## KEY DATE

### ☿ Mercury stations Retrograde

When *Mercury* stations retrograde, **communication breakdowns and misunderstandings** become noticeably more common in daily life. Emails get lost, conversations get tangled, and people often need to **repeat themselves or clarify** what they meant the first time around. Travel plans, contracts, and tech devices tend to **glitch or require fixes**, so most people find themselves troubleshooting problems they thought were already solved.

## KEY TRANSIT FACTORS

### ♆ Neptune ∠ Semi sextile ♀ natal Venus

Right now you're feeling more **generous and open-hearted** in your relationships without much effort. People around you respond well to this softness, and you find it easier to listen and connect without agenda. Over the coming weeks, this gentleness helps you strengthen bonds that matter most, as you naturally give more attention to what you actually care about.

### ☿ Mercury □ Square ♊ natal NNode

Right now you are **second-guessing decisions** that normally feel clear to you, and this confusion is making it hard to move forward. Your mind is pulling you toward safe, familiar ways of thinking instead of the newer directions you have been trying to explore. Over the coming weeks, you will need to push past this mental resistance or risk sliding back into old patterns that no longer serve you.

### ☿ Mercury ♂ Conjunction ♁ natal Lilith

Over the coming weeks, you're more likely to say things you'd normally keep quiet about. You may notice yourself **speaking bluntly or asking direct questions** that feel almost uncomfortable coming out of your mouth. This isn't cruelty — it's just that your usual social filter is thinner right now, and your mind is sharper about spotting what doesn't add up.

### ♅ Uranus \* Sextile ♁ natal Chiron

You find it easier right now to talk about past difficulties without getting stuck in them, and people actually listen differently when you do. Your **ability to explain what hurt you in a practical way** opens doors to real conversations instead of arguments. This period gives you a chance to turn old pain into something useful that helps both you and others move forward.

### ☉ Sun qx Quincunx ♀ natal Venus

Over the coming weeks you notice a mismatch between what you want socially and what actually feels right to you. You might say yes to plans or people, then feel disconnected once you are there, creating **awkwardness in your interactions**. This disconnect fades as the transit passes, so small adjustments now will help you feel more authentic in your relationships.

## ☿ Mercury Rx · ♏ Scorpio

Communication about sensitive or private matters is particularly prone to misunderstanding during this period. Past secrets, investigations, or unresolved trust issues may resurface and demand honest attention. What you hesitate to say is often more important than what you actually say right now.

### ☉ Sun \* Sextile ♃ Jupiter

These days you feel more **willing to take reasonable risks** and try things you've been putting off. People around you seem more generous with their time and help, making it easier to move forward on practical goals. This period brings a straightforward boost to your confidence without the pressure to overcommit or perform.

### ☉ Sun qx Quincunx ♅ Uranus

At the moment you feel pulled in two directions without clear reason, and small changes in routine throw you off balance more than usual. Your usual way of doing things no longer feels quite right, but you don't yet see what would work better, which creates **restless dissatisfaction**. These days minor adjustments in your practical life take more energy and patience than they should.

### ☉ Sun △ Trine ♆ Neptune

These days you feel **more comfortable being yourself around others** without needing to explain or defend who you are. People respond better to you right now because you're relaxed enough to listen to what they actually need instead of pushing your own agenda. This period favors creative work, gentle conversations, and situations where you can help someone without it costing you anything.

## LUNAR DAY

Moon in ♏ Scorpio · Day 2 / 30 · New Moon

**Psychological intensity rises** for the next 48 hours, and surface-level talk becomes noticeably less satisfying. People read into what others leave unsaid more than usual, and private matters feel more pressing.
