KEY TRANSIT FACTORS

☉ Sun ☾ Semi sextile ♀ natal Venus ★

These days you feel more **genuinely comfortable around people**, and they respond to that ease in you. You're not trying as hard to impress anyone, which somehow makes your relationships run smoother and more naturally. This small but real shift in how you show up socially can help you strengthen connections that matter to you over the coming weeks.

☉ Sun ☿ Quincunx ♂ natal Mars ★

Over the coming weeks, you may notice that your usual way of getting things done feels slightly out of step with what you actually want to accomplish. Your drive and your sense of purpose are not quite aligned, which can leave you feeling **restless or mildly frustrated** even when you're being productive. The mismatch is not dramatic, but it's enough to make you second-guess your decisions or adjust your approach more often than usual.

☉ Sun ☐ Square ♃ natal Jupiter ★

These days you are **overestimating what you can accomplish** and taking on too much at once. You feel confident and expansive, but your actual capacity has not changed, so you end up stretched thin and frustrated when reality does not match your ambitions. The gap between your optimism and your real limitations creates practical problems at work or in your commitments that take weeks to sort out.

♁ NNode ☿ Quincunx ☾ natal Moon

Over the coming weeks, you'll notice your usual emotional comfort habits don't quite work the way they normally do. You might feel pulled toward new social connections or group activities that don't match your typical preference for familiar people, leaving you **restless and slightly off-balance**. The mismatch between what feels safe emotionally and what seems important to pursue socially will gradually push you toward small changes in how you relate to others.

☾ Moon ☉ Opposition ☿ natal Mercury

Right now your **thoughts feel scattered and hard to organize**, making it difficult to communicate what you actually mean to others. People around you may misunderstand your words or get frustrated because you're not explaining yourself clearly. Over the coming weeks, pay close attention to what you say before you say it, because your usual ability to think things through is temporarily offline.

♄ Saturn Rx · ♒ Aquarius

The structures supporting group goals, social commitments, and future-oriented plans are being honestly tested right now. Rules and systems that seemed useful may prove unnecessarily rigid under pressure. Distinguishing between structures worth preserving and those worth updating is the most useful work of this period.

☉ Sun ♂ Conjunction ♀ Venus

These days you find it easier to ask for what you want and to say yes to invitations without overthinking. People around you respond well because you come across as **genuinely interested in them** rather than worried about how you look. This is a good window for making a request, starting a conversation you have been putting off, or simply enjoying company without the usual self-doubt getting in the way.

☉ Sun ♁ Quincunx ♃ Pluto

Right now you might feel **out of step with your own needs**, as if what you want and what's actually happening don't quite match up. You notice yourself making small adjustments to stay in control of a situation, only to realize those tweaks aren't really working. This mismatch between your intentions and real results can leave you feeling frustrated until you accept that some things need to shift more completely than you planned.

☾ Moon ♀ Opposition ☿ Mercury

Right now your feelings and your thoughts are pulling in different directions, which makes it hard to say what you actually mean. You might feel upset about something but explain it in a way that sounds cold or defensive, so people don't understand what's really bothering you. This mismatch between what you feel and what you say creates **confusion in conversations**, and you'll likely need to circle back later to clear things up.
