KEY TRANSIT FACTORS

♃ Jupiter ☌ Conjunction ♄ natal Saturn ★

Over the coming weeks, you're likely to feel **more serious about your plans and less willing to skip steps**. You'll probably want to finish what you've started before moving on to something new, and you may feel frustrated if others rush you or if deadlines keep shifting. This is a practical time to consolidate what you've built and to test whether your ambitions actually work in the real world.

♂ Mars ☌ Quincunx ♁ natal Chiron

Right now you're more aware of old hurts when someone pushes back against you or challenges your plans. You might notice yourself **reacting defensively to minor criticism** that you'd normally brush off. Over the coming weeks, this clash between your assertiveness and your sensitivity gives you a chance to see where you need better boundaries instead of just withdrawing or fighting back.

☾ Moon ☌ Square ♄ natal Saturn

Right now you feel **emotionally heavy and withdrawn**, as if your normal mood swings have turned sluggish and grey. You notice yourself avoiding people, cancelling plans, and sitting with feelings of inadequacy that feel hard to shake. Over the coming weeks, this low mood will likely push you to look honestly at what you actually need instead of what you think you should want.

♇ Pluto ☌ Square ♀ natal Venus

Your relationships feel strained right now as you become more critical of your partner or people close to you. You may notice yourself **withdrawing affection or testing whether people really care**, which often pushes them away further. Over the coming weeks, this pattern will force you to look honestly at what you actually want from your connections instead of settling for surface comfort.

♄ Saturn ☌ Quincunx ☿ natal Mercury

Right now your thinking feels clumsy and slow compared to how you normally operate. You have to work harder to organize your thoughts or explain yourself clearly, even when you know what you mean. This awkward phase lasts a few weeks and usually passes once you stop fighting the slower pace and just accept that communication takes more effort at the moment.

☉ Sun ☌ Square ♄ natal Saturn

Right now you're running into real obstacles when you try to move forward with what you want. **You feel blocked by rules, other people's expectations, or your own self-doubt**, and pushing harder usually just makes things worse. The practical thing to do is slow down, check what's actually realistic, and accept that some goals need more time or a different approach.

☾ Moon * Sextile ☿ natal Mercury

These days your thoughts feel clearer and your feelings find words more easily than usual. You notice you can **explain what you're going through without getting stuck or defensive**, and other people seem to understand you better. This is a good time to have conversations that matter, because both your head and your heart are on the same team right now.

› Moon ☐ Square ♃ Jupiter

Your emotions feel bigger than they actually are right now, and you are **overreacting to small disappointments** as if they matter more than they do. *Jupiter* amplifies whatever *Moon* is feeling, so today you might eat too much when you are mildly sad, or spend money you did not plan to spend because you want to feel better. The gap between what you want and what is realistic becomes harder to ignore, and sitting with that gap without doing something about it takes real effort.
