KEY TRANSIT FACTORS

♄ Mercury ☿ Quincunx ☾ natal Moon · peak 31 Dec ★

Right now your thoughts and your feelings are working at cross purposes, so you say one thing while sensing something different underneath. You might find yourself explaining yourself repeatedly to people because your words do not quite match what you actually feel, creating **awkward misunderstandings in conversations**. Over the coming weeks, paying attention to this gap between what you think and what you feel will help you communicate more clearly.

♄ Saturn ☿ Quincunx ♇ natal Pluto · peak 26 Dec

You feel stuck between wanting to control a situation and knowing you cannot, which makes you irritable and restless in ways that are hard to explain to others. **You push harder on things that won't budge**, and this friction shows up most in relationships or projects where someone else has real power. Over the coming weeks, the practical way forward is to accept what you genuinely cannot change and redirect your effort toward the small moves that are actually within your reach.

♁ NNode ☿ Conjunction ♄ natal Chiron · peak 5 Dec

Over the coming weeks, you become **more aware of how you respond when others are struggling or hurt**. You notice yourself wanting to help in ways that feel natural to you, and people actually seem to listen when you do. This isn't about fixing anyone—it's about recognizing where your practical support lands best and feels most genuine.

♁ Lilith ☿ Conjunction ♂ natal Mars · peak 18 Dec

Right now you're more willing to act on what you actually want instead of what you think you should do, and this shows up as **pushing back against rules or expectations that don't fit you**. You might say no more often, stand your ground in conversations, or make choices that feel personally true even if they upset someone else. These days this directness can feel good and necessary, though others may find you harder to manage than usual.

♆ Neptune ∟ Semi sextile ♇ natal Pluto · peak 31 Dec

These days you find it easier to **let go of control** in situations where you've been holding tight for too long. Small shifts in your practical routines or relationships feel natural rather than forced, as if you're finally allowing things to move at their own pace. Over the coming weeks, this lighter approach helps you see what actually needs to change and what you can safely release.

♅ Uranus ∟ Semi sextile ♇ natal Pluto · peak 1 Dec

Over the coming weeks, you'll notice small opportunities to break free from habits or situations that no longer serve you, without needing to blow everything up. Your instinct for **recognizing when change is necessary** becomes sharper, and you can act on it gradually rather than waiting for a crisis. This is a good time to experiment with new approaches to work or personal projects, because the timing feels naturally right.

♅ Uranus ☐ Square ♃ natal Neptune · peak 30 Dec

Right now you're caught between wanting to break free from something and feeling unsure what you actually want instead, which makes your decisions feel scattered and impulsive. You may **act on sudden urges to change your routines or relationships without thinking through the practical consequences**, then feel confused or regretful days later. Over the coming weeks, the best move is to slow down before making big changes and write down what you're really trying to escape from, because the clarity you need isn't here yet.

♃ Jupiter ☌ Conjunction ☾ natal Moon · peak 31 Dec

You feel more **comfortable asking for what you need** from people around you right now. Your emotional confidence is higher than usual, which makes it easier to speak up in conversations and express your opinions. Over the coming weeks, you'll likely notice others responding better to you because you're clearer about your feelings and less defensive than normal.

♄ Saturn ☐ Square ♃ natal Neptune · peak 31 Dec

Right now you are running into the practical limits of your plans, and it feels frustrating because you can't see exactly where things are breaking down. You become **more critical and doubtful** than usual, second-guessing decisions you made weeks ago and struggling to trust your own judgment. Over the coming weeks, this clash between *Saturn's* demand for clear results and *Neptune's* fog will force you to sort out what is actually possible from what you only hoped might work.

♅ Uranus ☌ Opposition ☼ natal Sun · peak 30 Dec

Right now you feel restless with who you've become and **struggle to act like yourself** in situations where you normally feel confident. People around you might push back or seem surprised by your sudden shifts in opinion and behaviour. Over the coming weeks, your sense of direction gets shaky because your usual identity markers no longer feel solid or reliable.

♇ Pluto ☌ Opposition ♀ natal Venus · peak 1 Dec

While this lasts, you may feel **drawn to people or situations that feel compulsive rather than genuinely close**, and existing relationships can feel shallow or unsatisfying by comparison. You might push away someone you care about without fully understanding why, or find yourself attracted to dynamics that involve control or power rather than real connection. These days, your usual way of being likeable or accommodating stops working, and that discomfort is real—but it's also forcing you to ask what you actually want instead of what you think you should want.

♄ Saturn ☌ Conjunction ☼ natal Sun · peak 31 Dec

You feel a pull toward **taking things seriously** and cutting away what doesn't matter, making decisions now that you've been avoiding for months. Your tolerance for distraction drops, and you're less interested in social obligations or people-pleasing, which can feel isolating but also clarifying. Over the coming weeks, you may feel heavier or more responsible for your choices, and this weight often leads to practical changes you actually stick with.

♆ Neptune ☌ Semi sextile ♃ natal Neptune · peak 31 Dec

Your **intuition about people feels unusually reliable** right now, and you find yourself noticing things others miss in conversations and social situations. You're picking up on subtle emotional cues without trying, which makes you more naturally attuned to what others actually need rather than what they say they need. This quiet perceptiveness helps you connect with people in a genuine way and gives your relationships a softer, more understanding quality over these coming weeks.

♄ Chiron ☌ Quincunx ♇ natal Pluto · peak 31 Dec

You feel pulled between wanting to fix something about yourself and realizing you can't force the change right now. This mismatch shows up as **restlessness in situations where you normally feel in control**, whether at work or in close relationships. Over the coming weeks, the discomfort itself is actually useful—it's pointing you toward a part of your life that needs a different approach than you've been taking.

♆ Neptune ☌ Trine ☼ natal Sun · peak 31 Dec

While this lasts, you feel more **comfortable being yourself around others** without needing to explain or defend who you are. People seem to understand you more easily right now, and conversations flow naturally because you're not trying so hard to fit in. This is a good time to express creative ideas or talk about what actually matters to you, since your words carry a gentler weight that draws people in.

♃ Jupiter Rx · ♌ Leo

Creative confidence and the desire to be seen or celebrated retreat inward during this period. Projects that were expanding boldly may need a quieter phase of consolidation and honest self-review. Evaluating what you are genuinely proud of versus what requires more work is the most honest use of this time.

LUNATIONS

● New Moon · Monday, 12 Dec

in ♐ Sagittarius

new beliefs, expansion, broader horizons

in H1 — Self & Identity

A new cycle is opening around your sense of self and how you present to the world. This is the right moment to redefine how you want to be seen and to take deliberate steps toward a fresh start in your personal goals. **Physical changes, new habits, and shifts in your self-image** are all supported now. What you begin under this lunation has a direct impact on your confidence and direction for the next six months.

○ Full Moon · Tuesday, 27 Dec

in ♋ Cancer

emotional culmination, family matters, inner needs surface

in H7 — Partnerships

A significant relationship is reaching a turning point. Something between you and a **partner, collaborator, or significant other** is being fully illuminated — what's been working, what hasn't, and what needs to change. This full moon often brings a relationship decision to the surface: a commitment deepening, a conflict coming to a head, or a partnership reaching its natural conclusion. See clearly what's actually in front of you, not what you've hoped it would become.

KEY DATES

Thu, 1 Dec ♅ Pluto ☌ Opposition ♀ natal Venus

Sat, 3 Dec ♄ Chiron stations Direct

Chiron stationing direct means the **healing or learning process** you've been stuck on for months finally **moves forward again**, and you'll notice progress in whatever area felt frozen or repetitive. In practice, **clarity returns** about what actually helps—whether that's a health choice, a skill you're rebuilding, or how to handle a recurring problem—because you can see the full pattern now instead of going in circles. *Chiron* direct also lets you **stop second-guessing** what you've already figured out and start acting on those realizations, even if the fix isn't perfect.

Sun, 4 Dec ♂ Mars enters ♎ Libra

Mars in *Libra* shifts how people push for what they want — instead of charging ahead alone, you'll notice more **talking things through** and **weighing options** before acting. At work and in relationships, **compromise** becomes the move rather than winning outright, and people often spend extra time **getting agreement** before making decisions. The trade-off is real: you get **smoother partnerships** and fewer direct conflicts, but things take longer to actually start moving.

Mon, 5 Dec ♁ NNode ☌ Conjunction ♄ natal Chiron

Sun, 11 Dec ♁ Lilith ☌ Conjunction ♂ natal Mars

Mon, 12 Dec ☿ Mercury enters ♐ Sagittarius

New Moon in Sagittarius

♁ NNode ☌ Conjunction ♄ natal Chiron

Mercury in *Sagittarius* brings **direct, blunt communication** — people say what they think without much filtering, which can clear the air or create awkward moments depending on who's listening. At work and in conversations, you'll notice **big-picture talk** taking over, with less patience for small details or nitpicking, so getting agreements in writing becomes more important. *Sagittarius* also pushes curiosity and debate, so **arguments stay friendly** longer than usual, even when people disagree strongly.

Wed, 14 Dec ♀ Venus enters ♑ Capricorn

Venus in *Capricorn* makes people **slower to commit** but more serious once they do—you notice yourself caring less about flashy romance and more about whether someone actually shows up. At work and in friendships, this transit brings **direct conversations** about what you actually want instead of hinting around, and people generally respect the honesty. Money matters get **practical attention** too, so you're more likely to check your budget, delay impulse buys, and think about long-term value rather than what feels good right now.

Sun, 18 Dec ♁ Lilith ☌ Conjunction ♂ natal Mars

♄ Uranus ☐ Square ♃ natal Neptune

Thu, 22 Dec ☼ Sun enters ♑ Capricorn

The Sun moving into *Capricorn* shifts focus toward **getting results** and **building something real** — you'll notice people around you tightening routines, setting deadlines, and cutting away what doesn't work. At work and in projects, there's a **push for efficiency** over comfort, so meetings get shorter, decisions happen faster, and people care less about feelings and more about the bottom line. In relationships and friendships, expect **less small talk** and more honest conversations about what actually matters — this is when people check in on whether things are moving forward or just stalling.

Sat, 24 Dec ♅ Pluto stations Retrograde

When *Pluto* stations retrograde, expect **delays or reversals** in situations involving power, money, or control — contracts may stall, workplace dynamics shift, or financial decisions get reconsidered. *Pluto* retrograde typically brings **hidden**

information to light, so old problems resurface and you notice patterns you missed before, especially around who has influence over what. Over the next months, **internal work matters more than external action** — pushing hard on big changes usually backfires, but reviewing past choices and adjusting your approach actually works.

Mon, 26 Dec ♁ Lilith enters ♈ Aries

Lilith in *Aries* pushes people to **speak up and set boundaries** without waiting for permission or worrying about others' approval. At work and in relationships, you'll notice a **sharper willingness to disagree**, defend your own needs, and walk away from situations that feel controlling or unfair. This transit typically brings **impatience with people-pleasing** — expect less tolerance for being told what to do, and more direct conflict when someone tries to override your choices.

Tue, 27 Dec Full Moon in Cancer

Fri, 30 Dec ♅ Uranus stations Retrograde

♅ Uranus ☐ Square ♃ natal Neptune

♅ Uranus ♁ Opposition ☉ natal Sun

Uranus stationing retrograde typically brings **delays and reversals** in tech, internet connections, and unexpected plans that felt solid just weeks ago. Areas like innovation projects, group friendships, or sudden life changes often **pause or shift direction** — what looked like progress stalls, and people find themselves rethinking decisions they thought were final. In practice, this period favors **reviewing old ideas** rather than launching new ones, and you'll notice others becoming less willing to commit to radical changes or unusual partnerships.
