KEY TRANSIT FACTORS

☿ Mercury ☿ Quincunx ☾ natal Moon · peak 9 Dec ★

Right now your thoughts and your feelings are working at cross purposes, so you say one thing while sensing something different underneath. You might find yourself explaining yourself repeatedly to people because your words do not quite match what you actually feel, creating **awkward misunderstandings in conversations**. Over the coming weeks, paying attention to this gap between what you think and what you feel will help you communicate more clearly.

♊ NNode * Sextile ♊ natal NNode · peak 2 Dec

Over the coming weeks, you find it easier to **say yes to opportunities that align with what you actually want**, without overthinking or second-guessing yourself. People around you seem more willing to support your decisions, and doors open with less resistance than usual. This is a practical time to move forward on plans you've been considering, because your timing feels genuinely right.

♄ Saturn ☐ Square ☉ natal Sun · peak 21 Dec

Right now you feel less confident than usual and more aware of your limits. Your **self-doubt shows up in real ways** — you hesitate before speaking up, you second-guess decisions you would normally make quickly, and you notice people responding to this hesitation by taking the lead instead. This period asks you to do practical work on your confidence, not by ignoring the doubts but by acting despite them.

♅ Uranus ∟ Semi sextile ☉ natal Sun · peak 3 Dec

These days you feel **ready to try something different** without needing to blow up your whole life to do it. Small changes at work or home suddenly feel possible, and you notice you're less attached to how things have always been done. This is a good window to test out new routines or introduce fresh ideas that have been sitting in the back of your mind.

♄ Chiron ☿ Quincunx ♊ natal NNode · peak 10 Dec

Over the coming weeks, you feel pulled in two directions about your social role and where you fit in. You notice yourself second-guessing decisions about groups or communities you belong to, even though you usually know what you want. This **uncomfortable self-doubt** is temporary, and it often signals that some adjustment to how you present yourself socially is actually needed.

♊ NNode △ Trine ♄ natal Saturn · peak 26 Dec

Over the coming weeks, you find it easier to stick with difficult tasks and follow through on commitments without losing motivation. Your natural **ability to be reliable and practical** aligns smoothly with what you actually want to build right now, so responsibilities feel less like obligations. People notice you are more grounded and trustworthy during this period, and that reputation opens doors in work and personal relationships.

♄ Saturn ☉ Opposition ♆ natal Neptune · peak 27 Dec

Right now you are running into the gap between what you wish were true and what actually is, and it feels frustrating. You find yourself **doubting your own judgment** about situations that once seemed clear, or noticing that plans you had built on vague hopes are collapsing under practical pressure. Over the coming weeks, this clash between *Saturn* and *Neptune* will keep forcing you to choose between staying comfortable in uncertainty or doing the harder work of getting real information and making concrete decisions.

♆ Neptune ☉ Opposition ♃ natal NNode · peak 1 Dec

While this lasts, you may feel **unclear about which direction to take** in relationships or work, even when you normally have a clear sense of what matters to you. People around you might seem unreliable or send mixed signals, making it hard to know who to trust or what advice to follow. These weeks test your ability to stay grounded in what you actually know about yourself instead of drifting toward whatever feels easiest or most appealing.

♃ NNode △ Trine ♃ natal Jupiter · peak 31 Dec

These days you're naturally drawn toward people and situations that expand your world in practical ways. You find yourself **saying yes to opportunities** that normally would feel risky, and they tend to work out because you're reading social situations more accurately than usual. This is a good window to pursue something you've been putting off — a conversation, a course, a connection — because your timing and judgment are genuinely sharper right now.

♅ Uranus * Sextile ♆ natal Neptune · peak 1 Dec

You find yourself **more willing to experiment with creative ideas** that normally feel too risky or unconventional. Your intuition is working alongside practical thinking right now, so you can actually move forward on projects that blend imagination with real results. Over the coming weeks, you're likely to spot opportunities that others miss because you're comfortable holding two different perspectives at once.

♄ Chiron □ Square ♄ natal Saturn · peak 1 Dec

Right now you're noticing where you've built walls to protect yourself, and those same walls are making you feel trapped and isolated. You become **more critical of yourself and others**, expecting failure before you even try, which makes it harder to reach out or take reasonable risks. Over the coming weeks, this period pushes you to examine whether your caution is actually keeping you safe or just keeping you small.

♄ Saturn △ Trine ♀ natal Mercury · peak 1 Dec

Your thinking becomes more organized and methodical right now, making it easier to work through complex problems without getting distracted. You find yourself **naturally able to follow through on plans** and communicate what you actually mean instead of talking in circles. This period is ideal for learning something practical or finishing projects that require sustained focus and clear explanations.

♄ Saturn △ Trine ♇ natal Pluto · peak 31 Dec

You find it easier right now to **follow through on difficult changes** you have been putting off. Your practical side is working well with your ability to handle intensity, so you can tackle problems that usually feel too overwhelming. Over the coming weeks, you may notice you are more willing to do the hard work needed to transform something real in your life.

♄ Chiron □ Square ♃ natal Jupiter · peak 1 Dec

Over the coming weeks, your usual confidence in your abilities hits a wall, and you find yourself **doubting decisions you'd normally make without hesitation**. You may overcommit to plans or promises, then realize halfway through that you lack the resources or energy to follow through, leaving you feeling stretched thin. The mismatch between what you think you can do and what actually works in practice becomes impossible to ignore, forcing you to get honest about your real limits.

♇ Pluto □ Square ♀ natal Venus · peak 31 Dec

Your relationships feel strained right now as you become more critical of your partner or people close to you. You may notice yourself **withdrawing affection or testing whether people really care**, which often pushes them away further. Over the coming weeks, this pattern will force you to look honestly at what you actually want from your connections instead of settling for surface comfort.

♄ Saturn Rx · ♊ Gemini

Mental discipline and consistency in communication are being tested right now. Projects that require sustained intellectual effort may expose areas where your commitment has been shallow. Returning to half-finished work rewards you more during this period than starting fresh.

LUNATIONS

● New Moon · Wednesday, 4 Dec

in ♐ Sagittarius

new beliefs, expansion, broader horizons

in H1 — Self & Identity

A new cycle is opening around your sense of self and how you present to the world. This is the right moment to redefine how you want to be seen and to take deliberate steps toward a fresh start in your personal goals. **Physical changes, new habits, and shifts in your self-image** are all supported now. What you begin under this lunation has a direct impact on your confidence and direction for the next six months.

in ♊ Gemini

information peak, scattered focus, mental overload

in H7 — Partnerships

A significant relationship is reaching a turning point. Something between you and a **partner, collaborator, or significant other** is being fully illuminated — what's been working, what hasn't, and what needs to change. This full moon often brings a relationship decision to the surface: a commitment deepening, a conflict coming to a head, or a partnership reaching its natural conclusion. See clearly what's actually in front of you, not what you've hoped it would become.

KEY DATES

Sun, 1 Dec ♃ Neptune ☌ Opposition ♃ natal NNode

♅ Uranus ✳ Sextile ♃ natal Neptune

♄ Chiron □ Square ♄ natal Saturn

♄ Chiron □ Square ♃ natal Jupiter

Mon, 2 Dec ♂ Mars enters ♏ Scorpio

♃ NNode ✳ Sextile ♃ natal NNode

Mars in *Scorpio* brings **sharper focus** and **longer attention span** — people tend to stick with difficult projects instead of jumping between tasks. In relationships and work, you'll notice more **direct confrontation** of problems that were ignored before, which can clear the air but also creates tension if handled carelessly. *Mars* here makes people **dig deeper** into whatever they're doing, whether that's research, fitness routines, or figuring out why something isn't working.

Wed, 4 Dec New Moon in Sagittarius

Thu, 5 Dec ♃ Jupiter stations Retrograde

Jupiter stationing retrograde often brings a **pause in expansion plans** — job offers stall, travel gets delayed, or educational programs require extra paperwork. At work and in finances, this is when you'll notice yourself **reviewing past decisions** rather than pushing forward, and opportunities that seemed certain can shift or require renegotiation. Growth doesn't stop during this period, but it tends to happen **quietly through reflection**, and real progress usually resumes once *Jupiter* turns direct again.

Mon, 9 Dec ☿ Mercury enters ♏ Capricorn

♃ Neptune ☌ Opposition ♃ natal NNode

♅ Uranus ✳ Sextile ♃ natal Neptune

Mercury entering *Capricorn* shifts how you talk and think toward **practical results** — you'll notice yourself cutting out small talk and focusing on what actually matters at work or in conversations. People around you tend to **respect the directness** more during this time, even if your words feel plainer than usual, because *Capricorn* makes communication **efficient and honest**. At work especially, **planning and problem-solving** feel sharper; *Mercury* here rewards you for thinking several steps ahead instead of reacting on the spot.

Thu, 19 Dec Full Moon in Gemini

Sat, 21 Dec ♄ Saturn □ Square ☉ natal Sun

Sun, 22 Dec ☉ Sun enters ♏ Capricorn

The Sun moving into *Capricorn* shifts focus toward **getting results** and **building something real** — you'll notice people around you tightening routines, setting deadlines, and cutting away what doesn't work. At work and in projects, there's a **push for efficiency** over comfort, so meetings get shorter, decisions happen faster, and people care less about feelings and more about the bottom line. In relationships and friendships, expect **less small talk** and more honest conversations about what actually matters — this is when people check in on whether things are moving forward or just stalling.
