KEY DATE

♂ Mars enters ♍ Virgo

Mars in *Virgo* pushes you to focus your energy on **details and efficiency** rather than big dramatic moves, so you'll likely find yourself fixing things, organizing workspaces, or solving small problems that pile up. At work and in relationships, this transit brings a **critical eye** — people become more direct about what isn't working and more willing to **do the unglamorous tasks** that actually get results. When *Mars* lands here, impatience with sloppy work or vague plans shows up quickly, so **clear systems and practical action** tend to win over charm or wishful thinking.

♇ Pluto stations Retrograde

When *Pluto* stations retrograde, expect **delays or reversals** in situations involving power, money, or control — contracts may stall, workplace dynamics shift, or financial decisions get reconsidered. *Pluto* retrograde typically brings **hidden information to light**, so old problems resurface and you notice patterns you missed before, especially around who has influence over what. Over the next months, **internal work matters more than external action** — pushing hard on big changes usually backfires, but reviewing past choices and adjusting your approach actually works.

KEY TRANSIT FACTORS

♇ Pluto ☌ Conjunction ♄ natal Saturn

You are experiencing a **crushing pressure to get serious about something you've been avoiding**. Right now, authority figures or consequences feel more real and harder to ignore than usual. Over the coming weeks, you'll likely find yourself building new structures or dismantling old ones that no longer work, whether that's in your work, relationships, or how you organize your life.

♃ Jupiter ☌ Quincunx ☿ natal Mercury

Right now your thinking feels scattered when you try to tackle detailed work or organize your thoughts. You may notice yourself making careless mistakes in writing or communication because your **attention keeps jumping between ideas** instead of staying focused. Over the coming weeks, double-checking your work and writing things down before speaking will help you actually complete what you start.

♁ Chiron ☐ Square ☾ natal Moon

Right now you're more aware of emotional wounds you usually ignore, and that awareness feels uncomfortable rather than helpful. You might find yourself **withdrawing from people or snapping at them unexpectedly** because your usual emotional coping methods aren't working. Over the coming weeks, this friction is pushing you to look at how you actually handle upset instead of just moving past it.

› Moon △ Trine ♀ natal Venus

Right now you're feeling more **naturally affectionate and open with people around you**, which makes conversations easier and warmer than usual. Your emotional needs and what you actually want from relationships are lining up for once, so you're less likely to hide what matters to you or settle for less. Over the coming weeks, this alignment makes it simpler to ask for what you need and to show care without overthinking it.

♁ Pluto ∟ Semi sextile ♁ natal Pluto

Over the coming weeks, you find yourself **making practical changes without the usual resistance** in areas where you normally feel stuck. Small shifts in how you approach difficult tasks or relationships happen naturally, almost without effort on your part. This is a good time to act on improvements you've been thinking about, because the psychological friction that usually holds you back feels noticeably lighter right now.

♂ Mars Rx · ♍ Virgo

Critical energy turns inward during this period, and self-criticism tends to be more active than productive action. Health, daily routines, and work habits come under scrutiny in ways that may feel more burdensome than useful. Small consistent efforts now build toward genuine improvement more reliably than sweeping overhauls.

☉ Sun ♂ Conjunction ☿ Mercury

These days your mind feels clearer and you're more likely to speak up about what you actually think. **You say things more directly** and people tend to listen because you sound confident. This is a practical time to have conversations you've been putting off or to explain yourself without second-guessing every word.

› Moon ♀ Opposition ♂ Mars

Right now your **irritability is running high** and small annoyances feel like major problems. People around you seem to trigger you faster than usual, and you may snap at them or pick fights without meaning to. These days the gap between what you feel and what you're actually able to do creates real frustration, so patience is thin on the ground for everyone.

› Moon * Sextile ♃ Neptune

These days you find it easier to notice what other people actually need instead of just hearing their words. Your **emotional radar works better**, so you pick up on sadness or worry someone is hiding, and you naturally want to help. This is a good time to listen more carefully or offer support without being asked, because people will feel genuinely seen by you.

LUNAR DAY

Moon in ♋ Pisces · Day 1 / 30 · New Moon

The boundary between personal and environmental moods blurs during this transit, making it easy to absorb the emotional state of whoever is nearby. Imagination and sensitivity both run higher, while clarity of thought and decision-making run lower for the next 48 hours.
