KEY TRANSIT FACTORS

♃ Jupiter ☐ Square ♀ natal Venus

Right now you are **overestimating what others feel about you**, which makes you push harder for approval or affection than is actually welcome. You may spend more money on gifts or experiences hoping to win someone over, or say too much too soon in a new relationship because you feel so confident about the connection. When the other person does not respond with the same enthusiasm, you feel rejected and confused about where things went wrong.

♆ Neptune ∠ Semi sextile ♂ natal Mars

Right now your usual drive to act is softened by a gentler, more intuitive approach to what you want. You find yourself **listening to your gut before charging ahead**, which actually helps you avoid wasted effort and see better options. Over the coming weeks, this combination of *Neptune* and *Mars* lets you pursue your goals with less force and more imagination, making your efforts feel easier even when you're working hard.

☿ Mercury * Sextile ♁ natal Uranus

Your mind is working faster than usual right now, and you naturally spot connections others miss. You find it easier to explain unusual ideas clearly, and people actually listen instead of dismissing you as too different. This is a good window to **pitch new concepts at work, write up those unconventional plans, or have honest conversations about how you want to change things**.

♇ Pluto ☐ Square ♀ natal Venus

Your relationships feel strained right now as you become more critical of your partner or people close to you. You may notice yourself **withdrawing affection or testing whether people really care**, which often pushes them away further. Over the coming weeks, this pattern will force you to look honestly at what you actually want from your connections instead of settling for surface comfort.

♁ Chiron * Sextile ♃ natal Jupiter

You find it easier right now to talk about past disappointments without getting stuck in them. Your natural ability to look forward and find the practical lesson in what went wrong is stronger than usual. Over the coming weeks, this becomes a genuine resource—you can help others see their setbacks as useful information rather than permanent failures.

☉ Sun * Sextile ♂ Mars

Right now you find it easier to **take action on things you actually want** instead of sitting with them in your head. Your motivation and your confidence are aligned, so when you decide to do something, your body follows without the usual resistance. This is a practical window for starting projects, having difficult conversations, or pushing through work that needs momentum.

› Moon ♂ Conjunction ♀ Venus

These days you feel more **comfortable showing affection** to the people around you, and they respond by being warmer in return. Your *Moon* and *Venus* are aligned right now, which makes it easier to express what you actually care about instead of holding back. This is a good window for having honest conversations with someone you're close to, or simply spending time with people who matter to you without the usual self-consciousness.

› Moon * Sextile ♃ Jupiter

Right now you find it easier to talk about what you actually need and have people listen without defensiveness. Your **emotional honesty feels safer**, and others respond by being more generous and accepting in return. This creates a practical benefit: conversations that might normally stall or get complicated tend to move forward into real understanding.
