## KEY TRANSIT FACTORS

### ♀ Venus ☌ Conjunction ♃ natal Jupiter

You feel more generous with your time and money right now, and people respond well to this openness. You're likely to say yes to social invitations, spend freely on things that bring pleasure, and **show up as warmer and more approachable than usual**. This window won't last long, so any goodwill you build or connections you strengthen during these weeks tend to stick around after the transit fades.

### ☿ Mercury ☐ Square ♇ natal Pluto

Right now your conversations tend to become intense and you dig into uncomfortable truths that others would rather leave alone. You feel compelled to **expose hidden motives and hidden problems**, which makes people defensive or angry with you. Over the coming weeks, this blunt way of communicating will cost you socially unless you learn to hold back what you think.

### ☿ Mercury ∟ Semi sextile ♆ natal Neptune

Right now your mind is picking up on things you normally miss, and you're finding it easier to **connect the dots between different ideas**. Your conversations have a natural flow to them these days because *Mercury* and *Neptune* are working together to make your words feel intuitive and gentle. Over the coming weeks this can help you explain complicated feelings or understand what someone else really means beneath what they're saying.

### ☿ Mercury \* Sextile ♄ natal Saturn

Your thinking becomes **clearer and more organized** right now, making it easier to plan projects and solve practical problems. You naturally focus on what actually matters instead of getting distracted, and people notice you're easier to talk to because you explain things well. This is a good time to handle details, write things down, or have conversations about serious topics since your mind and your ability to follow through line up perfectly.

### ☉ Sun ∟ Semi sextile ♆ natal Neptune

Right now you're picking up on subtle signals from people around you, noticing things others miss about their feelings and needs. This makes you **naturally more perceptive in conversations**, and people tend to open up to you without you having to ask much. Over the coming weeks this supportive quality can help you build closer connections, especially if you listen more than you talk.

### ♂ Mars **Rx** • ♋ Cancer

Aggression and frustration tend to be expressed passively or indirectly right now rather than directly. Domestic tensions that have been suppressed may surface during this period. Identifying what you actually want from a situation — before reacting — is more useful than it normally is.

### ☉ Sun ♂ Conjunction ♀ Mercury

These days your mind feels clearer and you're more likely to speak up about what you actually think. **You say things more directly** and people tend to listen because you sound confident. This is a practical time to have conversations you've been putting off or to explain yourself without second-guessing every word.

### ☾ Moon ♀ Semi sextile ♀ Venus

These days you find it easier to **say what you actually feel** without worrying so much about how it lands. The emotional and social parts of you are working together instead of against each other, so expressing affection or gratitude comes naturally. This is a good window for having honest conversations with people you care about without the usual awkwardness getting in the way.

### ☾ Moon ♂ Conjunction ♄ Saturn

Right now you're more aware of what you actually need versus what you think you should want, and you're less likely to chase feelings that don't hold up under real-world pressure. **You become more cautious and realistic about emotional commitments**, which means you might feel less enthusiastic but also less likely to make promises you can't keep. This period favors practical conversations about responsibilities and honest check-ins about relationships, even if they feel a bit heavy.

## LUNAR DAY

Moon in ♒ Aquarius · Day 2 / 30 · New Moon

**Emotional detachment increases** these days, making abstract discussions and group concerns feel more engaging than personal ones. People respond better to logic than to feeling right now, and the need for independence runs noticeably higher.
