KEY TRANSIT FACTORS

♂ Mars △ Trine ♁ natal Uranus ★

Right now you're willing to take risks in practical ways that normally feel too uncomfortable, and it's working out. You act on unconventional ideas quickly without overthinking them, and this **decisive independence** is getting real results. Over the coming weeks, trust that your instinct to break routine and try something different is actually reliable, not reckless.

☉ Sun □ Square ♆ Neptune ★

Right now you are likely to **confuse what you want with what you imagine you want**, making it hard to set realistic goals or stick to decisions. People around you may seem unreliable or evasive, and you might notice yourself doing the same thing without meaning to. This period asks you to slow down and write things down before acting, because your usual sense of what is real gets cloudy.

☿ Mercury □ Square ♀ natal Venus

Right now your words and your feelings are out of sync, so you say things that hurt people you care about without meaning to. You notice **blunt honesty replacing your usual tact**, and conversations that should feel warm come across as cold or critical instead. Over the coming weeks, pay attention to how quickly you speak before checking whether what you're saying matches what you actually feel.

♆ Neptune qx Quincunx ♇ natal Pluto

Over the coming weeks, you may notice that **your usual methods for handling difficult situations stop working quite the way they used to**. You might feel unsure about how much control you actually have in situations that once seemed straightforward, and old strategies for dealing with pressure start to feel off somehow. This is a practical adjustment period where you'll need to experiment with different approaches rather than pushing harder with the ones you know.

♂ Mars △ Trine ♂ natal Mars

You find it easier to push through physical tasks and stick with difficult goals while this lasts. Your usual drive gets a real boost, so work projects move faster and exercise feels less like a battle. This is a good time to tackle anything that requires sustained effort because your natural assertiveness and your ability to follow through are working together smoothly.

♃ Jupiter qx Quincunx ☾ natal Moon

Over the coming weeks you may feel pulled between wanting more comfort and feeling restless with your current situation. Your emotional needs don't quite match what's actually available to you right now, so you keep adjusting your expectations without getting settled. This **mild discomfort with routine** often pushes you to make small changes in how you manage your home or relationships, even if you're not entirely sure what you want.

☿ Mercury Rx · ♊ Gemini

Information overload and communication mix-ups are more likely right now than at other times. You may find yourself re-reading, misunderstanding, or having to repeat conversations that should have been straightforward. Slow down with written communications in particular — errors sneak through when you feel most certain.

♄ Saturn Rx · ♒ Aquarius

The structures supporting group goals, social commitments, and future-oriented plans are being honestly tested right now. Rules and systems that seemed useful may prove unnecessarily rigid under pressure. Distinguishing between structures worth preserving and those worth updating is the most useful work of this period.

☉ Sun ♂ Conjunction ♿ Mercury

These days your mind feels clearer and you're more likely to speak up about what you actually think. **You say things more directly** and people tend to listen because you sound confident. This is a practical time to have conversations you've been putting off or to explain yourself without second-guessing every word.

☾ Moon ∟ Semi sextile ♂ Mars

These days you have a natural **willingness to take action on what matters to you emotionally**. You notice you can speak up about your needs without getting defensive, and people respond better because you sound calm instead of urgent. This period gives you just enough psychological momentum to move on something you've been sitting with for weeks.
