KEY DATE

♀ Venus stations Direct

Venus moving direct again means **attraction and money flow start picking up** after weeks of stalling—deals that seemed stuck suddenly move, people return, prices stabilize. Clarity arrives about **what you actually want** in relationships and spending, so decisions made now tend to stick rather than flip-flop like they did during the retrograde. In practice, this is when **new conversations happen**, second dates turn into real commitments, and you stop second-guessing purchases you've already made.

KEY TRANSIT FACTORS

♄ Saturn ∠ Semi sextile ☾ natal Moon

Over the coming weeks, you'll find it easier to **organize your feelings into practical steps** rather than getting stuck in emotional loops. Your emotional needs start to align with what you can actually do in your daily life, so you feel less pulled in two directions. This is a good time to set small routines that genuinely comfort you, since your practical side and your emotional side are working together instead of against each other.

♆ Neptune ∠ Semi sextile ♀ natal Venus

Right now you're feeling more **generous and open-hearted** in your relationships without much effort. People around you respond well to this softness, and you find it easier to listen and connect without agenda. Over the coming weeks, this gentleness helps you strengthen bonds that matter most, as you naturally give more attention to what you actually care about.

♊ NNode qx Quincunx ♃ natal Jupiter

Right now you are noticing a mismatch between what you believe will make you happy and what actually does. You keep planning for bigger opportunities or better outcomes, but the details keep shifting in ways that require you to **adjust your expectations repeatedly**. Over the coming weeks, this awkward fit between your hopes and your real circumstances will push you to be more realistic about what you can actually control.

♂ Mars □ Square ♀ natal Venus

Right now you're more likely to push people away when you want to pull them closer, because **your impulses feel sharp and your patience for nuance has disappeared**. If you're in a relationship, small disagreements can escalate quickly because you're expressing wants bluntly instead of listening to what the other person needs. Over the coming weeks, notice when you're acting on frustration rather than affection, because that awareness is what stops you from damaging something you actually care about.

☿ Mercury ☌ Conjunction ♃ natal Jupiter

You're thinking in bigger pictures right now, and your conversation becomes more persuasive and generous with ideas. People want to listen to you because you're offering something useful, not just speaking for the sake of it. This **optimistic and expansive way of communicating** can open doors in your work or social life over the coming weeks.

☉ Sun ☾ Semi sextile ♀ Venus

Right now you find it easier to notice what you like about people around you, and that makes your social interactions feel smoother. You're more likely to **compliment someone without overthinking it** or suggest doing something enjoyable together. This isn't a dramatic shift, but these days small acts of kindness and warmth come more naturally to you.

☉ Sun ☐ Square ♂ Mars

Right now you feel **irritable and impatient** with anyone who moves slower than you want them to. Your frustration comes out quickly, and you might say things sharply or push for action before people are ready. This friction between what you want to do immediately and what actually needs to happen teaches you where your expectations don't match reality.

☉ Sun ☐ Square ♃ Jupiter

Right now you're likely **overestimating what you can handle** and taking on more than makes practical sense. *Sun* square *Jupiter* pushes you to act bigger and bolder than your actual circumstances support, which sets you up for overcommitment and disappointment. The friction here teaches you where your real limits are, but only after you've already stretched too far.

LUNAR DAY

Moon in ♌ Leo · Day 28 / 30 · Waning Crescent

The social atmosphere becomes more expressive these days, with people more willing to share opinions and put themselves forward. The need to feel appreciated surfaces in small ways — a slower response to criticism, a stronger preference for being noticed.
