KEY TRANSIT FACTORS

♃ Mercury ☿ Quincunx ☾ natal Moon · peak 20 Dec ★

Right now your thoughts and your feelings are working at cross purposes, so you say one thing while sensing something different underneath. You might find yourself explaining yourself repeatedly to people because your words do not quite match what you actually feel, creating **awkward misunderstandings in conversations**. Over the coming weeks, paying attention to this gap between what you think and what you feel will help you communicate more clearly.

♃ Jupiter ☉ Opposition ♁ natal NNode · peak 23 Dec

Over the coming weeks, you're likely to **overcommit yourself** and take on more than you can realistically handle. Your usual sense of what fits your life gets temporarily skewed, and you end up saying yes to opportunities that pull you away from what actually matters to you. This period asks you to notice where you're spreading yourself too thin and to start saying no more often.

♄ Saturn ∟ Semi sextile ☿ natal Mercury · peak 13 Dec

Your thinking becomes more **organized and deliberate** right now, which makes it easier to plan projects and break down complicated tasks into manageable steps. You find yourself naturally wanting to double-check your work and verify details before moving forward, and this careful approach pays off in fewer mistakes. This steadier mental discipline helps you communicate with more precision, so people understand exactly what you mean without confusion.

♃ Jupiter △ Trine ♄ natal Saturn · peak 17 Dec

You find it easier right now to follow through on plans you've been putting off because **you're motivated without feeling rushed**. Your confidence in what you can actually do grows, so you stop second-guessing yourself and just move forward. Over the coming weeks, this steadiness pays off—projects gain real momentum and you see concrete results.

♄ Saturn * Sextile ♂ natal Mars · peak 26 Dec

Right now you find it easier to **follow through on what you start**, because your usual impatience is balanced by a real willingness to do things properly. Your practical side gets stronger while *Saturn* supports your *Mars*, so you can push hard without burning out or making careless mistakes. Over the coming weeks you'll likely notice you accomplish more because you're working smarter instead of just harder.

♃ Jupiter △ Trine ♃ natal Jupiter · peak 14 Dec

While this lasts, you feel naturally **confident in your own judgment**, and opportunities tend to show up without you forcing them. People respond well to you right now because you're genuinely relaxed about where things are headed. Over the coming weeks, trust your instincts about what's worth your time—your sense of what matters is especially clear.

♅ Uranus ☐ Square ♅ natal Uranus · peak 31 Dec

Over the coming weeks, you'll feel unusually **restless and impatient with your current life setup**, even if things were working fine before. You'll question decisions you made years ago and feel a strong urge to change something, anything, but you won't have a clear idea of what actually needs to change. This frustration can push you toward reckless choices or sudden disruptions if you act without thinking, so the real challenge right now is to sit with the discomfort instead of breaking things just to feel different.

♄ Saturn * Sextile ♅ natal Uranus · peak 31 Dec

Right now you find it easier to turn your independent ideas into concrete plans that actually work. You can think outside the box without losing sight of what's practical, which means your unconventional solutions get real traction. This is a useful window to **push through changes you've been considering**, because you have both the innovative thinking and the patience to handle the details.

♋ NNode ☐ Quincunx ♀ natal Venus · peak 31 Dec

Right now you're noticing a mismatch between what you want in relationships and what actually feels right for you. You might say yes to social invitations or romantic gestures while feeling oddly disconnected from them at the same time. Over the coming weeks, pay attention to what your gut is telling you about your connections, because your head and heart aren't quite lined up.

♅ Uranus ∟ Semi sextile ♃ natal Moon · peak 6 Dec

Over the coming weeks, you notice yourself willing to **try new routines without getting attached to them**, which makes daily life feel less rigid. Your emotional responses shift just enough to give you a little breathing room when you'd normally feel stuck in the same reactions. This gentle loosening helps you handle small changes at home or in your personal habits with more ease than usual.

♄ Chiron ☐ Quincunx ♃ natal Moon · peak 1 Dec

Over the coming weeks, you may notice that **small emotional upsets feel oddly difficult to shake**, even when you know they are not serious. Your usual ways of calming yourself down do not work as smoothly, and you might find yourself replaying conversations or moments longer than typical. This temporary mismatch between how you want to feel and what is actually happening emotionally can push you to try different approaches to managing your moods.

♅ Uranus ☐ Quincunx ♂ natal Mars · peak 31 Dec

Your usual way of pushing forward or getting things done feels slightly off right now, like your timing is consistently a beat late or your efforts land awkwardly. You might find yourself **starting projects with energy but then stopping to rethink your approach** halfway through, which can be frustrating if you're used to just powering through. Over the coming weeks, the practical answer is to build in extra adjustment time and expect that your first attempt at something physical or competitive may need a revision.

♄ Saturn * Sextile ☼ natal Sun · peak 1 Dec

Right now you find it easier to stick with what you commit to, and people notice your reliability. You're not rushing to prove yourself or grab attention—you're simply doing the work, and that **steady focus** gains real respect. Over the coming weeks, this is a good time to tackle something practical that requires patience and follow-through.

♇ Pluto ∟ Semi sextile ♋ natal NNode · peak 31 Dec

Over the coming weeks, you find yourself **naturally drawn toward people and situations that feel genuinely right for you**, without needing to overthink the decision. Small obstacles that usually frustrate you seem easier to work around, and you notice you're less defensive when someone challenges your choices. This is a good time to say yes to invitations or opportunities that align with what you actually want, because your instincts are working quietly in your favor.

♄ Saturn ☉ Opposition ♃ natal Moon · peak 31 Dec

These days you feel emotionally tired and less patient with people who depend on you, even though you know they need your support. Your automatic response is to withdraw or set stricter rules rather than explain what you actually need. This period pushes you to understand that your limits are real, but the way you communicate them right now tends to come across as cold or dismissive.

LUNATIONS

● New Moon · Friday, 8 Dec

in ♐ Sagittarius

new beliefs, expansion, broader horizons

in H1 — Self & Identity

A new cycle is opening around your sense of self and how you present to the world. This is the right moment to redefine how you want to be seen and to take deliberate steps toward a fresh start in your personal goals. **Physical changes, new habits, and shifts in your self-image** are all supported now. What you begin under this lunation has a direct impact on your confidence and direction for the next six months.

○ Full Moon · Thursday, 21 Dec

in ♊ Gemini

information peak, scattered focus, mental overload

in H7 — Partnerships

A significant relationship is reaching a turning point. Something between you and a **partner, collaborator, or significant other** is being fully illuminated — what's been working, what hasn't, and what needs to change. This full moon often brings a relationship decision to the surface: a commitment deepening, a conflict coming to a head, or a partnership reaching its natural conclusion. See clearly what's actually in front of you, not what you've hoped it would become.

KEY DATES

Fri, 1 Dec ☿ Mercury enters ♐ Sagittarius

Mercury in *Sagittarius* brings **direct, blunt communication** — people say what they think without much filtering, which can clear the air or create awkward moments depending on who's listening. At work and in conversations, you'll notice **big-picture talk** taking over, with less patience for small details or nitpicking, so getting agreements in writing becomes more important. *Sagittarius* also pushes curiosity and debate, so **arguments stay friendly** longer than usual, even when people disagree strongly.

Tue, 5 Dec ♀ Venus enters ♐ Sagittarius

Venus in *Sagittarius* brings a **looser, more generous** approach to spending and dating, with people tending to say yes to invitations and expensive outings rather than staying home. In relationships and work, this transit makes **honesty and directness** feel more important than keeping the peace, so conversations become blunter and less filtered. Most people notice they **want variety** — sticking with the same restaurant, routine, or person feels boring — and they're more willing to try something unfamiliar or travel to a new place.

Wed, 6 Dec ♅ Uranus stations Retrograde

Uranus stationing retrograde typically brings **delays and reversals** in tech, internet connections, and unexpected plans that felt solid just weeks ago. Areas like innovation projects, group friendships, or sudden life changes often **pause or shift direction** — what looked like progress stalls, and people find themselves rethinking decisions they thought were final. In practice, this period favors **reviewing old ideas** rather than launching new ones, and you'll notice others becoming less willing to commit to radical changes or unusual partnerships.

Fri, 8 Dec New Moon in Sagittarius

Wed, 13 Dec ♇ Pluto stations Retrograde

When *Pluto* stations retrograde, expect **delays or reversals** in situations involving power, money, or control — contracts may stall, workplace dynamics shift, or financial decisions get reconsidered. *Pluto* retrograde typically brings **hidden information to light**, so old problems resurface and you notice patterns you missed before, especially around who has influence over what. Over the next months, **internal work matters more than external action** — pushing hard on big changes usually backfires, but reviewing past choices and adjusting your approach actually works.

Thu, 14 Dec ♃ Jupiter △ Trine ♃ natal Jupiter

Sun, 17 Dec ♃ Jupiter △ Trine ♄ natal Saturn

Wed, 20 Dec ☿ Mercury enters ♑ Capricorn

Mercury entering *Capricorn* shifts how you talk and think toward **practical results** — you'll notice yourself cutting out small talk and focusing on what actually matters at work or in conversations. People around you tend to **respect the directness** more during this time, even if your words feel plainer than usual, because *Capricorn* makes communication **efficient and honest**. At work especially, **planning and problem-solving** feel sharper; *Mercury* here rewards you for thinking several steps ahead instead of reacting on the spot.

Thu, 21 Dec Full Moon in Gemini

Fri, 22 Dec ☼ Sun enters ♑ Capricorn

The Sun moving into *Capricorn* shifts focus toward **getting results** and **building something real** — you'll notice people around you tightening routines, setting deadlines, and cutting away what doesn't work. At work and in projects, there's a **push for efficiency** over comfort, so meetings get shorter, decisions happen faster, and people care less about feelings and more about the bottom line. In relationships and friendships, expect **less small talk** and more honest conversations

about what actually matters — this is when people check in on whether things are moving forward or just stalling.

Sat, 23 Dec ♃ Jupiter ☌ Opposition ♃ natal NNode

Sun, 24 Dec ♅ Uranus ☐ Square ♅ natal Uranus

Mon, 25 Dec ♂ Mars enters ♑ Capricorn

Mars in Capricorn brings **steady focus** to work and long-term goals, so people tend to notice they can **stick with difficult tasks** without burning out or losing patience. In relationships and at work, this transit makes people more **direct and serious** about what they want, which often means fewer complaints and more straightforward conversations about practical problems. Over the next weeks, expect a shift toward **getting results** rather than starting new things—the energy works best on finishing projects and building something that actually lasts.

Tue, 26 Dec ♄ Saturn * Sextile ♂ natal Mars

Fri, 29 Dec ♀ Venus enters ♑ Capricorn

Venus in Capricorn makes people **slower to commit** but more serious once they do—you notice yourself caring less about flashy romance and more about whether someone actually shows up. At work and in friendships, this transit brings **direct conversations** about what you actually want instead of hinting around, and people generally respect the honesty. Money matters get **practical attention** too, so you're more likely to check your budget, delay impulse buys, and think about long-term value rather than what feels good right now.
