## KEY TRANSIT FACTORS

### ♅ Uranus ☾ Semi sextile ♂ natal Mars ★

You're noticing small windows of **creative restlessness** that actually help you break old habits without major disruption. *Uranus* is gently nudging your *Mars* energy sideways, so instead of forcing big changes, you find yourself naturally trying different approaches to familiar problems. Over the coming weeks, you'll discover that your usual way of doing things has room for improvement, and you're willing to experiment in ways that feel refreshing rather than risky.

### ♂ Mars ☍ Opposition ☉ natal Sun

Right now you're running into more resistance than usual, especially from people who see things differently than you do. You might feel **frustrated that others are blocking your plans** or disagreeing with your choices, even when you feel certain you're right. This friction won't last, but these weeks are asking you to slow down and pick your battles instead of pushing forward on every front.

### ♂ Mars ☌ Conjunction ♅ natal Uranus

Right now you feel a sudden urge to break free from routines that have been holding you back, and you're **more willing to take risks and act on impulses** than usual. You might start arguments about rules you've always resented, or suddenly quit something without a backup plan. This restless energy will pass in a few weeks, but while it lasts, the challenge is channeling this drive toward change instead of just creating chaos.

### ☉ Sun ☐ Square ♃ natal Mercury

Right now you're finding it hard to say what you actually mean, and people keep misunderstanding you even when you're trying to be clear. Your **thoughts feel scattered and your words come out wrong**, which makes conversations frustrating for everyone involved. Over the coming weeks, you'll need to slow down and write things out or repeat yourself more often, because your usual way of communicating just isn't landing.

### ♇ Pluto ☍ Opposition ♁ natal Chiron

Over the coming weeks, you are likely to feel **defensive about your vulnerabilities** in ways that push people away. Old wounds or insecurities that you normally manage quietly become raw and exposed, making you want to control how others see you. This psychological pressure can feel intense, but it often forces you to stop hiding what actually hurts and start addressing it directly.

### ♀ Venus Rx · ♈ Aries

Relationships feel competitive or impatient right now, and old romantic patterns tend to resurface. Impulsive decisions about love, money, or self-presentation made during this period often need correction afterward. What feels like a fresh start now is more likely a return to something unresolved.

### ☉ Sun ♂ Conjunction ♀ Venus

These days you find it easier to ask for what you want and to say yes to invitations without overthinking. People around you respond well because you come across as **genuinely interested in them** rather than worried about how you look. This is a good window for making a request, starting a conversation you have been putting off, or simply enjoying company without the usual self-doubt getting in the way.

### ☉ Sun \* Sextile ♃ Jupiter

These days you feel more **willing to take reasonable risks** and try things you've been putting off. People around you seem more generous with their time and help, making it easier to move forward on practical goals. This period brings a straightforward boost to your confidence without the pressure to overcommit or perform.

### ☉ Sun \* Sextile ♆ Neptune

Right now you find it easier to **notice what others need without them having to ask**, and people respond well to this attentiveness. Your practical decisions feel less rigid, and you can hold two opposite ideas at once without getting stuck. This period is good for creative work, counseling conversations, or any situation where you need to read between the lines.

## LUNAR DAY

Moon in ♊ Gemini · Day 6 / 30 · Waxing Crescent

**Social activity picks up** for the next day or two, with conversations starting easily but rarely staying on one topic. A general restlessness makes it harder to finish tasks or sit with one idea long enough to go deep.

## CLOTHING & JEWELRY

Friday · ♀ Venus · Venus in Cancer

Friday belongs to Venus — soft pink, rose, or pastel tones attract beauty and harmony. Rose quartz close to the heart enhances warmth and connection throughout the day.
