KEY TRANSIT FACTORS

♇ Pluto ☿ Opposition ☉ natal Sun

Right now you feel like people are questioning your authority or pushing back against decisions you would normally make without hesitation. You may find yourself **defensive about who you are**, or noticing that your usual confidence in your own judgment has become shaky. Over the coming weeks, situations at work or in relationships will force you to examine whether you are actually as much in control as you thought you were.

☉ Sun △ Trine ♀ natal Venus

Right now you find it easier to like yourself and feel comfortable in your own skin, which naturally makes other people want to be around you more. You're less critical of your flaws and **more accepting of who you are**, so conversations flow better and you come across as genuinely relaxed instead of trying too hard. This period is ideal for repair work in relationships, starting something new socially, or simply enjoying the company of people you care about without the usual second-guessing.

♀ Venus △ Trine ♁ natal Chiron

You find it easier to talk about things that usually hurt, and people actually listen without judgment. Your **openness about past disappointments** feels safe right now, and you notice others responding with real compassion instead of awkwardness. This period gives you a chance to connect with people over shared struggles in a way that strengthens your relationships.

♇ Pluto ☿ Conjunction ♄ natal Uranus

You feel a strong urge to break free from situations that feel restrictive, and you may act on this impulse more suddenly than usual. Your tolerance for routine and compromise drops noticeably, making you **impatient with anything that feels like control**. Over the coming weeks, expect tension in relationships or work if others don't understand why you need to change direction so quickly.

♄ Saturn qx Quincunx ♂ natal Mars

These days you feel a disconnect between what you want to do and what you think you should do, and this creates practical friction in your daily routines. You might start a task with energy but then second-guess yourself or hit unexpected obstacles that force you to slow down and reconsider. This awkward mismatch between your impulses and real-world constraints is temporary, but right now it's teaching you where your approach needs **more realistic planning** instead of just pushing forward.

♃ Jupiter Rx · ♌ Leo

Creative confidence and the desire to be seen or celebrated retreat inward during this period. Projects that were expanding boldly may need a quieter phase of consolidation and honest self-review. Evaluating what you are genuinely proud of versus what requires more work is the most honest use of this time.

☉ Sun ☐ Square ♄ Saturn

Right now you're running into real obstacles when you try to move forward with what you want. **You feel blocked by rules, other people's expectations, or your own self-doubt**, and pushing harder usually just makes things worse. The practical thing to do is slow down, check what's actually realistic, and accept that some goals need more time or a different approach.

☉ Sun ☐ Square ♇ Pluto

Right now you feel **pushed to prove yourself** in ways that feel uncomfortable or unnecessary. Everyone around you seems more irritable, defensive, or bent on getting their way without compromise. This period brings out the part of you that resists being told what to do, and small conflicts can quickly turn into power struggles.

☾ Moon ☒ Quincunx ☿ Mercury

At the moment your *Moon* and *Mercury* are at odds, which makes it hard to say what you actually feel without overthinking it first. You might notice yourself **second-guessing your own reactions** or explaining your emotions in ways that don't quite fit the actual situation. This awkward angle between emotion and thinking tends to create mild frustration until you accept that some feelings just don't translate neatly into words.

LUNAR DAY

Moon in ♌ Leo · Day 12 / 30 · Waxing Gibbous

The social atmosphere becomes more expressive these days, with people more willing to share opinions and put themselves forward. The need to feel appreciated surfaces in small ways — a slower response to criticism, a stronger preference for being noticed.
