♊ North Node	in ♈ Aries	27°16'48"	II Rx
♁ Lilith	in ♊ Gemini	11°32'35"	IV

## KEY TRANSIT FACTORS

### ♅ Uranus ∠ Semi sextile ♂ natal Mars ★

You're noticing small windows of **creative restlessness** that actually help you break old habits without major disruption. *Uranus* is gently nudging your *Mars* energy sideways, so instead of forcing big changes, you find yourself naturally trying different approaches to familiar problems. Over the coming weeks, you'll discover that your usual way of doing things has room for improvement, and you're willing to experiment in ways that feel refreshing rather than risky.

### ☉ Sun ∠ Semi sextile ♀ Venus ★

Right now you find it easier to notice what you like about people around you, and that makes your social interactions feel smoother. You're more likely to **compliment someone without overthinking it** or suggest doing something enjoyable together. This isn't a dramatic shift, but these days small acts of kindness and warmth come more naturally to you.

### ♁ Chiron ∠ Semi sextile ♂ natal Mars

These days you're finding it easier to **speak up about what you actually need** instead of pushing through on your own. You're noticing that asking for help or setting a boundary doesn't drain you the way it used to. This quieter confidence is showing up in conversations at work and in your relationships, making things feel less exhausting overall.

### ♅ Uranus ∠ Semi sextile ♃ natal Jupiter

These days you're picking up on new possibilities that others around you haven't noticed yet, and your **natural optimism makes you willing to try them**. A small opportunity in work or learning might appear suddenly, and you'll have the confidence to act on it without overthinking the risks. Over the coming weeks, this forward momentum helps you feel less stuck in old routines and more curious about what comes next.

### ☾ Moon △ Trine ♃ natal Mercury

These days your **thoughts come through more naturally when you speak**, and people listen without interrupting you as much. Your mind feels less tangled, so you can explain what you actually mean instead of getting frustrated halfway through. This is a good window to have conversations you've been putting off, since you'll find the right words without forcing them.

### ☉ Sun ☿ Quincunx ♊ natal NNode

Right now you feel **pulled in two different directions** about what you want to do with your time and energy. Part of you wants to keep doing what's familiar, but another part senses you should be moving toward something new. This awkward feeling usually passes in a couple of weeks, but while it lasts you may second-guess decisions or feel restless about the direction you're heading.

### ☉ Sun ∠ Semi sextile ♃ Mercury

These days you find it easier to **say what you actually think** without overcomplicating things or getting stuck in your own head. Your mind and sense of purpose line up naturally, so explaining yourself to others feels straightforward rather than exhausting. This is a good window for conversations, presentations, or decisions where you need to be both clear and confident about what matters to you.

☉ Sun ☐ Square ♄ Chiron

Right now you are more aware of your own weak spots and past hurts, which makes it harder to feel confident in what you're doing. You might find yourself **second-guessing your choices** or feeling like you're not good enough, even when you're performing well. This psychological self-doubt is temporary, but it takes real effort to push through it and keep moving forward.

★ = natal resonance — this transit echoes your birth chart, amplifying its influence

LUNAR DAY

Moon in ♏ Scorpio · Day 4 / 30 · New Moon

**Psychological intensity rises** for the next 48 hours, and surface-level talk becomes noticeably less satisfying. People read into what others leave unsaid more than usual, and private matters feel more pressing.

CLOTHING & JEWELRY

Thursday · ♃ Jupiter · Venus in Cancer

Thursday is Jupiter's day — deep blue or royal indigo invites expansion and optimism. Amethyst worn as a ring or necklace supports wisdom and measured confidence.
