KEY TRANSIT FACTORS

☿ Mercury ☿ Quincunx ☾ natal Moon · peak 19 Dec ★

Right now your thoughts and your feelings are working at cross purposes, so you say one thing while sensing something different underneath. You might find yourself explaining yourself repeatedly to people because your words do not quite match what you actually feel, creating **awkward misunderstandings in conversations**. Over the coming weeks, paying attention to this gap between what you think and what you feel will help you communicate more clearly.

♂ Mars ∟ Semi sextile ☿ natal Mercury · peak 31 Dec ★

Your mind feels sharper these days, and you're picking up on details you'd normally miss in conversations. **You speak with more directness and confidence**, which helps you get your point across without wasting time on unnecessary words. This is a practical window for tackling projects that need clear thinking or sorting out plans you've been sitting with.

♃ Jupiter ☐ Square ♃ natal Jupiter · peak 16 Dec

Right now you're caught between wanting to expand too fast and hitting real practical limits. You overestimate what you can handle, say yes to too much, and then feel frustrated when reality doesn't cooperate with your plans. These friction points are teaching you where your actual resources end, but the lesson feels annoying rather than helpful **while it lasts**.

♆ Neptune ☿ Quincunx ♁ natal Chiron · peak 8 Dec

While this lasts, you may notice **difficulty separating your own pain from other people's problems**. You feel drawn to help or rescue someone, but the situation stays unclear and drains you without resolution. Over the coming weeks, set practical boundaries about what you can actually do rather than getting pulled into situations that feel emotionally important but ultimately aren't yours to fix.

♁ Chiron △ Trine ☾ natal Moon · peak 7 Dec

Right now you find it easier to talk about what actually hurts instead of pushing feelings away or making yourself smaller. People around you respond differently when you speak from this honest place, and conversations that would normally feel risky become manageable. Over the coming weeks, this support from others gives you real permission to take your emotional needs seriously rather than dismissing them as weakness.

♅ Uranus ☐ Square ♂ natal Mars · peak 7 Dec

These days you feel **restless and impatient with normal routines**, and you're more likely to act on impulses without thinking through the consequences. Your usual way of handling frustration stops working, so small annoyances trigger bigger reactions than they should. Over the coming weeks, this mismatch between what you want to do right now and what you actually should do will create real practical problems if you don't stay aware of it.

♃ Jupiter ♁ Quincunx ♁ natal NNode · peak 24 Dec

Over the coming weeks, you feel pulled toward new opportunities that don't quite fit your usual pattern, and this creates a practical tension you have to work through. You might say yes to something professionally or socially that requires you to **adapt your approach or learn something new**, even though it feels awkward at first. The mismatch between what you want to try and what comes naturally to you forces you to make a real choice about whether growth is worth the temporary discomfort.

♃ Jupiter ☐ Square ♄ natal Saturn · peak 18 Dec

Right now you're caught between wanting to expand and feeling held back by practical limits. You may **overcommit yourself** and then run into real obstacles that force you to cut back, leaving you frustrated. These next weeks will test whether you can push forward responsibly or if you'll waste energy fighting against real constraints.

♁ NNode ☐ Square ♀ natal Moon · peak 31 Dec

You are feeling **emotionally pulled in two directions** right now, wanting to stay comfortable while something pushes you toward unfamiliar social or practical territory. Your gut reactions clash with what people around you seem to expect, leaving you irritable and confused about what you actually need. Over the coming weeks, you will have to choose between repeating old emotional patterns or accepting that some relationships and routines no longer fit who you are becoming.

♄ Chiron ♂ Conjunction ♃ natal Uranus · peak 1 Dec

While this lasts, you become more aware of the ways you resist change or cling to independence in your relationships and work. You notice situations where you demand freedom but also expect others to stay loyal, or where you want things your own way but feel hurt when people don't follow. This period often brings **clarity about patterns** that have confused or frustrated you — and you can actually do something about them if you pay attention.

♃ Uranus △ Trine ♀ natal Mercury · peak 31 Dec

Your thinking becomes sharper and more original right now, and you find yourself spotting solutions that other people miss. You're willing to question old assumptions and try new approaches, which makes you **unusually flexible in conversations and problem-solving**. This is a good window to pitch ideas, learn something outside your normal interests, or tackle a complicated project that needs fresh perspective.

♄ Saturn ∟ Semi sextile ♃ natal Jupiter · peak 17 Dec

Over the coming weeks, you find it easier to **say no to things that don't matter**, which actually makes your bigger plans more likely to succeed. *Saturn* is helping you cut away distractions while *Jupiter* reminds you that the effort is worth it. You notice yourself feeling calmer about money and commitments because you're building something solid instead of spreading yourself thin.

♃ Uranus ♁ Quincunx ♃ natal Uranus · peak 1 Dec

You feel restless about routines that used to work for you, and small changes in your daily structure suddenly feel important to make. Your usual way of staying independent or rebelling against rules gets awkward or misaligned, like you are not sure whether to stick with what you know or push against it. Over the coming weeks, you might experiment more with how you organize your time or your space, testing what actually fits you right now.

♄ Saturn ∟ Semi sextile ♄ natal Saturn · peak 17 Dec

You find it easier to stick with practical commitments right now without feeling weighed down by them. **Your natural discipline** shows up when you need it most, whether that's finishing a project or keeping promises to yourself. Over the coming weeks, small progress on something you've been putting off will feel surprisingly manageable.

♄ Chiron △ Trine ♂ natal Mars · peak 1 Dec

Over the coming weeks, you find it easier to talk about what you actually want and need instead of pushing through silently. Your **willingness to ask for help** without shame or defensiveness opens doors with people who care about you. This practical shift means you get real support right when you need it, and conflicts that usually leave you exhausted tend to resolve with much less friction.

LUNATIONS

● New Moon · Wednesday, 1 Dec

in ♐ Sagittarius

new beliefs, expansion, broader horizons

in H1 — Self & Identity

A new cycle is opening around your sense of self and how you present to the world. This is the right moment to redefine how you want to be seen and to take deliberate steps toward a fresh start in your personal goals. **Physical changes, new habits, and shifts in your self-image** are all supported now. What you begin under this lunation has a direct impact on your confidence and direction for the next six months.

○ Full Moon · Thursday, 16 Dec

in ♊ Gemini

information peak, scattered focus, mental overload

in H7 — Partnerships

A significant relationship is reaching a turning point. Something between you and a **partner, collaborator, or significant other** is being fully illuminated — what's been working, what hasn't, and what needs to change. This full moon often brings a relationship decision to the surface: a commitment deepening, a conflict coming to a head, or a partnership reaching its natural conclusion. See clearly what's actually in front of you, not what you've hoped it would become.

KEY DATES

Wed, 1 Dec New Moon in Sagittarius

♄ Chiron ♂ Conjunction ♅ natal Uranus

Tue, 7 Dec ♄ Chiron △ Trine ☾ natal Moon

♅ Uranus □ Square ♂ natal Mars

Thu, 16 Dec Full Moon in Gemini

♃ Jupiter □ Square ♃ natal Jupiter

Fri, 17 Dec ♄ Saturn stations Retrograde

Saturn stationing retrograde means **delays and reviews become the pattern** for the next few months in work, responsibilities, and long-term plans. When this planet appears to move backward, people commonly experience **slowdowns in projects, contracts, or official processes** — deadlines shift, approvals take longer, and progress feels stuck even when you're putting in effort. The practical shift is to **focus on fixing past mistakes** and tightening up weak spots in your systems rather than pushing hard for new starts during this time.

Sat, 18 Dec ♃ Jupiter □ Square ♄ natal Saturn

Sun, 19 Dec ☿ Mercury enters ♑ Capricorn

♁ NNnode □ Square ☾ natal Moon

Mercury entering *Capricorn* shifts how you talk and think toward **practical results** — you'll notice yourself cutting out small talk and focusing on what actually matters at work or in conversations. People around you tend to **respect the directness** more during this time, even if your words feel plainer than usual, because *Capricorn* makes communication **efficient and honest**. At work especially, **planning and problem-solving** feel sharper; *Mercury* here rewards you for thinking several steps ahead instead of reacting on the spot.

Mon, 20 Dec ♀ Venus enters ♐ Sagittarius

♅ Uranus □ Square ♂ natal Mars

Venus in *Sagittarius* brings a **looser, more generous** approach to spending and dating, with people tending to say yes to invitations and expensive outings rather than staying home. In relationships and work, this transit makes **honesty and directness** feel more important than keeping the peace, so conversations become blunter and less filtered. Most people notice they **want variety** — sticking with the same restaurant, routine, or person feels boring — and they're more willing to try something unfamiliar or travel to a new place.

Wed, 22 Dec ☼ Sun enters ♑ Capricorn

The Sun moving into *Capricorn* shifts focus toward **getting results** and **building something real** — you'll notice people around you tightening routines, setting deadlines, and cutting away what doesn't work. At work and in projects, there's a **push for efficiency** over comfort, so meetings get shorter, decisions happen faster, and people care less about feelings and more about the bottom line. In relationships and friendships, expect **less small talk** and more honest conversations about what actually matters — this is when people check in on whether things are moving forward or just stalling.
