KEY TRANSIT FACTORS

☿ Mercury * Sextile ♆ natal Neptune *

Right now your mind works well with imagination, and you can see useful patterns that others miss. You find it easier to explain vague ideas to people in practical terms, and they actually understand you. This is a good window for **creative problem-solving** in conversations, writing, or planning where you need to blend practical details with intuitive insight.

♄ Saturn △ Trine ♁ natal Chiron

Right now you are **more willing to sit with your own pain without needing to fix it immediately**, which lets you actually learn from past hurts instead of just moving past them. This practical acceptance means you can talk about difficult experiences with less defensiveness and help others do the same. Over the coming weeks, what once felt raw or tender becomes something you can work with directly.

♂ Mars ♁ Quincunx ☉ natal Sun

Over the coming weeks, you may notice your usual way of taking action feels slightly off or requires more effort than normal. You might start a task with confidence but then need to adjust your approach midway through, or feel restless when your plans don't go exactly as you expect. This **mismatch between your drive and your direction** usually settles down once you accept that forcing things won't work—small changes in strategy will.

♅ Uranus ♂ Conjunction ♀ natal Venus

You are feeling **restless in your relationships and attractions right now**, wanting something different from what you've had before. Your taste in people or partners may shift suddenly, or you might find yourself drawn to people who are unpredictable or unconventional. This period pushes you to question what you actually want instead of staying comfortable with familiar patterns.

♇ Pluto □ Square ♂ natal Mars

You are feeling blocked when you try to act on what you want, and small frustrations can trigger **sudden intense anger** that surprises even you. Your usual way of getting things done meets resistance from other people or from circumstances, leaving you feeling powerless and resentful. Over the coming weeks, you will need to pay attention to where you are actually pushing too hard instead of assuming others are the problem.

☿ Mercury Rx · ♎ Libra

Relationship negotiations, contracts, and pending decisions become tangled right now. You may revisit agreements or feel pressure to reconsider commitments you thought were settled. Avoid finalizing important partnerships or legal matters until Mercury stations direct — clarifying existing arrangements is more productive.

☉ Sun ∠ Semi sextile ♀ Venus

Right now you find it easier to notice what you like about people around you, and that makes your social interactions feel smoother. You're more likely to **compliment someone without overthinking it** or suggest doing something enjoyable together. This isn't a dramatic shift, but these days small acts of kindness and warmth come more naturally to you.

› Moon △ Trine ♃ Jupiter

Right now you feel more **generous and open to others** than usual, and people pick up on that. You're more likely to say yes to plans, share what you have, and give people the benefit of the doubt. This is a practical time to strengthen relationships because you're not defensive or withdrawn.

› Moon ♂ Conjunction ♄ Saturn

Right now you're more aware of what you actually need versus what you think you should want, and you're less likely to chase feelings that don't hold up under real-world pressure. **You become more cautious and realistic about emotional commitments**, which means you might feel less enthusiastic but also less likely to make promises you can't keep. This period favors practical conversations about responsibilities and honest check-ins about relationships, even if they feel a bit heavy.

LUNAR DAY

Moon in ♍ Virgo · Day 28 / 30 · Waning Crescent

Attention sharpens on what is not working right now — small errors and inefficiencies become harder to ignore than usual. **The tendency to organize, correct, and refine** runs stronger for the next day or two, sometimes at the cost of the bigger picture.
