KEY TRANSIT FACTORS

♆ Neptune * Sextile ☿ natal Mercury ★

Your mind feels more **flexible and imaginative** right now, making it easier to see connections between ideas that normally seem separate. You might find yourself writing more fluently, explaining things in ways people actually understand, or picking up creative projects without the usual self-criticism. This is a good window to explore new subjects, work on communication that requires empathy, or simply let your thinking become a bit more intuitive than usual.

☉ Sun △ Trine ♅ natal Uranus ★

Over the coming weeks, you feel more comfortable taking a different approach to something you've been doing the same way for years. Your **willingness to experiment without overthinking** makes it easy to try new methods at work or in your daily routine. This is a practical window where change feels natural rather than risky, so any updates or innovations you're considering have real momentum behind them.

☉ Sun □ Square ♆ Neptune ★

Right now you are likely to **confuse what you want with what you imagine you want**, making it hard to set realistic goals or stick to decisions. People around you may seem unreliable or evasive, and you might notice yourself doing the same thing without meaning to. This period asks you to slow down and write things down before acting, because your usual sense of what is real gets cloudy.

☉ Sun qx Quincunx ♇ Pluto ★

Right now you might feel **out of step with your own needs**, as if what you want and what's actually happening don't quite match up. You notice yourself making small adjustments to stay in control of a situation, only to realize those tweaks aren't really working. This mismatch between your intentions and real results can leave you feeling frustrated until you accept that some things need to shift more completely than you planned.

☉ Sun △ Trine ☉ natal Sun

You feel **naturally confident** in who you are right now, and people respond to that ease in you. Your goals and what you actually want to do line up better than usual, so decisions feel less exhausting. Over the coming weeks you'll probably notice yourself moving forward on things without having to push so hard.

♄ Saturn qx Quincunx ♀ natal Venus

Over the coming weeks, you may feel **awkward or hesitant in relationships** even though you want to be close to someone. Small gestures of affection or attempts to connect might feel clumsy or poorly timed, leaving you wondering if you are doing things right. This is temporary friction between what you want emotionally and what feels practical or safe right now.

☾ Moon qx Quincunx ♃ natal Jupiter

Over the coming weeks, you might feel **restless about your own beliefs or plans** without being able to pinpoint why. Your emotional needs and your larger goals keep pulling in different directions, making it hard to feel settled in either area. This mismatch usually passes on its own once the transit moves on.

› Moon ☐ Square ♃ Mercury

Right now your **feelings and thoughts are working against each other**, making it hard to say what you actually mean. You might feel irritated or misunderstood because your emotions are moving faster than your ability to explain them. These days conversations tend to go sideways even when you're trying to be clear, because *Moon* and *Mercury* are pulling in opposite directions.

LUNAR DAY

Moon in ♉ Taurus · Day 24 / 30 · Last Quarter

The pace slows considerably during this transit as comfort and familiar surroundings take priority over efficiency. Resistance to change hardens, and any disruption to routine tends to provoke stubborn pushback.
