KEY TRANSIT FACTORS

☉ Sun ∠ Semi sextile ☿ natal Mercury · peak 18 Jan ★

These days you find it easier to **explain your thoughts clearly** without overthinking what you say. People seem to understand your point the first time, and conversations flow naturally because you're not second-guessing yourself. This relaxed confidence with words can help you tackle small communication tasks at work or smooth over minor misunderstandings in your personal life while it lasts.

♂ Mars ∠ Semi sextile ☿ natal Mercury · peak 29 Jan ★

Your mind feels sharper these days, and you're picking up on details you'd normally miss in conversations. **You speak with more directness and confidence**, which helps you get your point across without wasting time on unnecessary words. This is a practical window for tackling projects that need clear thinking or sorting out plans you've been sitting with.

☿ Mercury ∠ Semi sextile ☉ natal Sun · peak 27 Jan ★

Right now your thinking becomes **clearer and more practical**, making it easier to solve small problems without getting tangled up in details. You notice yourself communicating more directly with people around you, which helps conversations flow better and cuts down on misunderstandings. Over the coming weeks, this mental clarity gives you a quiet confidence to handle tasks you've been putting off or thinking about too much.

♅ Uranus □ Square ♁ natal Uranus · peak 8 Jan

Over the coming weeks, you'll feel unusually **restless and impatient with your current life setup**, even if things were working fine before. You'll question decisions you made years ago and feel a strong urge to change something, anything, but you won't have a clear idea of what actually needs to change. This frustration can push you toward reckless choices or sudden disruptions if you act without thinking, so the real challenge right now is to sit with the discomfort instead of breaking things just to feel different.

♁ NNode qx Quincunx ♀ natal Venus · peak 8 Jan

Right now you're noticing a mismatch between what you want in relationships and what actually feels right for you. You might say yes to social invitations or romantic gestures while feeling oddly disconnected from them at the same time. Over the coming weeks, pay attention to what your gut is telling you about your connections, because your head and heart aren't quite lined up.

♄ Saturn * Sextile ♁ natal Uranus · peak 4 Jan

Right now you find it easier to turn your independent ideas into concrete plans that actually work. You can think outside the box without losing sight of what's practical, which means your unconventional solutions get real traction. This is a useful window to **push through changes you've been considering**, because you have both the innovative thinking and the patience to handle the details.

♄ Saturn ☉ Opposition ♀ natal Moon · peak 13 Jan

These days you feel emotionally tired and less patient with people who depend on you, even though you know they need your support. Your automatic response is to withdraw or set stricter rules rather than explain what you actually need. This period pushes you to understand that your limits are real, but the way you communicate them right now tends to come across as cold or dismissive.

♃ Jupiter ☐ Square ♄ natal Chiron · peak 19 Jan

Right now your **tendency to overestimate what you can fix** is causing real friction in your relationships and work. You are pushing too hard to solve problems that belong to other people, and they are pulling back or getting annoyed with your interference. Over the coming weeks, you will need to learn where your actual limits are by running into them repeatedly.

♅ Uranus ☿ Quincunx ♂ natal Mars · peak 31 Jan

Your usual way of pushing forward or getting things done feels slightly off right now, like your timing is consistently a beat late or your efforts land awkwardly. You might find yourself **starting projects with energy but then stopping to rethink your approach** halfway through, which can be frustrating if you're used to just powering through. Over the coming weeks, the practical answer is to build in extra adjustment time and expect that your first attempt at something physical or competitive may need a revision.

♄ Saturn * Sextile ♂ natal Mars · peak 1 Jan

Right now you find it easier to **follow through on what you start**, because your usual impatience is balanced by a real willingness to do things properly. Your practical side gets stronger while *Saturn* supports your *Mars*, so you can push hard without burning out or making careless mistakes. Over the coming weeks you'll likely notice you accomplish more because you're working smarter instead of just harder.

♇ Pluto ∟ Semi sextile ♃ natal NNode · peak 31 Jan

Over the coming weeks, you find yourself **naturally drawn toward people and situations that feel genuinely right for you**, without needing to overthink the decision. Small obstacles that usually frustrate you seem easier to work around, and you notice you're less defensive when someone challenges your choices. This is a good time to say yes to invitations or opportunities that align with what you actually want, because your instincts are working quietly in your favor.

♅ Uranus ∟ Semi sextile ♀ natal Moon · peak 1 Jan

Over the coming weeks, you notice yourself willing to **try new routines without getting attached to them**, which makes daily life feel less rigid. Your emotional responses shift just enough to give you a little breathing room when you'd normally feel stuck in the same reactions. This gentle loosening helps you handle small changes at home or in your personal habits with more ease than usual.

♆ Neptune ☉ Opposition ♄ natal Chiron · peak 31 Jan

Right now you are **avoiding looking at your own vulnerabilities** by escaping into fantasy or wishful thinking about how others see you. This makes it harder to get real feedback or help with the areas where you actually struggle. Over the coming weeks, you may find that people let you down or that your own self-image cracks when reality catches up.

♅ Uranus ☉ Opposition ♀ natal Mercury · peak 31 Jan

Your thoughts feel scattered and hard to pin down right now, making it difficult to follow through on plans or explain yourself clearly to others. You may say things you didn't mean or misunderstand what people are trying to tell you, creating **unexpected miscommunication** in conversations that normally go smoothly. This period asks you to slow down and double-check your words and reasoning before acting on them, even though your mind is pushing you to move fast.

♄ Chiron ☿ Quincunx ♀ natal Moon · peak 1 Jan

Over the coming weeks, you may notice that **small emotional upsets feel oddly difficult to shake**, even when you know they are not serious. Your usual ways of calming yourself down do not work as smoothly, and you might find yourself replaying conversations or moments longer than typical. This temporary mismatch between how you want to feel and what is actually happening emotionally can push you to try different approaches to managing your moods.

LUNATIONS

● New Moon · Sunday, 7 Jan

♄ in ♑ Capricorn

long-term goals, ambition, structural reset

in H2 — Resources & Values

Your financial picture and sense of personal worth are entering a new chapter. This lunation plants seeds around **income, resources, and what you truly value** — it's the moment to start building something that will grow steadily rather than chasing quick results. A practical new step in managing money, establishing a skill, or clarifying what security means to you personally will have lasting effects over the coming months.

○ Full Moon · Saturday, 20 Jan

in ♋ Cancer

emotional culmination, family matters, inner needs surface

in H8 — Transformation

A deep transformation is reaching its peak. Something involving **joint finances, emotional power dynamics, or a significant inner change** is being exposed to full light. Secrets, buried feelings, or unresolved matters around shared resources may surface now with unusual intensity. This full moon asks you to **face something that has been avoided** — in money, intimacy, or your relationship with loss and change. What is released here genuinely frees you.

KEY DATES

Mon, 1 Jan ♄ Saturn ✕ Sextile ♂ natal Mars

Thu, 4 Jan ♄ Saturn enters ♒ Aquarius

♄ Saturn ✕ Sextile ♂ natal Uranus

Saturn in *Aquarius* brings **stricter rules around technology and groups** — you'll notice workplaces tightening remote policies, friend groups becoming more formal, or apps adding new limits that feel annoying. In relationships and at work, people tend to **value loyalty and consistency** more heavily, so casual commitments matter less and long-term plans matter more. The pattern is that **innovation slows down** while things that already work get reinforced, so your best results come from improving what exists rather than starting something completely new.

Sun, 7 Jan New Moon in Capricorn

Mon, 8 Jan ☿ Mercury enters ♒ Aquarius

♁ Uranus □ Square ♂ natal Uranus

Mercury in *Aquarius* brings **clearer, more direct communication** — people tend to say what they actually think instead of softening their words, which works well in meetings but can feel blunt in casual conversations. At work and in friendships, you'll notice **more focus on logic and ideas** rather than emotions, making this a good time for problem-solving but a trickier period if someone needs emotional support. *Aquarius* also pushes thinking toward the **bigger picture**, so conversations shift from daily complaints to plans, systems, and what-if scenarios that feel more interesting but less immediately practical.

Wed, 10 Jan ♂ Uranus enters ♌ Leo

Uranus in *Leo* brings a shift toward **wanting attention and standing out** in whatever you do — at work, in creative projects, or with people you know. The pattern is that sudden changes happen in areas where you normally play it safe, and you'll **feel the urge to try something different** or break old routines that don't fit anymore. In relationships and groups, expect more people to **push back against the rules** or speak up in ways that surprise you, which can either spark useful new ideas or create friction depending on what you actually do about it.

Sat, 13 Jan ♄ Saturn ♂ Opposition ♀ natal Moon

Mon, 15 Jan ♂ Uranus □ Square ♂ natal Uranus

Fri, 19 Jan ♃ Jupiter □ Square ♄ natal Chiron

Sat, 20 Jan Full Moon in Cancer

Sun, 21 Jan ☉ Sun enters ♒ Aquarius

Sun in *Aquarius* brings a **shift toward independence** and a stronger need to do things your own way instead of following the usual pattern. At work and in conversations, you'll **notice people speak up more** about ideas that feel different or go against what everyone expects. In relationships and friendships, **distance often increases** slightly as people pull back to focus on their own projects and interests rather than staying close to the group.

Mon, 22 Jan ♀ Venus enters ♒ Aquarius

Venus in *Aquarius* makes people **less interested in traditional relationship rules** and more drawn to friends, group settings, or unconventional arrangements. In practice, you might notice yourself **valuing independence and honesty** over romantic gestures, or finding that casual friendships suddenly feel more appealing than intense one-on-one bonds. At work and in daily life, this transit brings a **cooler, more detached approach** to money and socialising—you'll likely spend less on impulsive buys and prefer people who let you do your own thing.

Sun, 28 Jan ☿ Mercury stations Retrograde

When *Mercury* stations retrograde, **communication breakdowns and misunderstandings** become noticeably more common in daily life. Emails get lost, conversations get tangled, and people often need to **repeat themselves or clarify** what they meant the first time around. Travel plans, contracts, and tech devices tend to **glitch or require fixes**, so most people find themselves troubleshooting problems they thought were already solved.
