KEY TRANSIT FACTORS

☉ Sun ☾ Semi sextile ♀ Venus ★

Right now you find it easier to notice what you like about people around you, and that makes your social interactions feel smoother. You're more likely to **compliment someone without overthinking it** or suggest doing something enjoyable together. This isn't a dramatic shift, but these days small acts of kindness and warmth come more naturally to you.

☉ Sun ☿ Opposition ♂ Uranus ★

Right now you feel a strong urge to break free from rules or routines that usually work fine, and this creates real friction with people around you. You might act impulsively or reject advice you would normally follow, making **sudden decisions without thinking through the practical consequences**. This period brings frustration because what you want to do conflicts with what actually needs to happen, and ignoring either side leaves you stuck.

♄ Saturn ♂ Conjunction ♂ natal Mars

Right now you're running into real limits on what you can push through by force alone. Your usual speed and confidence hit a wall, and tasks that normally feel easy now require patience and planning. Over the coming weeks, you'll notice that **slowing down and working methodically** actually gets you further than your usual drive does.

☾ Moon ☿ Opposition ♁ natal NNode

Right now you feel pulled toward what feels familiar and safe, which puts you at odds with what you actually need to develop. You may retreat into old habits or lean on people who reinforce your comfort zone instead of pushing you forward. This friction between what you want right now and what would genuinely help you grow will likely feel uncomfortable for the next week or two.

♇ Pluto ☿ Quincunx ♄ natal Chiron

You're noticing that old defensive patterns are not working the way they used to, and this discomfort is forcing you to pay attention to how you protect yourself emotionally. **You feel pressure to change something**, but the exact solution isn't clear yet, so you're stuck between what you know and what might work better. Over the coming weeks, this awkward feeling is actually pointing you toward a more honest way of handling your own pain and the pain you see in others.

♃ Jupiter ☾ Semi sextile ☉ natal Sun

You feel a quiet boost to your confidence right now, making it easier to speak up in situations where you'd normally hold back. People respond well to you at the moment because you come across as genuinely interested and **naturally encouraging**, which opens social and professional doors. This support from *Jupiter* touching your *Sun* lasts a few weeks and works best when you actually say yes to invitations and new opportunities instead of waiting for the perfect moment.

♂ Mars ☐ Square ♂ natal Mars

Right now you feel **irritable and quick to react** to small frustrations that normally wouldn't bother you. Your impatience makes it hard to work through tasks methodically, and you might snap at people or rush into decisions you later regret. This friction between what you want to do immediately and what actually needs doing tends to create conflict at work and at home over the coming weeks.

♄ Saturn Rx · ♄ Capricorn

Ambitions, career structures, and long-term goals are under the most rigorous review possible during this period. Work that has been sustained through discipline alone may now reveal where genuine motivation is missing. This is a demanding but genuinely clarifying period for honest assessment of your long-term direction.

☉ Sun ♂ Conjunction ♀ Mercury

These days your mind feels clearer and you're more likely to speak up about what you actually think. **You say things more directly** and people tend to listen because you sound confident. This is a practical time to have conversations you've been putting off or to explain yourself without second-guessing every word.
