KEY DATE

☉ Sun enters ♊ Gemini

Sun in *Gemini* brings a **shift toward curiosity and talking things through** — you'll notice people asking more questions, starting conversations they'd normally skip, and wanting to understand how things work. At work and in relationships, **communication becomes easier and faster**, though the downside is that people scatter their attention across more projects and topics than they can actually finish. **Short trips, emails, and quick decision-making** pick up noticeably during this month, so if you've been putting off organizing your schedule or catching up with contacts, this is when that restless energy makes it feel natural.

KEY TRANSIT FACTORS

♇ Pluto △ Trine ♄ natal Saturn

You find it easier right now to stick with difficult tasks without losing confidence in yourself. **You work with steady focus** on what actually matters, turning big goals into concrete steps. This period supports you in building something real that lasts, whether at work or in how you organize your life.

☉ Sun ♋ Opposition ♅ natal Uranus

Right now you're finding it hard to stick to plans or routines because you keep feeling the urge to break free or rebel against your own commitments. Your **restlessness makes you impatient** with structures you normally accept, and you may act on impulse in ways that disrupt your work or relationships. Over the coming weeks, you'll need to notice this impulse before you act on it, because most of what feels urgent to change is actually just temporary frustration with your own consistency.

♇ Pluto △ Trine ♃ natal Jupiter

Over the coming weeks, you find it easier to take productive risks and push past self-imposed limits without overthinking. Your **confidence in your own judgment grows**, and you're more likely to follow through on plans that require persistence or personal reinvention. This is a good window to tackle something you've been putting off because it feels too big or demanding.

♃ Jupiter ♁ Quincunx ♀ natal Venus

Right now you're noticing that what you want socially or romantically doesn't quite fit with what you're actually doing about it. You might feel **pulled in opposite directions**—generous impulses clash with practical limits, or you're generous in ways that don't land the way you hoped. Over the coming weeks, small adjustments to how you show up in relationships will feel more natural than pushing harder in any one direction.

♀ Venus □ Square ♁ natal NNode

Right now you're drawn to people and situations that feel comfortable but don't actually move you forward, making it harder to stick with the **relationships and commitments that genuinely challenge you to grow**. You might notice yourself avoiding conversations or connections that require vulnerability, instead choosing familiar company that asks nothing of you. Over the coming weeks, this pattern could leave you feeling stuck between what's easy and what's actually good for you.

☉ Sun ☐ Square ♂ Mars

Right now you feel **irritable and impatient** with anyone who moves slower than you want them to. Your frustration comes out quickly, and you might say things sharply or push for action before people are ready. This friction between what you want to do immediately and what actually needs to happen teaches you where your expectations don't match reality.

☉ Sun ∟ Semi sextile ♄ Chiron

These days you find it easier to **notice what actually bothers you instead of ignoring it**. This small shift in self-awareness means you can address practical problems before they get worse. The *Sun* and *Chiron* aspect right now creates a quiet window where you see yourself more clearly and can make real changes.

☾ Moon ☌ Quincunx ♀ Venus

Right now your emotional needs and what you want socially are slightly out of sync, so you might feel pulled in two directions. You could notice yourself wanting comfort and closeness at times when you'd rather stay independent, or the opposite. This **mismatch between feeling and wanting** is temporary, and noticing it is the first step to working with it instead of against it.
