KEY DATE

♄ Saturn stations Retrograde

Saturn stationing retrograde means **delays and reviews become the pattern** for the next few months in work, responsibilities, and long-term plans. When this planet appears to move backward, people commonly experience **slowdowns in projects, contracts, or official processes** — deadlines shift, approvals take longer, and progress feels stuck even when you're putting in effort. The practical shift is to **focus on fixing past mistakes** and tightening up weak spots in your systems rather than pushing hard for new starts during this time.

KEY TRANSIT FACTORS

☉ Sun △ Trine ♅ Uranus ★

Right now you feel comfortable taking risks that normally make you anxious, and **you speak up about ideas you'd usually keep quiet**. Other people seem more receptive to what you have to say, and conversations naturally veer toward what could happen instead of what has always happened. This is a good time to propose changes at work, try something new socially, or make a practical decision you've been putting off.

♃ Jupiter ♂ Conjunction ☿ natal Mercury

You're thinking more expansively right now and your mind feels faster than usual. You're likely talking more, asking bigger questions, and finding it easier to explain your ideas to others. This is a good window to pitch a proposal, write something you've been putting off, or have conversations you've been avoiding because your confidence in what you're saying is genuinely higher.

☿ Mercury ∟ Semi sextile ♅ natal Uranus

Your mind feels sharper at spotting patterns other people miss, and you're more likely to **ask the unconventional questions** that actually move a conversation forward. These days you find it easier to explain your unusual ideas to others because your words just seem to land better. Over the coming weeks, this is a good time to pitch new thinking at work or share perspectives you've been holding back.

♀ Venus ♂ Quincunx ☉ natal Sun

These days you feel **slightly out of sync with what you normally want**, making social and romantic situations feel awkward even when they shouldn't. You might attract attention from others but struggle to enjoy it the way you usually do, or find yourself wanting closeness while also wanting space. This mismatch between your confidence and your social comfort will ease once this period passes.

♀ Venus ★ Sextile ♆ natal Neptune

You find it easier to be **gentle and accepting** with people right now, even when they disappoint you. Your *Venus* sextile to your *Neptune* makes you more forgiving and less likely to hold grudges over small slights. This softness in how you treat others tends to make your relationships feel safer and more connected over the coming weeks.

♅ Pluto ☐ Square ♄ natal Chiron

Right now you're bumping up against old wounds that usually stay quiet, and it feels uncomfortable because you can't just ignore them the way you normally do. You might find yourself **overreacting to small slights or feeling defensive** about situations that wouldn't usually bother you. Over the coming weeks, this friction is forcing you to look at how you protect yourself—not to fix everything at once, but to notice where your defenses are actually holding you back from connecting with other people.

☿ Mercury Rx · ♏ Scorpio

Communication about sensitive or private matters is particularly prone to misunderstanding during this period. Past secrets, investigations, or unresolved trust issues may resurface and demand honest attention. What you hesitate to say is often more important than what you actually say right now.

♄ Saturn Rx · ♋ Cancer

The structures that support emotional security — family obligations, domestic arrangements, and habitual patterns of care — are being reassessed right now. Boundaries in close relationships may feel either too rigid or insufficiently maintained. Honest reflection on what genuinely sustains you yields more now than seeking external reassurance.

☉ Sun △ Trine ☾ Moon

These days you find it easier to know what you actually want and to ask for it without overthinking. Your emotional reactions line up with your real goals, so you move forward without fighting yourself. This is a good time to make decisions or have conversations because you sound genuine and people respond well to that.

☉ Sun ☐ Square ♂ Mars

Right now you feel **irritable and impatient** with anyone who moves slower than you want them to. Your frustration comes out quickly, and you might say things sharply or push for action before people are ready. This friction between what you want to do immediately and what actually needs to happen teaches you where your expectations don't match reality.

LUNAR DAY

Moon in ♋ Pisces · Day 10 / 30 · First Quarter

The boundary between personal and environmental moods blurs during this transit, making it easy to absorb the emotional state of whoever is nearby. Imagination and sensitivity both run higher, while clarity of thought and decision-making run lower for the next 48 hours.
