KEY TRANSIT FACTORS

♅ Uranus △ Trine ☾ natal Moon · peak 1 Feb ★

You feel oddly comfortable with change right now, even when it comes suddenly. Your **emotional reflexes are fast** — you notice what you actually want instead of what you think you should want, and that clarity helps you make quick practical decisions. Over the coming weeks, people around you will probably notice that you seem more relaxed about shaking things up, whether that means rearranging your home, trying a different routine, or having honest conversations you've been putting off.

♁ NNode * Sextile ♄ natal Saturn · peak 29 Feb ★

You find it easier right now to **follow through on commitments without getting sidetracked**, whether at work or in your personal projects. The practical support from *Saturn* meeting the direction of the *North Node* means you can actually stick to a plan instead of abandoning it halfway. Over the coming weeks, this steadiness helps you build real credibility with people who matter to you.

☿ Mercury ∟ Semi sextile ☉ natal Sun · peak 11 Feb ★

Right now your thinking becomes **clearer and more practical**, making it easier to solve small problems without getting tangled up in details. You notice yourself communicating more directly with people around you, which helps conversations flow better and cuts down on misunderstandings. Over the coming weeks, this mental clarity gives you a quiet confidence to handle tasks you've been putting off or thinking about too much.

☿ Mercury ∟ Semi sextile ♂ natal Mars · peak 13 Feb ★

Your thoughts are moving faster than usual right now, and you're picking up on details that normally slip past you. You find yourself more **decisive in conversation**, able to speak up about what you want without overthinking it. This is a good window to tackle practical problems or have direct talks you've been putting off, because your mind and your drive are working together smoothly.

☿ Mercury qx Quincunx ☾ natal Moon · peak 14 Feb ★

Right now your thoughts and your feelings are working at cross purposes, so you say one thing while sensing something different underneath. You might find yourself explaining yourself repeatedly to people because your words do not quite match what you actually feel, creating **awkward misunderstandings in conversations**. Over the coming weeks, paying attention to this gap between what you think and what you feel will help you communicate more clearly.

♆ Neptune □ Square ♅ natal Uranus · peak 5 Feb

You feel torn between wanting to break free from something and being unable to see clearly what needs to change. Your impulse to rebel clashes with confusion about which direction actually makes sense, leaving you **restless and indecisive**. Over the coming weeks, small frustrations can pile up as you second-guess decisions you thought were final.

♅ Pluto ☿ Quincunx ♁ natal NNode • peak 8 Feb

You feel pulled between what you want to do and what actually works right now, which can make decision-making awkward and frustrating. **You second-guess yourself more than usual**, especially about choices that affect your future or reputation. These days, sitting with this discomfort instead of forcing a decision will serve you better than rushing to resolve it.

♄ Saturn ☿ Quincunx ♂ natal Mars • peak 29 Feb

These days you feel a disconnect between what you want to do and what you think you should do, and this creates practical friction in your daily routines. You might start a task with energy but then second-guess yourself or hit unexpected obstacles that force you to slow down and reconsider. This awkward mismatch between your impulses and real-world constraints is temporary, but right now it's teaching you where your approach needs **more realistic planning** instead of just pushing forward.

♃ Jupiter ☿ Quincunx ♃ natal Jupiter • peak 28 Feb

Right now you are noticing a mismatch between what you want to expand in your life and what actually fits your current situation. You might feel pulled toward a new opportunity or ambition, but something about it does not quite align with your practical reality. Over the coming weeks, the adjustment you need to make will become clearer if you stop pushing and instead listen to what feels genuinely **workable** rather than just exciting.

♆ Neptune ☿ Quincunx ♃ natal Moon • peak 29 Feb

Your emotional needs feel out of step with what's actually happening around you these days, and this mismatch can leave you **restless and slightly dissatisfied** no matter what you're doing. You might find yourself wanting comfort or reassurance that doesn't quite arrive, or feeling emotionally tired without a clear reason why. Over the coming weeks, the practical solution is to check in with yourself about what you actually need right now, rather than waiting for circumstances to shift on their own.

♃ Jupiter ☿ Quincunx ♄ natal Saturn • peak 29 Feb

Over the coming weeks, you feel caught between wanting to expand and needing to play it safe. You might say yes to an opportunity at work or in a relationship, then immediately feel anxious about whether you can actually handle it. **This creates a practical tension where you're pulling yourself in opposite directions**, making it hard to commit fully to new plans or let yourself relax into them.

♄ Saturn ♃ Semi sextile ♃ natal Uranus • peak 7 Feb

These days you find it easier to act on your unconventional ideas without feeling rushed or reckless about them. Your **natural caution helps you test new approaches before committing fully**, which means your experiments with different ways of doing things actually stick around. Over the coming weeks, this steadier pace lets you build something real from the innovations you've been wanting to try.

♆ Neptune ♃ Semi sextile ♂ natal Mars • peak 1 Feb

Right now your usual drive to act is softened by a gentler, more intuitive approach to what you want. You find yourself **listening to your gut before charging ahead**, which actually helps you avoid wasted effort and see better options. Over the coming weeks, this combination of *Neptune* and *Mars* lets you pursue your goals with less force and more imagination, making your efforts feel easier even when you're working hard.

♅ Pluto ☐ Square ♄ natal Saturn • peak 1 Feb

You feel **trapped by your own rules** right now, as if the structures you built to keep yourself safe are suddenly too tight. You become more rigid and defensive about how things should be done, pushing back hard against anyone or anything that challenges your system. Over the coming weeks, you will likely experience real friction at work or in relationships because you cannot bend, even when bending would help.

♁ NNode ♊ Trine ♁ natal NNode • peak 29 Feb

Right now you find yourself **naturally moving toward people and situations that feel right for you**, without having to force or overthink the decision. You meet someone useful or stumble into an opportunity that aligns with what you actually want to be doing. This period supports you in following your instincts about where to put your effort, and doors tend to open when you do.

♂ Mars Rx • ♍ Virgo

Critical energy turns inward during this period, and self-criticism tends to be more active than productive action. Health, daily routines, and work habits come under scrutiny in ways that may feel more burdensome than useful. Small consistent efforts now build toward genuine improvement more reliably than sweeping overhauls.

LUNATIONS

○ Full Moon · Tuesday, 7 Feb

in ♌ Leo

recognition, drama, creative culmination

in H8 — Transformation

A deep transformation is reaching its peak. Something involving **joint finances, emotional power dynamics, or a significant inner change** is being exposed to full light. Secrets, buried feelings, or unresolved matters around shared resources may surface now with unusual intensity. This full moon asks you to **face something that has been avoided** — in money, intimacy, or your relationship with loss and change. What is released here genuinely frees you.

● New Moon · Wednesday, 22 Feb

in ♋ Pisces

intuitive reset, release, spiritual renewal

in H3 — Communication & Learning

Your mind is ready for new inputs and your communication style is shifting. This is an excellent time to **start a course, launch a project involving writing or speaking**, or open honest conversations with people in your immediate environment. Short trips, new learning experiences, and reconnecting with siblings or neighbors may carry unusual significance now. What you plant in conversation and learning at this point will take root in meaningful ways.

KEY DATES

Wed, 1 Feb ♂ Uranus △ Trine ☾ natal Moon

Sat, 4 Feb ♃ Neptune enters ♋ Pisces

Neptune in *Pisces* softens people's edges and makes them **more willing to help others**, even when it costs them time or money. At work and in relationships, you'll notice folks getting **hazier about boundaries** — what felt clear before now feels negotiable, which can lead to confusion about who owes what to whom. The pattern this creates is **easier compassion but harder follow-through**, so practical plans often shift as people prioritize feeling better over sticking to what they said they'd do.

Sun, 5 Feb ♃ Neptune □ Square ♂ natal Uranus

Tue, 7 Feb Full Moon in Leo

Wed, 8 Feb ♀ Venus enters ♈ Aries

♄ Saturn stations Retrograde

Venus in *Aries* tends to make people more **direct about what they want**, especially in relationships and social situations where they'd normally hold back. You might notice yourself **speaking up sooner** instead of waiting or overthinking, and others responding to that straightforward approach. At work and in friendships, this transit often brings **faster decisions** and less time spent on small talk or people-pleasing.

Mon, 13 Feb ♃ Neptune □ Square ♂ natal Uranus

Tue, 14 Feb ☿ Mercury enters ♋ Pisces

Mercury in *Pisces* makes your thinking **slower and less direct** — you'll notice yourself taking longer to find the right words, or changing your mind mid-conversation. In work and daily tasks, this transit rewards **intuition and pattern-spotting** over step-by-step logic, so you might solve problems by sensing what feels right rather than working through details. Relationships often improve because you're more **willing to listen without interrupting** and pick up on what people aren't saying aloud, though you may struggle to explain your own point clearly.

Sun, 19 Feb ☉ Sun enters ♋ Pisces

The Sun moving into *Pisces* shifts attention toward **listening and flexibility** for the next month, making people naturally more **willing to adjust plans** instead of pushing forward rigidly. At work and in relationships, you'll notice others become **harder to pin down** — deadlines slip, people change their minds, and vague agreements replace firm commitments, which requires patience rather than frustration. *Pisces* season softens the usual drive to compete or win, so **collaboration and going with the flow** tend to work better than direct pressure during this time.
