KEY TRANSIT FACTORS

♆ Neptune * Sextile ♁ natal NNode · peak 31 Dec

Over the coming weeks, you find it easier to **trust your instincts about what matters to you**, and this makes decisions about your direction feel less forced. People around you respond well to your openness right now, and conversations naturally turn toward what you actually care about rather than what you think you should want. This is a good time to explore interests that have been calling to you quietly, because your imagination and your sense of purpose are working together instead of pulling in different directions.

♃ Jupiter ☽ Conjunction ♇ natal Pluto · peak 23 Dec

Right now you are drawn to situations where you can take charge and reshape things that feel stalled or broken. You may push harder than usual to gain control over a project, relationship, or part of your life that frustrates you—and **your determination is real, but you risk overwhelming others or moving too fast**. Over the coming weeks, notice whether you are solving actual problems or simply trying to force change for its own sake.

♅ Uranus ∟ Semi sextile ♄ natal Chiron · peak 24 Dec

These days you're noticing that your old vulnerabilities are becoming less raw, and you actually have the mental space to think about them differently. You're picking up on small practical shifts—maybe you're finally willing to try a new approach to something that used to trip you up, or you're seeing humor in a situation that once felt painful. This window won't last long, but it's giving you a real chance to experiment with new responses before you slide back into your usual patterns.

♄ Chiron ♁ Quincunx ♀ natal Venus · peak 24 Dec

Right now you notice small awkwardness in how you connect with people you care about, as if your usual way of showing affection doesn't quite land the way you expect. You might feel **slightly out of sync with your own preferences**, unsure whether you actually want what you thought you wanted in your relationships. Over the coming weeks, this discomfort is actually useful—it pushes you to adjust how you relate and to notice when you're settling or performing instead of being genuine.

♁ NNode ♁ Quincunx ♅ natal Uranus · peak 20 Dec

Your usual way of handling change feels awkward right now, like your instinct for independence is out of sync with what you actually need to do. You might notice yourself wanting to break free from something at the same time you're supposed to be working within a system or commitment. **The mismatch between your need for freedom and your practical obligations** creates low-level friction that makes decisions harder than they should be, and this typically settles down over the coming weeks.

♄ Saturn ☐ Square ♇ natal Pluto · peak 13 Dec

You're likely to feel **boxed in by rules or limits that feel suffocating**, especially where you normally have control. *Saturn* is forcing you to face situations where your usual tactics don't work anymore, and that frustration can build into real anger. These days you'll benefit from finding practical outlets for that pressure instead of letting it mount, because bottling it up will only make you feel more trapped.

♃ Jupiter * Sextile ♆ natal Neptune · peak 31 Dec

Over the coming weeks, you find it easier to **trust your intuition without overthinking**, and this quieter confidence actually helps you make better decisions in practical situations. Your imagination feels less chaotic right now, and you can use creative ideas to solve real problems at work or in your relationships instead of getting lost in them. This is a good window to act on something you've been imagining or planning, because your instincts and your common sense are actually working together.

♁ NNode ∟ Semi sextile ♀ natal Moon · peak 1 Dec

While this lasts, you find it easier to **listen to what you actually need** instead of pushing through discomfort. People around you tend to respond well to you right now because you're more relaxed and genuine in conversations. Over the coming weeks, small emotional hurdles feel less like obstacles and more like things you can work through naturally.

♁ NNode □ Square ♂ natal Mars · peak 31 Dec

Right now you're running into **obstacles when you try to take direct action**, especially on goals that matter to you personally. People around you seem to resist or block what you're pushing for, which makes you frustrated and impatient. Over the coming weeks, you'll need to slow down and reconsider your approach instead of just charging ahead like you normally do.

♄ Saturn qx Quincunx ♆ natal Neptune · peak 1 Dec

Right now you're noticing the gap between what you imagine and what actually works in practice. You feel caught between wanting to escape reality and knowing you have real responsibilities that need attention. This uncomfortable mismatch forces you to make small adjustments to your plans, even if it feels frustrating at the moment.

♃ Jupiter qx Quincunx ☉ natal Sun · peak 31 Dec

Over the coming weeks, you feel pulled toward bigger plans or ambitions but find the timing awkward — what looks promising on paper doesn't fit smoothly into your actual life right now. You may **start projects with real enthusiasm only to realize they need reworking** once you see how they actually slot into your schedule or resources. This period asks you to adjust your expectations rather than push forward unchanged, and that kind of practical recalibration takes patience.

♃ Jupiter qx Quincunx ♀ natal Venus · peak 1 Dec

Right now you're noticing that what you want socially or romantically doesn't quite fit with what you're actually doing about it. You might feel **pulled in opposite directions**—generous impulses clash with practical limits, or you're generous in ways that don't land the way you hoped. Over the coming weeks, small adjustments to how you show up in relationships will feel more natural than pushing harder in any one direction.

♆ Neptune ♂ Conjunction ♄ natal Saturn · peak 1 Dec

Over the coming weeks, your usual sense of what's solid and reliable starts to feel less certain, and you may find yourself **questioning decisions you thought were final**. Practical plans can become harder to stick to because details feel fuzzy or you keep changing your mind about what actually matters. This is a good time to avoid making permanent commitments, but a useful time to revisit old assumptions about what you need from work or responsibility.

♄ Saturn △ Trine ☉ natal Sun · peak 1 Dec

Right now you find it easier to **follow through on what matters to you**, and people notice the difference in your reliability. Your practical sense is sharp, so you can see which goals are actually worth your time and which ones to drop without guilt. Over these coming weeks, you're building real credibility because you do what you say you will do.

♆ Neptune ♂ Conjunction ♃ natal Jupiter · peak 1 Dec

You're more willing to take risks right now, and your usual caution about money or commitments feels less important than it did before. This can work in your favour if you're starting something new, but you might also overlook practical details or agree to things without checking the facts first. Over the coming weeks, check decisions twice before acting, because your judgment about what's realistic is softer than normal.

☿ Mercury Rx · ♐ Sagittarius

Plans for travel, education, or big-picture goals hit unexpected snags right now. Opinions expressed with too much confidence may need to be walked back, and long-distance communications often get garbled. This is a better period for reviewing beliefs than for broadcasting them.

♄ Saturn Rx · ♋ Cancer

The structures that support emotional security — family obligations, domestic arrangements, and habitual patterns of care — are being reassessed right now. Boundaries in close relationships may feel either too rigid or insufficiently maintained. Honest reflection on what genuinely sustains you yields more now than seeking external reassurance.

LUNATIONS

● New Moon · Wednesday, 5 Dec

in ♐ Sagittarius

new beliefs, expansion, broader horizons

in H1 — Self & Identity

A new cycle is opening around your sense of self and how you present to the world. This is the right moment to redefine how you want to be seen and to take deliberate steps toward a fresh start in your personal goals. **Physical changes, new habits, and shifts in your self-image** are all supported now. What you begin under this lunation has a direct impact on your confidence and direction for the next six months.

○ Full Moon · Tuesday, 18 Dec

in ♊ Gemini

information peak, scattered focus, mental overload

in H7 — Partnerships

A significant relationship is reaching a turning point. Something between you and a **partner, collaborator, or significant other** is being fully illuminated — what's been working, what hasn't, and what needs to change. This full moon often brings a relationship decision to the surface: a commitment deepening, a conflict coming to a head, or a partnership reaching its natural conclusion. See clearly what's actually in front of you, not what you've hoped it would become.

KEY DATES

Sat, 1 Dec ♃ Neptune ☌ Conjunction ♄ natal Saturn

♄ Saturn △ Trine ☉ natal Sun

Sun, 2 Dec ♄ Saturn □ Square ♇ natal Pluto

Wed, 5 Dec ☿ Mars stations Retrograde

New Moon in Sagittarius

Mars stationing retrograde often brings **delays and restarts** in projects, work deadlines, and physical activities—things that felt urgent suddenly move slower or need reworking. People commonly notice they feel less pushy, more willing to **reconsider decisions** they made before, and sometimes **old conflicts or rivalries** come back up that need settling. In practical terms, this is a good time to **revise plans** rather than launch new ones, fix broken equipment, and handle any pending arguments you've been avoiding.

Thu, 6 Dec ♀ Venus enters ♐ Sagittarius

Venus in *Sagittarius* brings a **looser, more generous** approach to spending and dating, with people tending to say yes to invitations and expensive outings rather than staying home. In relationships and work, this transit makes **honesty and directness** feel more important than keeping the peace, so conversations become blunter and less filtered. Most people notice they **want variety** — sticking with the same restaurant, routine, or person feels boring — and they're more willing to try something unfamiliar or travel to a new place.

Thu, 13 Dec ♄ Saturn □ Square ♇ natal Pluto

Sun, 16 Dec ♃ Jupiter ☌ Conjunction ♇ natal Pluto

Mon, 17 Dec ☿ Mercury stations Direct

Mercury stationing direct means **conversations and decisions that felt stuck** will start moving again, and you'll notice **clarity returning** to emails, plans, and talks that were confusing before. At work and in daily life, **miscommunications often resolve themselves** once this station passes, and people tend to follow through on things they'd postponed. Over the next few days, **information you've been waiting for** usually arrives, and you'll feel ready to **commit to choices** you'd been sitting on.

Tue, 18 Dec Full Moon in Gemini

Sat, 22 Dec ☉ Sun enters ♑ Capricorn

♁ NNode enters ♊ Gemini

The Sun moving into *Capricorn* shifts focus toward **getting results** and **building something real** — you'll notice people around you tightening routines, setting deadlines, and cutting away what doesn't work. At work and in projects, there's a **push for efficiency** over comfort, so meetings get shorter, decisions happen faster, and people care less about feelings and more about the bottom line. In relationships and friendships, expect **less small talk** and more honest conversations about what actually matters — this is when people check in on whether things are moving forward or just stalling.

Sun, 23 Dec ♃ Jupiter ☌ Conjunction ♇ natal Pluto

♃ Neptune ✕ Sextile ♁ natal NNode

♁ NNode □ Square ☿ natal Mars

Thu, 27 Dec ☿ Mars enters ♋ Cancer

Mars in *Cancer* shifts how people push forward — instead of charging ahead, they move with **more caution and emotion**, checking in with themselves and others before acting. At work and in relationships, you'll notice people

becoming **protective of what matters**, defending ideas or loved ones rather than starting new fights, and taking longer to make decisions because feelings are wrapped up in every choice. This transit typically brings **slower progress but steadier effort**, since *Mars* in *Cancer* keeps going even when tired, fuelled by loyalty and what feels personal rather than pure ambition.

Sun, 30 Dec ♀ Venus enters ♄ Capricorn

Venus in *Capricorn* makes people **slower to commit** but more serious once they do—you notice yourself caring less about flashy romance and more about whether someone actually shows up. At work and in friendships, this transit brings **direct conversations** about what you actually want instead of hinting around, and people generally respect the honesty. Money matters get **practical attention** too, so you're more likely to check your budget, delay impulse buys, and think about long-term value rather than what feels good right now.
