KEY TRANSIT FACTORS

♅ Uranus △ Trine ♂ natal Mars · peak 31 Dec ★

These days you feel **willing to try things in new ways** without the usual hesitation that normally holds you back. Your practical actions become more flexible, and you find yourself breaking your own rules in ways that actually work out well. Over the coming weeks this confidence gives you the freedom to pursue goals that once seemed too risky or unconventional.

♇ Pluto qx Quincunx ☉ natal Sun · peak 31 Dec ★

These days you feel pulled to change something about yourself or your life, but the direction isn't clear yet. You might notice **restlessness in how you present yourself** to others, or a sense that your usual way of handling things no longer fits. Over the coming weeks, small adjustments to your routine or how you assert yourself will feel more natural than any dramatic overhaul.

☿ Mercury qx Quincunx ☾ natal Moon · peak 16 Dec ★

Right now your thoughts and your feelings are working at cross purposes, so you say one thing while sensing something different underneath. You might find yourself explaining yourself repeatedly to people because your words do not quite match what you actually feel, creating **awkward misunderstandings in conversations**. Over the coming weeks, paying attention to this gap between what you think and what you feel will help you communicate more clearly.

♆ Neptune ∟ Semi sextile ♁ natal Uranus · peak 27 Dec

Your **imagination becomes practical** during this period, and ideas that normally stay stuck in your head suddenly feel doable. You find yourself sketching out plans for changes you want to make, whether that's rearranging your space or trying something new at work. This is a good window to turn those creative thoughts into actual steps forward, because right now your daydreams have real traction.

♃ Jupiter ∟ Semi sextile ☾ natal Moon · peak 3 Dec

You find it easier to ask for what you need right now, and people tend to respond well when you do. Your mood is steadier than usual, which makes **speaking up about emotional concerns feel less risky**. Over the coming weeks, small conversations that might normally feel awkward often lead to genuine support instead.

♅ Uranus ♂ Conjunction ☾ natal Moon · peak 31 Dec

You feel restless in your emotional life right now and want to break free from familiar patterns without fully understanding why. Your moods shift more suddenly than usual, and you may **make unexpected changes to your living situation or daily routines** just to feel different. These sudden moves often feel necessary at the time, though you might question them once the impulse passes.

♄ Saturn □ Square ☿ natal Mercury · peak 20 Dec

Right now your thinking feels slower and more careful than usual, and you may struggle to express yourself clearly to others. **You second-guess your words** before speaking, worry that what you say will be misunderstood, and find it harder to explain ideas that felt obvious before. These mental delays and doubts will pass once this transit moves on, but while it lasts you'll need to accept that communication takes more effort and patience.

♄ Saturn △ Trine ☼ natal Sun · peak 1 Dec

Right now you find it easier to **follow through on what matters to you**, and people notice the difference in your reliability. Your practical sense is sharp, so you can see which goals are actually worth your time and which ones to drop without guilt. Over these coming weeks, you're building real credibility because you do what you say you will do.

♄ Saturn △ Trine ♂ natal Mars · peak 31 Dec

Right now you're able to **push toward your goals without burning out**, because you have patience alongside your drive. You naturally pace yourself better than usual, finishing projects instead of starting ten new ones. Over the coming weeks, people notice you're reliable and steady, which builds real respect at work and in your personal life.

♆ Neptune ♁ Quincunx ♂ natal Mars · peak 1 Dec

Over the coming weeks, you may find your usual drive and confidence feel slightly out of sync with what's actually happening around you. Your instinct to act or push forward keeps bumping up against situations that need a softer touch or more patience than you'd normally give them. **You're more likely to second-guess your own strength**, which can work either way—sometimes holding back saves you trouble, and sometimes it just creates frustration with yourself.

♇ Pluto ♁ Quincunx ♂ natal Mars · peak 1 Dec

Your usual way of handling conflict or pushing toward goals feels slightly off these days, as if your normal tactics are meeting unexpected resistance. You might notice yourself **second-guessing your approach** to situations where you'd normally act with confidence, or finding that direct methods don't produce the results you expect. Over the coming weeks, the practical adjustment you need is to slow down and observe what actually works rather than forcing your preferred solution.

♄ Chiron ♂ Opposition ☾ natal Moon · peak 1 Dec

Over the coming weeks, you feel more aware of emotional wounds you've been carrying, which can make you irritable with the people closest to you. Your usual ways of comforting yourself stop working as well, leaving you **restless and dissatisfied** with your routines and relationships. This discomfort is real, but it's pushing you to look honestly at what you actually need instead of what you've settled for.

♄ Saturn ∟ Semi sextile ♆ natal Neptune · peak 1 Dec

Right now you find it easier to **turn vague ideas into concrete plans** without losing the creative spark. Your imagination doesn't disappear—instead it becomes practical, helping you sketch out what actually needs to happen next. Over the coming weeks, this steadiness makes you more likely to follow through on things you usually abandon halfway.

♇ Pluto ♂ Opposition ☿ natal Mercury · peak 31 Dec

Right now you're experiencing **intrusive thoughts and difficulty trusting what you think you know** — conversations feel loaded, and you second-guess your own words before you say them. Your mind is working overtime to find hidden meanings in what others tell you, which can make ordinary exchanges feel exhausting or even paranoid. This period pushes you to examine whether your thinking has become too rigid, but the discomfort of doing so is real and will last several weeks.

♃ Jupiter □ Square ♅ natal Uranus · peak 1 Dec

You're feeling restless and impatient with your usual routines, and you're more likely to make sudden decisions without thinking through the consequences. **Your need for freedom is clashing with your responsibilities**, making it hard to stick to commitments or plans. Over the coming weeks, you may experience practical disruptions—cancelled plans, unexpected changes, or your own impulsive actions—that force you to rebuild some stability afterward.

in H1 — **Self & Identity**

A new cycle is opening around your sense of self and how you present to the world. This is the right moment to redefine how you want to be seen and to take deliberate steps toward a fresh start in your personal goals. **Physical changes, new habits, and shifts in your self-image** are all supported now. What you begin under this lunation has a direct impact on your confidence and direction for the next six months.

A significant relationship is reaching a turning point. Something between you and a **partner, collaborator, or significant other** is being fully illuminated — what's been working, what hasn't, and what needs to change. See clearly what's actually in front of you, not what you've hoped it would become.

KEY DATES

Thu, 1 Dec ♅ Pluto stations Retrograde

♄ Saturn △ Trine ☉ natal Sun

♁ Chiron ☿ Opposition ☾ natal Moon

♃ Jupiter □ Square ♅ natal Uranus

When *Pluto* stations retrograde, expect **delays or reversals** in situations involving power, money, or control — contracts may stall, workplace dynamics shift, or financial decisions get reconsidered. *Pluto* retrograde typically brings **hidden information to light**, so old problems resurface and you notice patterns you missed before, especially around who has influence over what. Over the next months, **internal work matters more than external action** — pushing hard on big changes usually backfires, but reviewing past choices and adjusting your approach actually works.

Tue, 6 Dec ♁ Lilith enters ♑ Capricorn

Lilith in *Capricorn* brings a **sharper edge to how you set boundaries** — people tend to say no more often and mean it, especially about work demands or unequal arrangements. At work and in relationships, there's less tolerance for **messy situations or unclear rules**, so conversations become more direct and sometimes colder than before. *Lilith* here also pushes people to **build something real on their own terms**, whether that's a side project, a separate bank account, or simply refusing to play along with how others expect them to behave.

Wed, 14 Dec New Moon in Sagittarius

Fri, 16 Dec ☿ Mercury enters ♑ Capricorn

Mercury entering *Capricorn* shifts how you talk and think toward **practical results** — you'll notice yourself cutting out small talk and focusing on what actually matters at work or in conversations. People around you tend to **respect the directness** more during this time, even if your words feel plainer than usual, because *Capricorn* makes communication **efficient and honest**. At work especially, **planning and problem-solving** feel sharper; *Mercury* here rewards you for thinking several steps ahead instead of reacting on the spot.

Sun, 18 Dec ♃ Jupiter stations Retrograde

♅ Uranus ☿ Conjunction ☾ natal Moon

♅ Pluto ☿ Opposition ☿ natal Mercury

Jupiter stationing retrograde often brings a **pause in expansion plans** — job offers stall, travel gets delayed, or educational programs require extra paperwork. At work and in finances, this is when you'll notice yourself **reviewing past decisions** rather than pushing forward, and opportunities that seemed certain can shift or require renegotiation. Growth doesn't stop during this period, but it tends to happen **quietly through reflection**, and real progress usually resumes once *Jupiter* turns direct again.

Tue, 20 Dec ♄ Saturn □ Square ☿ natal Mercury

Fri, 23 Dec ☉ Sun enters ♑ Capricorn

The Sun moving into *Capricorn* shifts focus toward **getting results** and **building something real** — you'll notice people around you tightening routines, setting deadlines, and cutting away what doesn't work. At work and in projects, there's a **push for efficiency** over comfort, so meetings get shorter, decisions happen faster, and people care less about feelings and more about the bottom line. In relationships and friendships, expect **less small talk** and more honest conversations about what actually matters — this is when people check in on whether things are moving forward or just stalling.

Sat, 24 Dec ♀ Venus enters ♒ Aquarius

Venus in *Aquarius* makes people **less interested in traditional relationship rules** and more drawn to friends, group settings, or unconventional arrangements. In practice, you might notice yourself **valuing independence and honesty** over romantic gestures, or finding that casual friendships suddenly feel more appealing than intense one-on-one bonds. At work and in daily life, this transit brings a **cooler, more detached approach** to money and socialising—you'll likely spend less on impulsive buys and prefer people who let you do your own thing.

Sun, 25 Dec ♆ Neptune enters ♏ Scorpio

Neptune in *Scorpio* brings a **sharper focus on hidden facts** — people become more suspicious and want real proof instead of taking things at face value, especially in relationships and finances. At work and home, you'll notice **stronger intuition about what's really going on** beneath surface appearances, though this can also mean you second-guess yourself more often. Over the next years, **secretive behaviour increases** across society, from personal privacy concerns to closed-door dealings in business, with less tolerance for shallow or fake interactions.
