KEY DATE

♀ Venus stations Retrograde

Venus stationing retrograde often brings **delayed decisions** in relationships and money — you might feel unsure about commitments or put off purchases you normally wouldn't hesitate on. People commonly **reconnect with exes** during this period, or **revisit old financial choices** that didn't sit right the first time. Venus retrograde tends to slow down **new relationships and deals**, so timing matters more than usual — what feels stuck now often moves again once the planet shifts direct.

KEY TRANSIT FACTORS

☾ Moon Δ Trine ♂ natal Mars ★

Right now your emotional state and your drive are working together smoothly, which means you feel **motivated without overthinking things**. You're more likely to act on what you want instead of getting stuck in doubt, and people around you pick up on this confident energy. Over the coming weeks, you'll probably find it easier to push through tasks that normally feel like a drag, and to stand up for yourself without it turning into conflict.

☾ Moon Δ Trine ♃ natal Uranus ★

You feel more comfortable breaking your own rules right now, and you act on sudden ideas without second-guessing yourself. This **spontaneous confidence** shows up in real conversations and decisions, where you say what you actually think instead of playing it safe. Over the coming weeks, people around you respond well to this directness, and you discover that being yourself is easier than you thought.

☿ Mercury ∟ Semi sextile ♂ natal Mars ★

Your thoughts are moving faster than usual right now, and you're picking up on details that normally slip past you. You find yourself more **decisive in conversation**, able to speak up about what you want without overthinking it. This is a good window to tackle practical problems or have direct talks you've been putting off, because your mind and your drive are working together smoothly.

☾ Moon qx Quincunx ♃ natal Mercury ★

Over the coming weeks, you find it hard to say exactly what you mean even though you know what you're thinking. Your words come out **awkward or incomplete**, and people sometimes misunderstand you or ask you to repeat yourself. This mismatch between what's in your head and what comes out of your mouth will pass, but right now it's worth slowing down and checking that others actually understand you before moving on.

☿ Mercury □ Square ♃ natal Uranus ★

Right now your thinking is scattered and you jump between ideas without finishing them, which makes it hard to explain what you actually want to others. You feel **restless and impatient** with normal conversation, often blurting out opinions you later regret or missing what someone else is trying to tell you. Over the coming weeks, this mental friction could damage plans or relationships if you don't write things down before you speak or act on them.

♀ Venus Rx · ♈ Aries

Relationships feel competitive or impatient right now, and old romantic patterns tend to resurface. Impulsive decisions about love, money, or self-presentation made during this period often need correction afterward. What feels like a fresh start now is more likely a return to something unresolved.

♄ Saturn Rx · ♍ Virgo

The systems and routines you rely on for health, work, and daily functioning are being tested for their genuine usefulness right now. Habits maintained out of routine rather than benefit deserve honest evaluation. Small corrections made now to health or work practices tend to produce more durable improvement than sweeping changes.

☉ Sun ∟ Semi sextile ♀ Venus

Right now you find it easier to notice what you like about people around you, and that makes your social interactions feel smoother. You're more likely to **compliment someone without overthinking it** or suggest doing something enjoyable together. This isn't a dramatic shift, but these days small acts of kindness and warmth come more naturally to you.

☉ Sun ∟ Semi sextile ♃ Jupiter

These days you feel a bit more **optimistic about your abilities** and willing to take on new projects. Small wins come easier right now because you're not overthinking things or waiting for perfect conditions. This is a good time to start something you've been putting off, since your confidence has a gentle boost and you're likely to see early progress.

☉ Sun ♂ Opposition ♄ Saturn

Right now you feel **blocked by rules and criticism** when you try to move forward on something that matters to you. Authority figures or your own strict inner voice push back against what you want to do, making you doubt whether you deserve to succeed. This friction is real and uncomfortable, but it forces you to build something solid instead of rushing ahead on ego alone.

LUNAR DAY

Moon in ♋ Cancer · Day 11 / 30 · First Quarter

Sensitivity to tone and atmosphere runs higher than usual over the next 48 hours, making small remarks feel more significant than intended. **The draw toward home, familiar food, and trusted people** dominates most decisions.
