KEY TRANSIT FACTORS

☿ Mercury ☿ Quincunx ☾ natal Moon · peak 30 Dec ★

Right now your thoughts and your feelings are working at cross purposes, so you say one thing while sensing something different underneath. You might find yourself explaining yourself repeatedly to people because your words do not quite match what you actually feel, creating **awkward misunderstandings in conversations**. Over the coming weeks, paying attention to this gap between what you think and what you feel will help you communicate more clearly.

♂ Mars ☿ Conjunction ☉ natal Sun · peak 31 Dec ★

Right now you have more **physical drive and directness** than usual, and you're quicker to act on what you want. You may push harder on projects or speak up more bluntly in conversations because your patience for delays has dropped. Watch whether this gets you closer to your goals or whether it creates friction with people around you.

♇ Pluto ☐ Square ♁ natal NNode · peak 3 Dec

Right now you're questioning whether you're on the right track in life, and this doubt feels unusually intense and hard to ignore. You may **withdraw from people or activities** that once felt important to you, as if you need to strip things down to what actually matters. Over the coming weeks, expect to feel pushed to make real changes in how you spend your time and who you spend it with, even though the process feels uncomfortable and unclear.

♄ Saturn ☿ Quincunx ♄ natal Chiron · peak 26 Dec

Over the coming weeks, you may notice that **old wounds or insecurities surface when you face practical limits**—especially around work, deadlines, or things you cannot control. This happens because *Saturn* is making you take a hard look at what you've been managing poorly or avoiding, and it feels uncomfortable. The shift you need is to stop protecting yourself and instead be honest about where you actually need help or training.

♇ Pluto ☿ Conjunction ♁ natal Lilith · peak 1 Dec

Right now you are examining parts of yourself that you normally keep hidden or suppress, and this feels both uncomfortable and oddly necessary. You may find yourself **pushing back against rules or expectations** that never actually fit you, whether at work or in relationships. Over the coming weeks, this restlessness will likely push you to make a practical change in how you present yourself or what you actually allow yourself to want.

♃ Jupiter * Sextile ♄ natal Chiron · peak 11 Dec

Over the coming weeks, you find it easier to talk about your past difficulties without getting stuck in them. When something painful comes up, you can **acknowledge it and move forward** rather than dwelling on old hurts. This practical shift makes your conversations with friends or a therapist more productive, and you actually feel lighter afterwards.

♅ Uranus * Sextile ♇ natal Pluto · peak 31 Dec

Right now you find it easier to **spot what needs to change** in your life without feeling overwhelmed by it. *Uranus* is helping you see practical steps forward where *Pluto* usually makes things feel stuck or all-or-nothing. Over the coming weeks, you're more likely to act on improvements in your work, relationships, or routines instead of waiting for a crisis to force your hand.

♄ Chiron ☐ Square ♀ natal Venus · peak 1 Dec

You may feel rejected or inadequate in your relationships right now, picking up on small slights and interpreting them as proof that you're not lovable. Your usual warmth and charm feel blocked, making it harder to ask for what you want or to enjoy physical affection without second-guessing yourself. Over the coming weeks, this discomfort pushes you to stop abandoning your own needs in order to keep people happy.

♆ Neptune ☐ Square ♃ natal Jupiter · peak 31 Dec

Right now you are **overestimating what you can achieve** and making commitments based on wishful thinking instead of realistic assessment. Your usual confidence in your plans is being clouded by *Neptune*, so promises you make or goals you set are likely to fall apart once you try to execute them. Over the coming weeks, expect practical disappointment and the need to scale back or rebuild what you've rashly agreed to.

♇ Pluto ∟ Semi sextile ♄ natal Saturn · peak 1 Dec

These days you find it easier to **follow through on commitments** without overthinking or second-guessing yourself. A practical focus comes naturally to you right now, and you notice you can break larger goals into manageable steps without getting bogged down. This period supports steady progress on anything you've been putting off, especially projects that require discipline and careful planning.

♅ Uranus ♂ Conjunction ♆ natal Neptune · peak 31 Dec

Right now you may find it harder to stick to routines or long-term plans because your thoughts keep shifting between different possibilities. You feel **restless with what's familiar** and want to try new approaches even if you haven't thought them through completely. These days your practical decisions can feel uncertain, so it helps to write things down and check them again before acting.

♁ NNode ∟ Semi sextile ♀ natal Venus · peak 1 Dec

Right now you find it easier to **say yes to social invitations and connect with people who actually matter to you**. You're noticing that conversations flow more naturally and that you attract people who seem genuinely interested in what you have to offer. These small social wins build a sense that you belong in your own circles again.

♆ Neptune ☐ Square ♄ natal Saturn · peak 31 Dec

Right now you are caught between wanting to relax your standards and needing to stick to them, which leaves you feeling unsettled about practical decisions. You might find yourself **avoiding commitment or clarity** on important matters because the effort feels pointless, or you second-guess rules and boundaries you normally trust. Over the coming weeks, this friction between *Neptune's* pull toward looseness and *Saturn's* demand for structure can make you feel like you are either too rigid or too adrift in your own life.

♅ Uranus ☐ Square ☉ natal Sun · peak 31 Dec

Right now you feel restless with routines and rules that normally keep you stable, and you may act on impulses that surprise people who know you well. **You push back against limits** in ways that feel necessary to you but create real friction in your work or relationships. Over the coming weeks this sense of needing to break free will likely intensify before it settles, so expect some temporary disruption as you figure out what actually needs to change.

♇ Pluto ∟ Semi sextile ♃ natal Jupiter · peak 1 Dec

Over the coming weeks, you feel quietly **more willing to take practical steps toward your goals** without the usual second-guessing. *Pluto* is softly encouraging *Jupiter's* natural optimism, so small efforts you make tend to compound into real progress. This is a good time to act on plans you've been sitting with, because your confidence and follow-through are aligned right now.

LUNATIONS

● New Moon · Tuesday, 2 Dec

in ♎ Sagittarius

new beliefs, expansion, broader horizons

in H1 — Self & Identity

A new cycle is opening around your sense of self and how you present to the world. This is the right moment to redefine how you want to be seen and to take deliberate steps toward a fresh start in your personal goals. **Physical changes, new habits, and shifts in your self-image** are all supported now. What you begin under this lunation has a direct impact on your confidence and direction for the next six months.

○ Full Moon · Monday, 15 Dec

in ♊ Gemini

information peak, scattered focus, mental overload

in H7 — Partnerships

A significant relationship is reaching a turning point. Something between you and a partner, collaborator, or significant other is being fully illuminated — what's been working, what hasn't, and what needs to change. This full moon often brings a relationship decision to the surface: a commitment deepening, a conflict coming to a head, or a partnership reaching its natural conclusion. See clearly what's actually in front of you, not what you've hoped it would become.

KEY DATES

Mon, 1 Dec ♅ Pluto ♂ Conjunction ♁ natal Lilith
♁ Chiron ☐ Square ♀ natal Venus

Tue, 2 Dec New Moon in Sagittarius

Wed, 3 Dec ♅ Pluto ☐ Square ♁ natal NNode

Mon, 8 Dec ♅ Pluto ♂ Conjunction ♁ natal Lilith
♁ Chiron ☐ Square ♀ natal Venus

Wed, 10 Dec ☿ Mercury enters ♐ Sagittarius

Mercury in Sagittarius brings direct, blunt communication — people say what they think without much filtering, which can clear the air or create awkward moments depending on who's listening. At work and in conversations, you'll notice big-picture talk taking over, with less patience for small details or nitpicking, so getting agreements in writing becomes more important. Sagittarius also pushes curiosity and debate, so arguments stay friendly longer than usual, even when people disagree strongly.

Thu, 11 Dec ♃ Jupiter * Sextile ♁ natal Chiron

Mon, 15 Dec Full Moon in Gemini

Sun, 21 Dec ♅ Uranus * Sextile ♅ natal Pluto

Mon, 22 Dec ☉ Sun enters ♑ Capricorn

The Sun moving into Capricorn shifts focus toward getting results and building something real — you'll notice people around you tightening routines, setting deadlines, and cutting away what doesn't work. At work and in projects, there's a push for efficiency over comfort, so meetings get shorter, decisions happen faster, and people care less about feelings and more about the bottom line. In relationships and friendships, expect less small talk and more honest conversations about what actually matters — this is when people check in on whether things are moving forward or just stalling.

Tue, 30 Dec ☿ Mercury enters ♑ Capricorn

Mercury entering Capricorn shifts how you talk and think toward practical results — you'll notice yourself cutting out small talk and focusing on what actually matters at work or in conversations. People around you tend to respect the directness more during this time, even if your words feel plainer than usual, because Capricorn makes communication efficient and honest. At work especially, planning and problem-solving feel sharper; Mercury here rewards you for thinking several steps ahead instead of reacting on the spot.
