening is the main feature of these days, and it often leads to useful corrections if you pay attention.

LUNAR DAY

Moon in ♍ Virgo · Day 8 / 30 · First Quarter

Attention sharpens on what is not working right now — small errors and inefficiencies become harder to ignore than usual. **The tendency to organize, correct, and refine** runs stronger for the next day or two, sometimes at the cost of the bigger picture.
