KEY TRANSIT FACTORS

☉ Sun △ Trine ♁ natal Uranus ★

Over the coming weeks, you feel more comfortable taking a different approach to something you've been doing the same way for years. Your **willingness to experiment without overthinking** makes it easy to try new methods at work or in your daily routine. This is a practical window where change feels natural rather than risky, so any updates or innovations you're considering have real momentum behind them.

☉ Sun ♂ Conjunction ♂ natal Mars ★

You're running on more fuel than usual right now, and you're likely to **act on impulses faster than you normally would**. Your appetite for physical activity, competition, or getting things done goes up noticeably during these weeks. This burst of directness can help you tackle projects or stand up for yourself, though you might also notice you're more irritable if something gets in your way.

♃ Jupiter ♂ Conjunction ♀ natal Venus

Over the coming weeks, you're more **generous with your time and attention**, and people respond by wanting to be around you more often. You feel less critical of yourself and others, which makes social situations feel easier and less exhausting. This is a practical window to deepen relationships or make a good impression, since you're naturally more likeable right now.

♁ NNode * Sextile ☉ natal Sun

Over the coming weeks, you find it easier to **say yes to opportunities that actually fit who you are**. People seem to notice your confidence and invite you into situations where you can be yourself without pretending. This is a practical window to take on roles or projects that match your actual strengths rather than what you think you should be doing.

☿ Mercury □ Square ♆ natal Neptune

Right now your thinking feels scattered and you struggle to pin down what you actually mean when you try to explain yourself. You say things you don't quite believe, or you get halfway through a sentence and realize you've lost your point completely. These mixed signals in your communication create **misunderstandings with people who matter to you**, and it takes real effort to slow down and say things clearly instead of in the fuzzy way that feels natural to you at the moment.

☾ Moon □ Square ☿ Mercury

Right now your **feelings and thoughts are working against each other**, making it hard to say what you actually mean. You might feel irritated or misunderstood because your emotions are moving faster than your ability to explain them. These days conversations tend to go sideways even when you're trying to be clear, because *Moon* and *Mercury* are pulling in opposite directions.

› Moon ☐ Square ♃ Jupiter

Your emotions feel bigger than they actually are right now, and you are **overreacting to small disappointments** as if they matter more than they do. *Jupiter* amplifies whatever *Moon* is feeling, so today you might eat too much when you are mildly sad, or spend money you did not plan to spend because you want to feel better. The gap between what you want and what is realistic becomes harder to ignore, and sitting with that gap without doing something about it takes real effort.

› Moon * Sextile ♄ Saturn

These days you find it easier to **stick to what matters** and ignore what doesn't. Your emotional reactions are quieter and more measured, which means you can actually listen to people instead of just reacting. This period gives you the practical steadiness to follow through on commitments without needing constant reassurance.

* = natal resonance — this transit echoes your birth chart, amplifying its influence

LUNAR DAY
