## KEY TRANSIT FACTORS

### ☾ Moon ☿ Quincunx ♆ natal Neptune ★

Over the coming weeks, you may find it harder than usual to trust your own feelings or to know what you actually want in a situation. Your mood and your practical needs seem to be pulling in different directions, leaving you **uncertain about which one to follow**. This confusion usually passes once the transit moves on, but while it lasts you might make decisions you later question or feel emotionally scattered without a clear reason why.

### ☾ Moon ☐ Square ♇ natal Pluto ★

You feel emotionally raw right now, and small frustrations hit harder than they normally do. Your impulse to control situations around you gets stronger, even though pushing usually makes things worse. These days you are likely to pick fights or withdraw completely, so watch for both patterns and try to sit with discomfort instead of acting on it.

### ☾ Moon △ Trine ♄ natal Saturn ★

Right now you find it easier to stick to what matters and let go of what doesn't, because your emotions are working with your sense of responsibility rather than against it. You show **natural follow-through** on commitments and don't feel as pulled by distractions or self-doubt. Over the coming weeks, people notice you're reliable and calm, and you can handle practical tasks without the usual inner friction.

### ♇ Pluto ☐ Square ☾ natal Moon ★

You feel unusually disconnected from people you're close to, as if you cannot quite let them comfort you the way you normally would. Your **emotional walls go up automatically**, and you may withdraw or push away support even when you need it. Over the coming weeks, this psychological distance can strain your relationships unless you notice what is happening and make an effort to stay connected despite the discomfort.

### ♀ Venus ☿ Quincunx ♁ natal Chiron

Right now you notice that **compliments or affection from others feel slightly off or hard to accept**, even when you know they're genuine. You might find yourself over-explaining why someone's kindness doesn't quite apply to you, or wondering if they really mean it. This awkwardness in receiving care tends to fade as the weeks pass, but while it lasts you'll do better by simply saying thank you rather than analyzing why you don't deserve the attention.

### ☉ Sun ♂ Conjunction ♀ Venus

These days you find it easier to ask for what you want and to say yes to invitations without overthinking. People around you respond well because you come across as **genuinely interested in them** rather than worried about how you look. This is a good window for making a request, starting a conversation you have been putting off, or simply enjoying company without the usual self-doubt getting in the way.

### ☉ Sun ☌ Conjunction ♃ Jupiter

Right now you feel more confident about your abilities and less worried about what could go wrong. You are **more willing to take on bigger challenges** and speak up in situations where you normally stay quiet. This period tends to bring real opportunities your way because you are actually showing up differently, not because of luck.

### ☾ Moon ☐ Square ♿ Mercury

Right now your **feelings and thoughts are working against each other**, making it hard to say what you actually mean. You might feel irritated or misunderstood because your emotions are moving faster than your ability to explain them. These days conversations tend to go sideways even when you're trying to be clear, because *Moon* and *Mercury* are pulling in opposite directions.
