KEY TRANSIT FACTORS

☉ Sun ∠ Semi sextile ♃ natal Mercury · peak 18 Jan ★

These days you find it easier to **explain your thoughts clearly** without overthinking what you say. People seem to understand your point the first time, and conversations flow naturally because you're not second-guessing yourself. This relaxed confidence with words can help you tackle small communication tasks at work or smooth over minor misunderstandings in your personal life while it lasts.

♃ Mercury ∠ Semi sextile ☉ natal Sun · peak 26 Jan ★

Right now your thinking becomes **clearer and more practical**, making it easier to solve small problems without getting tangled up in details. You notice yourself communicating more directly with people around you, which helps conversations flow better and cuts down on misunderstandings. Over the coming weeks, this mental clarity gives you a quiet confidence to handle tasks you've been putting off or thinking about too much.

♆ Neptune □ Square ♇ natal Pluto · peak 31 Jan

Right now you are questioning beliefs and rules you have followed for years, and this questioning feels unsettling rather than clarifying. You may find yourself **doubting your own judgment about what is real and what matters**, which makes it hard to commit to decisions or trust your instincts. Over the coming weeks, this confusion can push you to examine whether you have been living according to someone else's values instead of your own, though the process of sorting this out will feel uncomfortable and slow.

♃ Jupiter △ Trine ♁ natal NNode · peak 21 Jan

Over the coming weeks, you find it easier to say yes to opportunities that genuinely interest you instead of second-guessing yourself. **You pursue what matters to you with more confidence**, whether that is a new skill, a social group, or a professional direction. These doors open partly because you are actually asking for what you want, and people tend to respond well to that clarity.

♇ Pluto ♂ Conjunction ♅ natal Uranus · peak 19 Jan

You feel a strong urge to break free from situations that feel restrictive, and you may act on this impulse more suddenly than usual. Your tolerance for routine and compromise drops noticeably, making you **impatient with anything that feels like control**. Over the coming weeks, expect tension in relationships or work if others don't understand why you need to change direction so quickly.

♃ Jupiter * Sextile ♃ natal Jupiter · peak 11 Jan

Right now you're feeling **naturally confident about your abilities**, and opportunities seem to come your way with less effort than usual. You're more likely to say yes to things, take on new projects, or expand something that's already working in your life. Over the coming weeks, this optimism tends to be grounded enough that your decisions pay off rather than lead you astray.

♃ Jupiter * Sextile ♄ natal Saturn · peak 14 Jan

Right now you find it easier to **follow through on commitments** without feeling weighed down by them. *Jupiter* is supporting your *Saturn*, which means you can take on real responsibility and actually enjoy the structure instead of resenting it. Over the coming weeks, you'll notice that planning ahead and sticking to deadlines feels less like a burden and more like something that works in your favor.

♄ Saturn ♁ Quincunx ♁ natal NNode · peak 7 Jan

Right now you feel caught between what you're naturally drawn to and what actually works in practice. You notice yourself second-guessing choices that normally feel easy, which creates an awkward gap between your instincts and your actions. This **mismatch between intention and follow-through** will fade once *Saturn* moves past this angle, but while it lasts you benefit from checking your decisions twice rather than trusting your first instinct.

♅ Uranus * Sextile ☉ natal Sun · peak 1 Jan

Right now you feel more willing to try new approaches and less attached to how things have always been done. You might surprise yourself by saying yes to an opportunity that normally wouldn't interest you, or by making a small change to your routine that actually works better. This is *Uranus* sextile your *Sun* at work—your natural **openness to fresh ideas** is flowing easily, without pushing you into anything uncomfortable or reckless.

♅ Uranus ∟ Semi sextile ♿ natal Mercury · peak 31 Jan

Over the coming weeks, your mind becomes **quicker to spot new angles on old problems**, and you find yourself asking questions you wouldn't normally ask. Small talk feels less interesting, but one-on-one conversations where you can explore unusual ideas feel energizing and natural. This is a good time to try a different approach to something at work or pick up a skill you've been curious about, because your brain is genuinely primed for it right now.

♇ Pluto △ Trine ♂ natal Mars · peak 1 Jan

You're finding it easier right now to **push through obstacles without burning yourself out**, because your determination feels steadier and more controlled than usual. Tasks that normally drain you are moving forward with less internal resistance, and you can tell the difference between real effort and pointless struggle. Over these coming weeks, you'll probably notice you accomplish more while actually feeling less frustrated in the process.

♅ Uranus ∟ Semi sextile ♆ natal Neptune · peak 1 Jan

Your **imagination becomes more practical** during this period, letting you turn vague ideas into actual plans without losing the creative spark. You find yourself spotting small improvements in routines or systems that others miss, and these tweaks often work better than expected. This is a good time to experiment with new approaches to familiar problems because your intuition and logical mind are working together instead of pulling in different directions.

♄ Saturn ♁ Quincunx ♄ natal Saturn · peak 1 Jan

These days you notice your usual routines feel slightly off balance, as if the structure you rely on no longer fits quite right. You might find yourself **adjusting your approach to work or discipline** more often than usual, catching small inefficiencies you'd overlooked before. This discomfort is temporary and often points to practical changes worth making once this period passes.

♄ Chiron ♂ Opposition ☉ natal Sun · peak 31 Jan

Right now you're running into situations where your usual confidence doesn't work, and you feel **awkward or exposed in ways that sting**. You might notice criticism from others landing harder than usual, or you catching yourself being overly self-critical about decisions you'd normally stand behind. Over the coming weeks, this friction is forcing you to look honestly at where you've been ignoring your own doubts or pushing yourself too hard.

♇ Pluto △ Trine ♀ natal Moon · peak 31 Jan

These days you find it easier to **act on what you actually feel** instead of hiding or dismissing your emotions. People around you notice you seem more direct and honest about what matters to you, and they tend to respond well to this straightforwardness. Over the coming weeks, situations that once felt emotionally stuck start to move forward because you're not holding back anymore.

LUNATIONS

● New Moon · Sunday, 1 Jan

in ♑ Capricorn

long-term goals, ambition, structural reset

in H2 — Resources & Values

Your financial picture and sense of personal worth are entering a new chapter. This lunation plants seeds around **income, resources, and what you truly value** — it's the moment to start building something that will grow steadily rather than chasing quick results. A practical new step in managing money, establishing a skill, or clarifying what security means to you personally will have lasting effects over the coming months.

○ Full Moon · Monday, 16 Jan

in ♋ Cancer

emotional culmination, family matters, inner needs surface

in H8 — Transformation

A deep transformation is reaching its peak. Something involving **joint finances, emotional power dynamics, or a significant inner change** is being exposed to full light. Secrets, buried feelings, or unresolved matters around shared resources may surface now with unusual intensity. This full moon asks you to **face something that has been avoided** — in money, intimacy, or your relationship with loss and change. What is released here genuinely frees you.

KEY DATES

Sun, 1 Jan New Moon in Capricorn

♅ Uranus ✕ Sextile ☉ natal Sun

♇ Pluto △ Trine ♂ natal Mars

Tue, 3 Jan ♂ Mars stations Retrograde

♀ Lilith enters ♊ Gemini

Mars stationing retrograde often brings **delays and restarts** in projects, work deadlines, and physical activities—things that felt urgent suddenly move slower or need reworking. People commonly notice they feel less pushy, more willing to **reconsider decisions** they made before, and sometimes **old conflicts or rivalries** come back up that need settling. In practical terms, this is a good time to **revise plans** rather than launch new ones, fix broken equipment, and handle any pending arguments you've been avoiding.

Sat, 7 Jan ♿ Mercury enters ♒ Aquarius

Mercury in *Aquarius* brings **clearer, more direct communication** — people tend to say what they actually think instead of softening their words, which works well in meetings but can feel blunt in casual conversations. At work and in friendships, you'll notice **more focus on logic and ideas** rather than emotions, making this a good time for problem-solving but a trickier period if someone needs emotional support. *Aquarius* also pushes thinking toward the **bigger picture**, so conversations shift from daily complaints to plans, systems, and what-if scenarios that feel more interesting but less immediately practical.

Sun, 8 Jan ♀ Venus enters ♐ Sagittarius

Venus in *Sagittarius* brings a **looser, more generous** approach to spending and dating, with people tending to say yes to invitations and expensive outings rather than staying home. In relationships and work, this transit makes **honesty and directness** feel more important than keeping the peace, so conversations become blunter and less filtered. Most people notice they **want variety** — sticking with the same restaurant, routine, or person feels boring — and they're more willing to try something unfamiliar or travel to a new place.

Mon, 9 Jan ♅ Uranus ✕ Sextile ☉ natal Sun

Tue, 10 Jan ♄ Chiron stations Retrograde

Chiron stationing retrograde tends to bring **old wounds or insecurities back into focus**, making you notice patterns you thought you'd moved past—in relationships, work, or how you handle rejection. During this period, **progress on healing or learning slows down**, and you may find yourself revisiting past failures or setbacks rather than moving forward with new skills or confidence. In practical terms, this is a good time to **review what didn't work before** and adjust your approach, though expect frustration if you're trying to push ahead quickly.

Wed, 11 Jan ♃ Jupiter ✕ Sextile ♃ natal Jupiter

Sat, 14 Jan ♃ Jupiter ✕ Sextile ♄ natal Saturn

Mon, 16 Jan Full Moon in Cancer

Tue, 17 Jan ♇ Pluto enters ♐ Sagittarius

Pluto in *Sagittarius* brings a **shift in what people believe and teach** — old rules get questioned, industries tied to information and education face upheaval, and you may find yourself **ditching outdated advice** that never really worked. In relationships and work, expect **deeper honesty about values**; people become less willing to fake agreement just to keep the peace, and conversations that stayed surface-level before now **dig into real disagreements**. The pattern is that **rigid certainty collapses** over this 20-year cycle — religions, political movements, publishing, travel, and higher education all experience pressure to transform or die out.

Thu, 19 Jan ♇ Pluto ♂ Conjunction ♅ natal Uranus

Sat, 21 Jan ☉ Sun enters ♒ Aquarius

♃ Jupiter △ Trine ♃ natal NNode

Sun in *Aquarius* brings a **shift toward independence** and a stronger need to do things your own way instead of following the usual pattern. At work and in conversations, you'll **notice people speak up more** about ideas that feel different or go against what everyone expects. In relationships and friendships, **distance often increases** slightly as people pull back to focus on their own projects and interests rather than staying close to the group.

Sun, 22 Jan ♃ Neptune ☐ Square ♅ natal Pluto

Mon, 23 Jan ♂ Mars enters ♌ Leo

Mars in *Leo* brings **direct, confident action** that people around you will notice right away — you speak up more often, take charge in meetings, and stop waiting for permission to try things. In relationships and at work, this transit **increases competition** and **ego clashes**, so you may find yourself arguing more or wanting credit for what you do. The practical shift is that you'll have real **energy and drive** to finish projects and take risks, but you'll also feel less patient with people who move slowly or don't acknowledge your effort.

Thu, 26 Jan ♿ Mercury stations Retrograde

When *Mercury* stations retrograde, **communication breakdowns and misunderstandings** become noticeably more common in daily life. Emails get lost, conversations get tangled, and people often need to **repeat themselves or clarify** what they meant the first time around. Travel plans, contracts, and tech devices tend to **glitch or require fixes**, so most people find themselves troubleshooting problems they thought were already solved.

Mon, 30 Jan ♅ Pluto ♂ Conjunction ♃ natal Uranus

Tue, 31 Jan ♃ Neptune ☐ Square ♅ natal Pluto

♁ Chiron ♂ Opposition ☉ natal Sun
