KEY TRANSIT FACTORS

☿ Mercury ☐ Quincunx ☾ natal Moon · peak 2 Dec ★

Right now your thoughts and your feelings are working at cross purposes, so you say one thing while sensing something different underneath. You might find yourself explaining yourself repeatedly to people because your words do not quite match what you actually feel, creating **awkward misunderstandings in conversations**. Over the coming weeks, paying attention to this gap between what you think and what you feel will help you communicate more clearly.

♂ Mars △ Trine ☾ natal Moon · peak 1 Dec ★

Right now you're noticing that your **gut feelings guide you toward action without hesitation**, and other people respond well to this directness. What usually takes you weeks to decide feels clear and doable in a matter of days. Over the coming weeks, you'll likely tackle practical tasks and conversations that have been sitting on your to-do list, because your emotional confidence and motivation are running in sync.

♊ NNode △ Trine ♀ natal Venus · peak 16 Dec

Right now you find it easier to **say what you actually want in relationships** instead of hiding your needs. People respond well to your honesty because you're not aggressive about it, just clear. Over these coming weeks, you may notice others treating you with more warmth and respect when you show up as your authentic self.

♄ Saturn ☐ Square ♄ natal Saturn · peak 29 Dec

You feel **blocked and frustrated** by rules and limits that suddenly feel too tight, whether at work or in your own routines. Everything takes longer than it should right now, and you are likely to doubt whether you have what it takes to reach your goals. These feelings are real but temporary, and pushing harder against the resistance usually backfires, so your best move is to slow down and rebuild your structure piece by piece.

♄ Saturn ∠ Semi sextile ♊ natal NNode · peak 13 Dec

Over the coming weeks, you find it easier to **follow through on commitments** without second-guessing yourself or overthinking the details. A quiet confidence settles in when you're working toward goals that actually matter to you, and you waste less time on distractions. This practical steadiness helps you build real progress in areas where you've been hesitant or uncertain.

♃ Jupiter ☐ Square ♆ natal Neptune · peak 1 Dec

Right now you are **overestimating what you can achieve** and making promises you cannot keep. Your optimism is running ahead of reality, and you may find yourself committed to projects or goals that are actually beyond your practical reach. Over the coming weeks, disappointment will follow when you realize the gap between what you imagined and what is actually possible.

♃ Jupiter ☍ Opposition ☾ natal Sun · peak 5 Dec

Right now you are running into people and situations that directly challenge what you believe about yourself. You feel **pulled in opposite directions** — one part of you wants to expand and take on more, while another part doubts whether you can actually deliver. Over the coming weeks, this friction is likely to expose where you've been overestimating your capabilities or making promises you can't keep.

♄ Chiron * Sextile ☾ natal Moon · peak 1 Dec

Right now you find it easier to talk about things that usually upset you, and people actually listen instead of dismissing your feelings. Your **emotional honesty** becomes something others trust rather than fear, and that creates real closeness in your relationships. This window won't last forever, so these are good weeks to have the conversations you've been putting off.

♄ Saturn ☐ Square ♃ natal Jupiter · peak 31 Dec

Right now you are running into real limits on plans you thought were solid, and it feels frustrating because you expected things to move faster. Your natural **optimism about what's possible hits a wall**, and you have to sit with delays, rejections, or the plain fact that something costs more than you budgeted. Over the coming weeks, this friction between your hopes and actual circumstances forces you to get honest about what you can actually do, which is uncomfortable but necessary.

♆ Neptune ☌ Conjunction ♃ natal Jupiter · peak 31 Dec

You're more willing to take risks right now, and your usual caution about money or commitments feels less important than it did before. This can work in your favour if you're starting something new, but you might also overlook practical details or agree to things without checking the facts first. Over the coming weeks, check decisions twice before acting, because your judgment about what's realistic is softer than normal.

♃ Jupiter ☿ Quincunx ☿ natal Mercury · peak 31 Dec

Right now your thinking feels scattered when you try to tackle detailed work or organize your thoughts. You may notice yourself making careless mistakes in writing or communication because your **attention keeps jumping between ideas** instead of staying focused. Over the coming weeks, double-checking your work and writing things down before speaking will help you actually complete what you start.

♆ Neptune ☌ Conjunction ♄ natal Saturn · peak 31 Dec

Over the coming weeks, your usual sense of what's solid and reliable starts to feel less certain, and you may find yourself **questioning decisions you thought were final**. Practical plans can become harder to stick to because details feel fuzzy or you keep changing your mind about what actually matters. This is a good time to avoid making permanent commitments, but a useful time to revisit old assumptions about what you need from work or responsibility.

♇ Pluto ☌ Conjunction ♃ natal NNode · peak 31 Dec

Over the coming weeks, you're likely to feel **drawn toward situations that demand you shed old patterns and step into unfamiliar territory**. People and opportunities that previously felt outside your reach may suddenly appear, pushing you to make choices that feel risky but necessary. This period can feel intense and uncomfortable because you're being forced to confront what you've outgrown.

♃ Jupiter ☌ Semi sextile ♇ natal Pluto · peak 1 Dec

While this lasts, you find yourself **willing to take small risks that push you past old limits**. You feel a quiet confidence in your ability to handle situations that normally feel too big or demanding, and you naturally start saying yes to opportunities you would have avoided before. Over the coming weeks, this steady courage tends to open doors that lead to real personal or professional growth.

♄ Chiron * Sextile ☽ natal Uranus · peak 1 Dec

You find yourself **more willing to experiment with new approaches** to problems that have frustrated you for a while, and your experiments actually work out better than you expected. Your friends or colleagues notice that you're suddenly more open to their unconventional ideas instead of dismissing them. Over the coming weeks, this combination of curiosity and practical luck means you can make real progress on something you've wanted to change about yourself or your situation.

♄ Saturn Rx · ♋ Cancer

The structures that support emotional security — family obligations, domestic arrangements, and habitual patterns of care — are being reassessed right now. Boundaries in close relationships may feel either too rigid or insufficiently maintained. Honest reflection on what genuinely sustains you yields more now than seeking external reassurance.

LUNATIONS

● New Moon · Saturday, 16 Dec

in ♐ Sagittarius

new beliefs, expansion, broader horizons

in H1 — Self & Identity

A new cycle is opening around your sense of self and how you present to the world. This is the right moment to redefine how you want to be seen and to take deliberate steps toward a fresh start in your personal goals. **Physical changes, new habits, and shifts in your self-image** are all supported now. What you begin under this lunation has a direct impact on your confidence and direction for the next six months.

○ Full Moon · Friday, 29 Dec

in ♋ Cancer

emotional culmination, family matters, inner needs surface

in H7 — Partnerships

A significant relationship is reaching a turning point. Something between you and a **partner, collaborator, or significant other** is being fully illuminated — what's been working, what hasn't, and what needs to change. This full moon often brings a relationship decision to the surface: a commitment deepening, a conflict coming to a head, or a partnership reaching its natural conclusion. See clearly what's actually in front of you, not what you've hoped it would become.

KEY DATES

Fri, 1 Dec ♃ Jupiter ☐ Square ♃ natal Neptune

♄ Chiron * Sextile ☾ natal Moon

Sat, 2 Dec ☿ Mercury enters ♑ Capricorn

Mercury entering *Capricorn* shifts how you talk and think toward **practical results** — you'll notice yourself cutting out small talk and focusing on what actually matters at work or in conversations. People around you tend to **respect the directness** more during this time, even if your words feel plainer than usual, because *Capricorn* makes communication **efficient and honest**. At work especially, **planning and problem-solving** feel sharper; *Mercury* here rewards you for thinking several steps ahead instead of reacting on the spot.

Tue, 5 Dec ♃ Jupiter ☌ Opposition ☼ natal Sun

Mon, 11 Dec ♀ Venus enters ♒ Aquarius

♄ Chiron * Sextile ☾ natal Moon

Venus in *Aquarius* makes people **less interested in traditional relationship rules** and more drawn to friends, group settings, or unconventional arrangements. In practice, you might notice yourself **valuing independence and honesty** over romantic gestures, or finding that casual friendships suddenly feel more appealing than intense one-on-one bonds. At work and in daily life, this transit brings a **cooler, more detached approach** to money and socialising—you'll likely spend less on impulsive buys and prefer people who let you do your own thing.

Thu, 14 Dec ☿ Mercury stations Retrograde

When *Mercury* stations retrograde, **communication breakdowns and misunderstandings** become noticeably more common in daily life. Emails get lost, conversations get tangled, and people often need to **repeat themselves or clarify** what they meant the first time around. Travel plans, contracts, and tech devices tend to **glitch or require fixes**, so most people find themselves troubleshooting problems they thought were already solved.

Sat, 16 Dec New Moon in Sagittarius

♁ NNode △ Trine ♀ natal Venus

Fri, 22 Dec ☼ Sun enters ♑ Capricorn

The Sun moving into *Capricorn* shifts focus toward **getting results** and **building something real** — you'll notice people around you tightening routines, setting deadlines, and cutting away what doesn't work. At work and in projects, there's a **push for efficiency** over comfort, so meetings get shorter, decisions happen faster, and people care less about feelings and more about the bottom line. In relationships and friendships, expect **less small talk** and more honest conversations about what actually matters — this is when people check in on whether things are moving forward or just stalling.

Sun, 24 Dec ☿ Mercury enters ♐ Sagittarius

♃ Neptune ☌ Conjunction ♃ natal Jupiter

♄ Saturn ☐ Square ♃ natal Jupiter

Mercury in *Sagittarius* brings **direct, blunt communication** — people say what they think without much filtering, which can clear the air or create awkward moments depending on who's listening. At work and in conversations, you'll notice **big-picture talk** taking over, with less patience for small details or nitpicking, so getting agreements in writing becomes more important. *Sagittarius* also pushes curiosity and debate, so **arguments stay friendly** longer than usual, even when people disagree strongly.

Mon, 25 Dec ♁ NNode △ Trine ♀ natal Venus

Fri, 29 Dec Full Moon in Cancer

Sun, 31 Dec ♄ Saturn ☐ Square ♃ natal Jupiter
