KEY TRANSIT FACTORS

☿ Mercury qx Quincunx ☾ natal Moon · peak 10 Dec ★

Right now your thoughts and your feelings are working at cross purposes, so you say one thing while sensing something different underneath. You might find yourself explaining yourself repeatedly to people because your words do not quite match what you actually feel, creating **awkward misunderstandings in conversations**. Over the coming weeks, paying attention to this gap between what you think and what you feel will help you communicate more clearly.

♆ Neptune qx Quincunx ♄ natal Saturn · peak 20 Dec

Over the coming weeks, you may notice your usual routines feel slightly off or harder to follow through on, even when you know what you need to do. Your **ability to stick to practical plans gets cloudy**, and you find yourself second-guessing decisions you'd normally make without much thought. This isn't a crisis—it's just *Neptune* making your sense of structure feel less reliable, so you may need to build in extra time and double-check details more carefully than usual.

♇ Pluto △ Trine ♁ natal Chiron · peak 23 Dec

You find yourself **naturally helping others with their struggles** right now, and people seem to trust you more easily than usual. Your own past difficulties suddenly feel less raw, which frees up your attention to actually listen and support the people around you. Over the coming weeks, this practical compassion becomes one of your strengths rather than something that exhausts you.

♄ Saturn △ Trine ♊ natal NNode · peak 9 Dec

Over the coming weeks, you find it easier to **follow through on decisions that matter to you** without second-guessing or getting distracted. *Saturn* trine your *North Node* gives you a practical calm that lets you build on what you've already started, one step at a time. People around you notice you're more reliable right now, and that steadiness actually opens doors instead of closing them.

♆ Neptune qx Quincunx ♃ natal Jupiter · peak 1 Dec

Over the coming weeks, you may find that your usual confidence about what's possible gets pulled in different directions, making it hard to commit to plans or decisions. You might notice yourself second-guessing opportunities that normally excite you, or feeling unclear about whether to expand something or hold back. These contradictions are temporary, and the practical thing to do is stay flexible and avoid locking yourself into major commitments while this lasts.

♄ Saturn * Sextile ♄ natal Saturn · peak 1 Dec

These days you find it easier to stick with your responsibilities without feeling weighed down by them. You can see practical results from the discipline you have built up over time, and this gives you real confidence in what you are capable of. Over the coming weeks, you are likely to follow through on commitments with less friction and to earn recognition from people who notice your reliability.

♋ NNode ☌ Opposition ☾ natal Sun · peak 31 Dec

Right now you're running into people and situations that challenge who you think you are. You feel **pulled in two directions** — between what feels familiar and comfortable about yourself versus what others expect from you or what new circumstances demand. This friction can make you feel defensive or uncertain, but it's forcing you to figure out which parts of your identity are actually yours and which ones you've just been carrying around.

♋ NNode ☌ Quincunx ♃ natal Mercury · peak 1 Dec

Over the coming weeks, you'll notice your usual way of explaining things doesn't quite land the way it normally does. People seem to need you to say things differently than feels natural to you right now, which can be **awkward and frustrating** in conversations. The mismatch between what you want to communicate and what actually gets understood will push you to find new ways of thinking about how you talk to others.

♃ Jupiter ☌ Semi sextile ♇ natal Pluto · peak 31 Dec

While this lasts, you find yourself **willing to take small risks that push you past old limits**. You feel a quiet confidence in your ability to handle situations that normally feel too big or demanding, and you naturally start saying yes to opportunities you would have avoided before. Over the coming weeks, this steady courage tends to open doors that lead to real personal or professional growth.

♋ NNode ☐ Square ♆ natal Neptune · peak 31 Dec

Right now you are drawn to **vague promises and unclear commitments** that later fall apart, leaving you frustrated and mistrustful. Your instinct to believe in people's good intentions keeps colliding with the reality that they have not actually committed to anything concrete. These days the gap between what you hope will happen and what people are actually willing to do feels wider than usual, and it is making you question whether you are naive or whether others are simply evasive.

♄ Saturn * Sextile ♃ natal Jupiter · peak 1 Dec

Right now you are more **willing to follow through on plans instead of abandoning them halfway**. The combination of *Saturn* and *Jupiter* means you can see the practical steps needed to make your bigger ambitions real, and you have the patience to stick with them. This is a good time to commit to something you have been thinking about for a while, because your confidence in the outcome is realistic rather than wishful.

♆ Neptune ☌ Quincunx ♋ natal NNode · peak 31 Dec

Over the coming weeks, you may find it harder to stick to your usual social routines and feel less sure about which people or groups really matter to you. Your sense of direction in friendships becomes **less clear and more fluid**, making it difficult to commit to plans or decide where you genuinely belong. This is a good time to notice which connections feel off or forced rather than act on those feelings right away.

♃ Jupiter ☌ Opposition ♀ natal Venus · peak 1 Dec

Right now you're spending money and making commitments faster than usual, and you're not feeling satisfied no matter what you get. You might overextend yourself socially or financially because you keep thinking the next thing will finally feel like enough. This period pushes you to notice where you're using purchases or relationships to fill an emotional gap that actually needs something else.

♃ Jupiter ☐ Square ♆ natal Neptune · peak 31 Dec

Right now you are **overestimating what you can achieve** and making promises you cannot keep. Your optimism is running ahead of reality, and you may find yourself committed to projects or goals that are actually beyond your practical reach. Over the coming weeks, disappointment will follow when you realize the gap between what you imagined and what is actually possible.

♅ Uranus ☌ Semi sextile ♄ natal Chiron · peak 26 Dec

These days you're noticing that your old vulnerabilities are becoming less raw, and you actually have the mental space to think about them differently. You're picking up on small practical shifts—maybe you're finally willing to try a new approach to something that used to trip you up, or you're seeing humor in a situation that once felt painful. This window won't last long, but it's giving you a real chance to experiment with new responses before you slide back into your usual patterns.

● New Moon · Friday, 11 Dec

in ♐ Sagittarius

new beliefs, expansion, broader horizons

in H1 — Self & Identity

A new cycle is opening around your sense of self and how you present to the world. This is the right moment to redefine how you want to be seen and to take deliberate steps toward a fresh start in your personal goals. **Physical changes, new habits, and shifts in your self-image** are all supported now. What you begin under this lunation has a direct impact on your confidence and direction for the next six months.

○ Full Moon · Friday, 25 Dec

in ♋ Cancer

emotional culmination, family matters, inner needs surface

in H7 — Partnerships

A significant relationship is reaching a turning point. Something between you and a **partner, collaborator, or significant other** is being fully illuminated — what's been working, what hasn't, and what needs to change. This full moon often brings a relationship decision to the surface: a commitment deepening, a conflict coming to a head, or a partnership reaching its natural conclusion. See clearly what's actually in front of you, not what you've hoped it would become.

KEY DATES

Tue, 1 Dec ♄ Saturn * Sextile ♄ natal Saturn

♄ Saturn * Sextile ♃ natal Jupiter

Sat, 5 Dec ♀ Venus enters ♏ Scorpio

Venus in *Scorpio* makes people **more direct and intense** about what they want from others, cutting through small talk and surface-level connection. In relationships and at work, you'll notice people asking harder questions, setting clearer boundaries, and **pulling back from anything that feels fake** or half-hearted. This transit typically brings **deeper focus** on a few close connections rather than spreading energy wide, and people tend to be more honest about money, loyalty, and what they actually need.

Wed, 9 Dec ♄ Saturn △ Trine ♁ natal NNode

Thu, 10 Dec ☿ Mercury enters ♑ Capricorn

Mercury entering *Capricorn* shifts how you talk and think toward **practical results** — you'll notice yourself cutting out small talk and focusing on what actually matters at work or in conversations. People around you tend to **respect the directness** more during this time, even if your words feel plainer than usual, because *Capricorn* makes communication **efficient and honest**. At work especially, **planning and problem-solving** feel sharper; *Mercury* here rewards you for thinking several steps ahead instead of reacting on the spot.

Fri, 11 Dec New Moon in Sagittarius

Sun, 13 Dec ♇ Pluto △ Trine ♄ natal Chiron

Sun, 20 Dec ♁ NNode ☌ Opposition ☉ natal Sun

Tue, 22 Dec ☉ Sun enters ♑ Capricorn

The Sun moving into *Capricorn* shifts focus toward **getting results** and **building something real** — you'll notice people around you tightening routines, setting deadlines, and cutting away what doesn't work. At work and in projects, there's a **push for efficiency** over comfort, so meetings get shorter, decisions happen faster, and people care less about feelings and more about the bottom line. In relationships and friendships, expect **less small talk** and more honest conversations about what actually matters — this is when people check in on whether things are moving forward or just stalling.

Wed, 23 Dec ♇ Pluto △ Trine ♄ natal Chiron

Fri, 25 Dec Full Moon in Cancer

Sat, 26 Dec ♅ Uranus stations Direct

Uranus turning direct after months backward means **stuck situations finally shift** — delays in tech, contracts, or unusual projects resume their forward motion. What felt **blocked or confusing** about your routines, friendships, or work systems becomes **clearer to act on** now that the planet moves the way it normally does. Most people notice they can **make real changes** instead of just thinking about them, whether that's switching jobs, updating systems, or ending relationships that went nowhere during the retrograde.

Wed, 30 Dec ♀ Venus enters ♐ Sagittarius

Venus in *Sagittarius* brings a **looser, more generous** approach to spending and dating, with people tending to say yes to invitations and expensive outings rather than staying home. In relationships and work, this transit makes **honesty and directness** feel more important than keeping the peace, so conversations become blunter and less filtered. Most people notice they **want variety** — sticking with the same restaurant, routine, or person feels boring — and they're more willing to try something unfamiliar or travel to a new place.
